Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition And character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes broadcast and on each bottle-wrapper, what his medicines are made of and their mode of action. This he finds he can do without fear to do because the more his medicines are known the more are they prized by those who know what they contain and the more do physicians of all the schools prescribe them.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. E. S. Bell, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Harry E. King, Mt. Vernon St., Smyrna, Del., says:

"My husband suffered three or four years with kidney disease, and was unable to find anything to give him relief until he procured Doan's Kidney Pills. For a long time he came home complaining of a weary dull ache across his back and loins, and finally the kidneys became very much disordered and weak in action. After using a few boxes of Doan's Kidney Pills the entire trouble disappeared. He has had no return of the trouble since and is very enthusiastic over Doan's Kidney Pills."
