White Men must Rule!
NEW YORK DAY-BOOK
FOR 1866.

THE DAY-BOOK proposes to stand in the future, as in the past, upon the great doctrine that this is a WHITE MAN'S GOVERNMENT on the basis of a FEDERAL UNION, and it desires to be distinctly counted out of that class of journals which propose to surrender Democratic principles to a cowardly public clamor. It aspires to no higher honor than to be the organ of the great AGRICULTURAL CLASSES of the country against the public plunderers of all parties, who now, through banks, tariffs, taxes and free negroism, are striving to crush them. THE DAY-BOOK, or its substitute, THE CATCHMAN, for four long and bloody years, kept the flag of State Rights and Constitutional Liberty flying at a great pecuniary sacrifice, in New York, and at a time, too, when it had no other journal to keep it company. It has not, therefore, been printed merely to make money, but has chosen rather to be *right* and with the *people*, than to court the favor of cliques and rich railroad corporations and be *wrong* with the few. It might have been better off pecuniarily, but it would have been sadly bankrupt in principle had it taken any other course. It does not now mean to run a competition with shoddy Democratic or Abolition papers, supported by political funds robbed from the people, and it warns the masses that there are many so-called Democratic papers engaged in the conspiracy to mortgage the bones and sinews of the farming and industrial classes to bondholders and capitalists, and surrender the old Union and the old Constitution to the Mongrelists. It, therefore, calls upon all true men to stand by it for another year's fight with the Abolitionists, monopolists and public plunderers. The DAY-BOOK is now recognized as the LEADING DEMOCRATIC WEEKLY OF THE COUNTRY, and has THE LARGEST CIRCULATION OF ANY PUBLISHED, being the only New York paper of its class made up as a FAMILY and AGRICULTURAL Journal.

Expressly for Country Circulation.

LAND is in a fine state of cultivation—having been boned and limed—is capable of producing two tons of hay, or eight or ten barrels of corn, per acre.

This farm is eligibly situated on public roads, eighteen miles from Georgetown, D. C. and two miles from the Chesapeake and Ohio canal, and four from the proposed Railroad from the Point of Rocks to the District.—FLOURING MILL on the same tract, affording a ready market for all grain grown on the farm.

The Canal and Railroad offers facilities for getting fertilizers, and lime can be procured at a cost of 12½ cents per bushel. There is a surplus of WOOD on this Tract, sufficient to pay for all lime and improvement on the farm. Churches, schools and post-offices within two miles of the farm.

THE SAW MILL is equal to any in the county, or elsewhere.

All the Gearing throughout the Flouring and Saw Mill is Cast Iron. For durability and elegance of finish, it is equal to any mill in the State.
