HONOR STUDENT — John Grimes, 16, left, Forest Park High school senior and member of the National Honor Society, thinks out his next move against Jeffrey Wortman, president of the schools Boys' Leaders' Club, which is a branch of the National Honor Society. Grimes maintains a heavy class schedule plus sports and other activities at the schol.

$37 TAKEN FROM Woman WOMAN ON STREET

Mrs. Sylvania Askew, 69, 1000 block of W. Lexington St., was knocked down and robbed Tuesday of $57 and articles valued at $2.10 after she had cashed a check, Western District police reported.

The robbery happened on the corner of Baltimore and Schroeder Sts.

Honor student takes busy schedule with ease

John Grimes, 16, a Forest Park High School senior and member of the National Honor Society, doesn't think carrying a heavy academic load, being a member of several scholastic clubs, playing in the band and running junior varsity track makes him something special.

"I don't think it's too much because most of it happens during the day while I'm in school," the quiet-spoken youngster said.

Grimes' course load includes English, history, chemistry, advanced mathematics and third year French.

He is secretary of Boys' Leaders' Club, the school's branch of the National Honor Society, a member of the Boys' Opportunity Club, the Physics Club; the Chess Club, and his room's student representative.

• • •

IN THE SCHOOL marching band, Grimes plays the French horn. This is one of the hardest instruments to master, according to Miss Dorothy Duval, Forest Park principal.

On the junior varsity track team Grimes runs the half mile and the 220 relay.

In preparation for college — he has not decided which on — Grimes has taken a battery of tests, including the Program Examination and Prgogram Examination and the Preliminary Scholastic Aptitude Test.

He has scored high in both of these and is scheduled soon to take the College Scholastic Aptitude and Achievement Test.

The modest youngster has very little to say about his achievements, except that he thinks "I have done prety well."

• • •

HE PRAISES his fellow teenagers as being "a pretty good bunch," and feels they are concerned about the future and the role they will play in it.

With no regular girl friend, Grimes says he's still looking around.

A native of Madison, W .Va., Grimes moved here with his family in 1959 following the death of his father.

His mother, Mrs. Margaret Grimes, is an elementary school teacher. Grimes has three sisters and a brother.

The family lives at 3709 Sequoia Ave.

Students protest abolishing board

opposing the abolishing of school's Board of Trustees as recommended by the Curlett Commission report, and urged Governor Tawes, legislators, and the general public to support them.

A student delegation, including Moses R. Lewis, president of student government met with Edmund C. Mester, executive assistant to the governor to present a resolution opposing the part the commission report that would place Morgn, along with the five state teachers colleges, under a single newboard of trustees.

Mr. Mester said their views would be reported to the governor. ...

The resolution noted that the proposed new board of trustees "with its emphasis upon conversion of the state teachers colleges to liberal arts colleges, might neglect the development and expansion of Morgan State, already a full-fledged liberal arts college.

The student suggested a better resolution "might be to join the schools in question under a joint board of control when the state teachers colleges are equal in caliber to Morgan State College."

New Discovery Now Makes It Possible To Shrink And Heal Hemorrhoids Without Surgery
Stops Itch—Relieves Pain In Minutes
New York, N. Y. (Special): A world-famous institute has discovered a new substance which has the astonishing ability to shrink hemorrhoids without surgery. The sufferer first notices almost unbelievable relief in minutes from itching, burning and pain. Then this substance speeds up healing of the injured tissues all while it quickly reduces painful swelling.
Tests conducted under a doctor's observations proved this so—even in cases of 10 to 20 years' standing. The secret is the new healing substance (Bio-Dyne®) — now offered in both ointment or suppository form called Preparation H®.
In addition to actually shrinking piles—Preparation H lubricates and makes bowel movements less painful. It helps to prevent infection (a principal cause of hemorrhoids).
Only Preparation H contains this magic new substance which quickly helps heal injured cells back to normal and stimulates regrowth of healthy tissue again. Just ask for Preparation H Ointment or Preparation H Suppositories (easier to use away from home). Available at all drug counters.
