NEW-YORK, August 11.

Information Wanted.

☞ The Editor of the Citizen has thoughts of writing, at his leisure, a Biography of General Hamilton. This would comprise a *history* of our *federal* politicks.

It has been frequently asserted (and I have joined in the assertion) that General Hamilton proposed in the convention in which the federal constitution originated, a plan of government of a *monarchical nature*. If this be true, its truth ought to be *known*; if false, its falsity ought to be established. This is due to the memory of the deceased. *Authentic* information by letter (post paid) will thankfully be received.
