CASE NO. 201 — I'm 15 years old and I have 3 brothers and 3 sisters. My mother is a wonderful person, but is unable to do any hard work right now.

Our father has left us, so would you please help my mother to make a nice Christmas for us? I would appreciate it very much. She has been doing day work to make ends meet.

I feel so sorry for her. She is trying to do what is right for us. Please send us a basket for Christmas.

CASE NO. 202 — My husband will be dead four years in June. I only make $120 per month for myself and my three children.

After I pay my bills I have very little left to buy clothes and toys for Christmas. I have a girl 11 years old, and two boys 10 and 8 years old.

• • •

CASE NO. 203 — I am writing in regards to a Christmas basket. I hope you will be able to help my children have a happy Christmas.

Any help will be gratefully appreciated.

Please can you help us this Christmas?

IN YOUR FUTURE—an ultrasonic dry cleaning closet may be a taken-for-granted convenience in your bedroom. Silent sound waves will clean and press clothes electronically overnight.

For your ultrasonic dry cleaning closet...

PLENTY OF POWER WHENEVER YOU NEED IT

An ultrasonic dry cleaning closet may be in your home of tomorrow! There are many such electronic conveniences being developed right now. And there'll always be plenty of electricity to run them.

That's true of this area and all over the country. Investor-owned electric light and power companies like this one are building plants and lines that will double the nation's electric power supply in ten years. Together we're well able to provide all the electric power America will need in the future—for homes, for business and for industry.
