WHO IS TO ANSWER

he gift of the people of his state and thence to the next to the highest post within the gift of the people of the United States.

The first and only office ever sought by Mr. Marshall was that of Prosecuting attorney back in 1896. In this attempt he was defeated. Then nearly thirty years later in 1908 when the Democrats in Indiana were nearly in a hopeless minority he was conscripted to stand as his party's candidate for the governorship.

Mr. Marshall's life has not been without of the touch of romance. It was in the clerk's office of Steuben County where he first went to try law cases that he first met the attractive young lady who now is Mrs. Marshall. She was Miss Lucretia Morris, daughter of [illegible] who was [illegible] Mr. Marshall [illegible]

WOULD THE "CROOKS" LET HUGHES?

Candidate Hughes is running on a platform

The safest—the only trustworthy—method is by assessing the past. Candidate Hughes weighed in the light of his past performances are some of his promises made when he was a of New York and set opposite them are his performances with them.

CANDIDATE HUGHES SAID:

"I believe in labor legislation and the great benefits that have flowed from the wise conduct of labor organizations."

"I want to see fair justice done to everybody who works."

"Every practical measure for the real benefit of labor will have my support."

"I promise the enforcement of the law with equal severity and in equal justice to all corporations and individuals."

"The conditions of transportation in New York City are a shame and I purpose to find out the proper method of procedure and whether legislation or administrative action is necessary."

"I shall devote myself with renewed zeal to the people's service. My administration shall be an unbossed administration."

Mr. Hughes is not the Republican party able to make good his promises as President of New York. If he were elected President as much as the Republican bosses, the "Crooks" would permit him to deliver.
