Roanoke ban lifted, Colts face issue anew in Norfolk

ROANOKE, Va. — The Baltimore Colts received the green light to go through with their exhibition football game in segregated Victory Stadium here tomorrow (Saturday) night.

But the indication is that their respite from racial friction is only temporary.

On August 26, the former world champions are booked to engage the lily - white Washington Redskins in Norfolk, Va., and the same prevails in the Tidewater city.

• • •

THE ROANOKE Chapter of the NAACP late Wednesday, withdrew requests to Lenny Moore, Joe Perry, etc., to bypass the game here with the Pittsburgh Steelers Saturday night, following a lengthy conference with officials of the Colts and other interested parties.

The Rev. R. R. Wilkinson, president of the local branch of NAACP, agreed to withhold objection to participation by six members of the Colts and 12 players on the Steelers.

He took the action in deference to an appeal by National Football League commissioner Pete Rozelle.

• • •

EARLIER, the Rev. Mr. Wilkinson had sent telegrams to Moore, Perry and Buddy Young of the Colts public relations staff, urging them not to take part in the game because spectators are being segregated in Victory Stadium.

Similar wires were sent to Big Daddy Lipscomb, John Nisbyof the Steelers.

Other players who would have been involved were: John Sample, Jim Parker, Sherman Plunkett and Bob Harrison of the Colts; and Jim Palmer, George Balthazar, Len Burnett, Brady Key, Charlie Scales, Willie Simpson, Overton Curtis, Fred Williamson and Wilbert Scott of the Steelers.

• • •

THE BALTIMORE team dispatched President Don Kellett, publicist Herb Wright and Young here Wednesday morning to meet with representatives of the promoting Chamber of Commerce and the NAACP head.

Pittsburgh sent Ed Kiely, director of publicity for the Steelers.

After five hours' deliberation, no settlement had been reached in the dispute.

Then, in a compromise arrangement, the Rev. Mr. Wilkinson and others involved agreed to place the matter in the hands of the football commissioner.

All said they would abide by his decision.

• • •

WITHIN AN HOUR the following statement was issued by Rozelle from his New York office:

"The position of the Rev. R. R. Wilkinson, president of the NAACP of Roanoke, is appreciated and it is felt that the segregation law is repugnant to the American way of life, and although Rev. Wilkinson is not completely satisfied, I feel, because of the charity involved, there will be a real benefit to the children of all races and the game is to be played with all players participating.

"The worthy cause and the hope of early court settlement of matters of this type permits the teams to play.

"This incident has focused the attention of the National Football League on the unhealthy condition existing in cities of this type.

"I am hopeful that in future seasons clubs of the National Football League will not play games to segregated audiences."

SIMULTANEOUSLY, how-

Loss of 8 regulars dims outlook for 1961 Hawks

PRINCESS ANNE, Md. — Maryland State College football coach "Skip" McCain is glum these days.

The Eastern Shore flock will be without eight of last years' starting varsity. These men were lost via graduation or by directives from the Dean's office.

Ironically, the only team to stop the Hawks last season is the aggregation scheduled for the opener, Southern Connecticut State College, September 30, in the Capital Classic, at Washington, D.C.

• • •

GONE TO professional teams are Bill "Ghostie" Gray to the "Roughriders" (Canada), Hal Gray to the Titans (New York), John Hobbs to the "Broncos" (Denver), and five others of last years' starting lineup.

Holdover star is Harry "The Whip" Brown, former Spingarn High (Wash., D.C.) quarterback and the Hawk fireman will be throwing with a vengeance.

Annually the forward pass has been a McCain lethal weapon and with possibly the fleetest backs in the conference, the Hawks must be reckoned still dangerous.

• • •

BRIGHT SPOT in the Hawk attack is the return of Charlie Holmes. The 230 pound fullback of All C.I.A.A. calibre is undeniably the most devastating runner that McCain has coached since arriving in the shore thirteen years ago.

With Bill Johnson and Willie Joyner, both Marylanders, the Hawk power attack is in good hands. Prime target for Brown's totses is sure to be William Borders, another Washington, D.C. lad whose circus performances last season made him a crowd favorite.

Frozen foods free women from kitchen drudgery

The greatest labor saving products yet discovered, frozen foods, are being featured May 13 through May 20 during National Frozen Food Week. Producing them in quantity since 1930, manufacturers of frozen foods have been constantly improving and developing new means to free the woman from kitchen drudgery.

To serve garden fresh vegetables, the modern housewife no longer has to expend great amounts of energy in preparation. Not only are their days of shelling peas, dicing carrots and peeling potatoes over, but gone also are the bulky bags of peelings, shavings and other leavings.

All that is left after preparing these foods is an easily disposable carton or plastic bag. The convenient packaging of frozen produce also permits easy storing and eliminates most worries of spoilage and leftovers.

MORE THAN 2.5 BILLION retail dollars spent on frozen foods annually is an indication of the awareness of modern homemakers of the advantages of using frozen foods. With these products, well-balanced meals can be prepared in as little as 10 minutes with very little fuss or bother.

Nearly 1,000 firms are packaging and freezing more than 2,000 varieties of foods from soups to heat-and-serve dinners. A pioneer in frozen food convenience items, Safeway Stores, Inc., actually searches all domestic and principal world sources for exotic foods.

Through a continuing program of research, Safeway is developing new techniques for producing frozen items. Because Safeway maintains rigid quality control standards, it has established a solid reputation in processing and packaging frozen foods.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.
Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all, this improvement was maintained in cases where a doctor's observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
