Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.
Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem." And painful times sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Bishop calls for support of Freedom celebration

WILMINGTON, N.C.—The Rt. Rev. H.B. Shae, chairman of the AMEZ Church board of bishops, called upon the members of the denomination and friends to support the "Centennary of Freedom which is being sponsored by the first district at Mother Zion Church N.Y.C. Saturday through Friday.

The prelate called attention to the fact that Mother Zion could easily be called the "cradle of freedom" due to the fact that it was there that the underground railroad laid and perfected its plan for the freeing of slaves.

He also referred to the fact that it was there that many of the liberated free men were adjusted to their new found freedom.

HE WAS mindful that millions are still denied rights guaranteed them by the Constitution and that protests, demonstrations and other means of expression should be used wherever and whenever possible.

He demanded that civil rights laws be enacted, with teeth, strong enough to tear away the unwholesome flesh of prejudice and discrimination.

BISHOP SHAW declared that colored Americans are not asking any favors; only to be accepted as a first class citizen. He wanted no more and would accept no less.

He made the pronouncement on the eve of his departure to Stuttgart, Germany, where he will attend meetings of the World Methodist Council, of which he is a vice-president.
