Just how 'qualified' does a sepia appointee have to be?

PHILADELPHIA

A nasty word is appearing with increasing frequency in the private and public statements of race leaders and politicians which will eventually redown to the interests and ulterior motives of those they are really trying to convince. That word is "qualified" and much overworked here of late.

Even erudite operators like Philadelphia's NAACP president, Leon A. Higginbotham Jr. and old campaigner, Hobson Reynolds, grand exalted ruler of the IBPO Elks of the World, fall into this semantics trap whenever discussing appointments of colored people to political posts.

This observation was prompted by a release sent out by the lodge this week which said in part:

"Hobson R. Reynolds, grand exalted ruler etc. in a letter to Governor David Lawrence and the leaders of the Democratic and Republican parties said that the 1962 state elections would be decided by the colored vote in the metropolitan areas and the parties must NOMINATE A QUALIFIED colored person for a state - wide office." (The caps are mine).

Just what do we mean by "qualified" colored person. Do we ever hear the word "qualified" used when we are talking about the other race. Is its not a natural assumption that the person selected would be reasonably qualified?

We just wouldn't go to the Hod Carriers hiring hall looking for certified public accountants.

• • •

WHEN A lawyer is being considered for a judgeship, for instance, is it not taken for granted that he has the necessary qualifications having passed the state bar and met the other requirements of his trade.

What special qualifications would a Leon Higginbotham, for instance, have to possess to be a judge that Jim Snoozlefritz, white, does not have?

This, of course, may not be the ideal example, because in Higginbottom's case he just happens to be a product of Yale and one of the able men of the local bar. How much more qualified could he get?

When we use the term "qualified" as an additional adjective do we not confess that we suffer from an inferiority complex caused by white brainwashing which even makes colored people themselves admit sub - consciously that we admit by and large that we are not quite as good as our opposite numbers in the white group —but we have a few exceptional geniuses among us who can measure up if we look long and hard enough? I think this is pure bunk.

It stands to reason that if a political boss picks old Sam who waited on him at the Rotary Club for an important post because he liked the way Sam grinned the result will be goof off. But if an appointment is made on merit —that is the same standards set for others the outcome should be reasonably satisfactory.

I do not mean to disparage special attainments or underestimate the value of superior training. I merely ask why our spokesmen help to propagate the idea that if a white person can hold a job with a sixth grade education, why must a colored appointee have to have a Ph.D. to be "qualified" for the same post?

When the politicians are handing out jobs to white bums then give some jobs to our bums too.

"GOSH, FELLAS, YOU SHOULDN'T HAVE"—And White House Associate Press Sercretary Andrew T. Hatcher expresses his thanks upon receiving the John Russwurm award from the National Newspaper Publishers Association. Sharing his pleasure is a well-known American, John F. Kennedy, and members of the NNPA who made the presentation at the White House, Chicago Defender publisher John Sengstack, Philadelphia Tribune, E. Washington Rhodes, and AFRO-AMERICAN Newspapers president John H. Murphy, III.

,I had to mess that boy up...,

"I had to mess that boy up on account of a fight we had Saturday night."

According to police, that was the statement of a youth who witnessed the fatal stabbing of a popular Douglass High School senior last November 5.

In Central Municipal Court Tuesday, three teenagers were held without bail for the death of Marshall Clark, 17, of the 200 block McMechen St. They were:

Johnny C. Cooper Jr., 16, of the 2200 block Callow Ave.; Mitchell Blackwell, 18, of the 700 block W. North Ave.; and Leon Marshall Queen, 15, of the 2200 block Eutaw Pl.

Charges against a fourth youth were dismissed by Judge John A. McGuire.

• • •

TESTIMONY AT the preliminary hearing was given by Wiley Thompson, 18, of the 1200 block W. North Ave.

The youth said that he and Clark had just taken a girl to her home in the 1800 block Madison Ave. when they were accosted by a group of boys on Robert St. near Eutaw Pl.

Following an exchange of offense remarks, Clark was stabbed but managed to walk a half block before collapsing Thompson said.

When asked in court to identify one of the youths allegedly involved in the stabbing, Thompson looked at one of the four defendants and said, "It looks like him."

• • •

STATEMENTS from each of the defendants were introduced.

All said they were coming from a Pennsylvania Ave. theatre when they met Clark and Thompson.

Two of the youths said they got out of the way when they saw there was going to be a fight.

Cooper is alleged to have declared in his statement, "I stabbed him because I thought he was going to start a fight."

• • •

IN ONE other homicide case at Central, Ellis D. (Cornbread) Bland, 29, of the 500 block W. Preston St. was denied bail in the fatal stabbing of Charles Knight, 44, of the 100 block S. Parkin St.

Mr. Knight was stabbed in the chest last December 12 when Bland stopped at his home to visit his (Bland's wife) police said.

2 officers dismissed —sleeping

RICHMOND

Two Churchill police officers, Frank E. Bebbs and L. O. Johnson, were dismissed from the Force Jan. 24, on charges of sleeping on duty.

The men said Tuesday that they have appealed their release, and asked for a hearing by the City Personnel Board.

Police Chief John R. Wright said that the patrolmen had been caught asleep while assigned to overnight protective guard duty of a house which had suffered a severe fire, the furnishings therefore being exposed to public looting and vandalism

• • •

THE PROCEDURE for disciplinary action against a policeman begins with a recommendation from his commanding officer, to the police chief, then to the director of public safety, thence to the personnel office, thence to the city manager.

It does not become final until the city manager passes on the recommendation.

IN THIS CASE, the police chief was notified on Jan. 24 that the city manager had upheld the recommendation for dismissal of officers Bebbs and Johnson.

Mr. Bebbs had served on the Force since Sept., 1957; and Mr. Johnson, since June, 1959. They happen to be brothers - in - law, both living in the 2400 block N. 28th St.

2 diners drop bar in county

WASHINGTON

Two restaurants in Prince Georges County are serving all as a result of sitdown action by College Park CORE and the County NAACP, whose new officers will be installed at a mass meeting Feb. 11.

Places now open to all are Lido's Restaurant on University Blvd, Adelphia, and Park College Diner on Baltimore Blvd., Lakeland Area, according to the Rev. Perry . Smith, president of the County NAACP and a member of CORE.

"There will be more direct non - violent action," the Rev. Mr. Smith said.

The two restaurants were among 12 in the County which were recent targets of the sitdown movement, he stated. Several were arrested during a series of protests against discriminatory practices, but charges were dropped against all but four.

• • •

THE MASS meeting is set for 4 p.m., Feb. 11 at Fairmont Elementary School, Addison and Sheriff Rds., and will be addressed by Furman Templeton, director of Baltimore Urban League.

Other speakers will be Phillip Savage, NAACP field director; Berkeley G. Burrell, vice president of the National Business League, and Douglas Sands, executive director of Maryland State Commission on Interracial Problems and Relations.

Also, Carlton Sickles, state assemblyman and candidate for Congress.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H®. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

BEST BUYS:

Citrus and apples in budget spotlight

Citrus and apples hold the spot light on the winter fruit market.

The alert shopper will take advantage of the high quality citrus featured at the fruit counter says, Virginia McLuckie, Food Economist, Baltimore Office, University of Maryland Department of Markets.

• • •

THE BEST BUYS are found in grapefruit and temple oranges. When you shop for citrus fruit look for the following quality points: Firm and heavy for its size for a large amount of juice; Free from mold or soft spots for little waste and sweet flavor; Smooth skinned.

The skin should be thin for the variety for a high juice content. Pleasing odor to avoid over - ripe fruit. At home citrus fruits keep best when stored at refrigerator temperatures. To prevent the development of bruises and decay, keep the fruit dry and spread out.

YOUR SELECTION may be made from Marsh seedless, Duncan seeded or pink grapefruit either seeded or seedless. The Florida crop supplies us with most of the grapefruit we use during winter months.

Because of the larger crop this year remaining supplies are about ten per cent larger than last year.

Temple organges are a variety that is becoming increasingly popular. It is generally regarded as a fine eating orange. It peels and sections easily and has a rich spicy flavor. Temple oranges have a deep orange color, oval shape and sometimes a pebbly skin

The importance of using citrus daily is to supply Vitamin C which can not be stored up in the body. One half grapefruit or one and one half medium size oranges will supply recommended daily allowance of Vitamin C of 70-75 milligrams for an adult.

Breakfast is the best time to get this Vitamin C into the family diet because the refreshing citrus flavor seems to start the day with zest.

• • •

APPLES ARE in liberal supply. The best buy is the ten - pound bag unit. More apples have gone into controlled atmosphere storage this year. Since apples in such storage tend to hold their condition better than storage, they can be marketed more orderly throughout the first half of the year. Select from the following varieties, Red and Golden Delicious, Staymans, McIntosh and Romes.

• • •

THE PRODUCE counter offers white potatoes, spinach and kale as the best buys. White potatoes have been in plentiful supply this fall and winter. If you have proper storage the twenty-five pound bag is the best unit to buy. The spinach and kale are coming mostly from nearby Virginia.

Use these dark green leafy vegetables generously in winter meals. Florida tomatoes are moderately priced.

• • •

THIS IS the season of the year when large size eggs are in greatest supply. On a pound basis large eggs give the most value for the money. Grade A Large Eggs are the best buy.

Winter months are the heavy marketing seasons for pork. Fresh pork shoulders are recommended. Pork is one meat that must be thoroughly cooked before eating. Allow plenty of time, and keep a temperature low in cooking to hold shrinkage to a minimum and to produce a moist tender meat. Apples served with pork inhance the flavor.

Recommended at the fish counter is sword fish.

• • •

ORANGE DELIGHT Cake is made with one large orange, one cup dates or raisins, one-half cup nuts, two cups pastry flour, one cup sugar; one teaspoon soda, one teaspoon salt, one cup milk, one-half cup shortening, two eggs; one - third cup sugar, one teaspoon cinnamon and one - fourth cup chopped nuts.

Extract one - half cup juice from orange, save for topping. Grind together remainder of the orange, dates, and nuts. Sift flour, measure and sift into mixing bowl with sugar, soda and salt.

Add shortening and three-fourth cup milk. Beat at medium speed for 2 minutes, scraping the bowl often. Add eggs, remaining milk and orange - date mixture. Bake in a greased 2x9x13 inch pan at 375 degrees F. for about 30 minutes.

Pour orange juice over warm cake. Combine sugar, cinnamon, and nuts and sprinkle over cake.

Chili Burgundy

Cold weather demands robust food. That's the category for Chili Burgundy, a wine - flavored mixture of beef, red kidney beans and tomatoes.

A Burgundy or Claret wine from California is a good choice both for seasoning the food, and complimenting it as the mealtime beverage.

CHILI BURGUNDY is made with one-half cup finely chopped onion, one clove garlic, minced, one pound ground beef chuck, one tablespoon cooking oil, one-fourth cup hot water, one to one and one-half tablespoons chili powder, one (one - pound) can tomatoes, one teaspoon salt, one teaspoon dried oregano, one teaspoon dried basil, one half cup California Burgundy, Claret or other red dinner wine, and one (one pound, eleven ounce) can red kidney beans.

Cook onion, garlic and beef in heated oil until lightly browned. Stir hot water into chili powder; add to meat mixture along with tomatoes, salt and herbs. Cover and simmer over very low heat 45 to 50 minutes.

Stir in wine and simmer uncovered, about 20 minutes longer. Add beans and heat. Serve over hot polenta or squares of corn bread.

Spinach, fish among budget priced foods

Keeping variety in winter meals with an eye to quality and cost is a challenge to the food shopper says, Virginia McLuckie, Food Economist, Baltimore Office, University of Maryland, Department of Markets.

When you plan meals for variety several things come to mind. First you think of combinations that go well together particularly in flavor. Secondly you consider color of the foods for eye appeal and as an indication of food value. Thirdly you consider texture since all soft or all crisp foods are not desirable at one meal. The best buys will offer you variety.

• • •

THE LIST includes white, green and yellow vegetables for color and vegetables that can be used raw for crispness or cooked for a softer texture. Individual family taste will dictate food combinations of flavors.

In addition to the list of best buys it will be to the advantage of the shopper to compare prices of fresh, canned, or frozen items to fill out the total of the weeks menus.

• • •

WHITE POTATOES, cabbage, carrots, spinach and kale and mushrooms are the best buys in vegetables. Spinach and kale are the winter favorites in green leafy vegetables. These greens supply large quantities of Vitamin A, iron and other minerals. When selecting greens look carefully to make sure leaves are fresh, crisp and bright green and stems are fresh.

Avoid greens that are yellowing in color. One pound bulk or one ten ounce package will serve three. Season kale with some sour cream or deviled ham. Season spinach with a bit or rosemary or tarragon.

White potatoes are in abundance and price tags are low. There is an endless list of ways to fix potatoes, when you purchase potatoes avoid those that have any green color under the skin. This is caused by the action of light on the potato and is bitter flavored, causing excessive peeling waste.

• • •

CARROTS AND CABBAGE are the two crisp vegetables on the best buy list, since they are equally good for serving raw or cooked. Cabbage is a low cost per serving vegetable. Both carrots and cabbage are good sources of Vitamin A.

Mushrooms come mostly from nearby Pennsylvania. They are extremely useful in making ordinary meals dressed up and more attractive. Add them to stews, casseroles, sauces and gravies. To get top quality mushrooms for your money check their color and shape.

They should be firm and white, the tops or caps smooth and rounded and particularly important, closed around the stem. As mushrooms pass their prime the caps open like umbrellas and expose fine fins on the underside.

• • •

RECENT COLD weather in warm growing areas has caused damage, the exact extent is not known. Total crop damage may not be extremely heavy but is mostly in tender, leafy vegetables. Harvesting and maturing of crops is delayed. This causes an upward trend in prices and a lowering of quality usually. This may make it more desirable for shoppers to make cost comparisons before purchasing.

Citrus is the best fruit buy. Grapefruit is in liberal supply in both white and pink meat fruit. Florida juice oranges are attractively priced. Temple oranges are arriving in greater volume.

Suggestions for protein foods are bacon, smoked shoulder, haddock, filet and swordfish.

• • •

POTATOES IN SOUR Sauce requires 2 tablespoons butter or margarine, 1 tablespoon minced onion, 1 tablespoon flour, 2 tablespoons vinegar, ½ cup stock, peel of a large lemon, cut in strips, 1 bay leaf, salt and pepper, and 4 medium-sized potatoes.

Scrub the potatoes and cook in boiling salted water until tender. Meanwhile make the sauce by melting the butter in a pan and cooking the onion in it until brown. Sprinkle in the flour, and continue cooking, stirring constantly, until the flour browns.

Add the hot stock gradually, and then the vinegar, lemon peel, bay leaf, and salt and pepper. Let the sauce simmer for 30 minutes. When the potatoes are done, drain, dry and peel them, and cut into small dice. Add the potatoes to the sauce and let simmer for 5 minutes.

Remove the lemon peel and bay leaf, and serve immediately. (Serves 4).
