A Chestertown man had himself arrested and committed to jail for 30 days in order to avoid trouble with another party.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The general store of O. N. Bennett, at Sharptown, was destroyed by fire, entailing a loss of $2,000. The stock of goods, granary and contents, stables and carriage house were also consumed.

Bad Colds From Little Sneezes Grow.

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. WORDS FROM HOME.

Statements That May Be Investigated. Testimony of Centreville Citizens.

When a Centreville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Centreville resident. No stronger proof of merit can be had.

J. C. Bolton, Broadway & Commerce street, Centreville, says: "I suffered from a run down condition of my kidneys and backache. The kidney secretions were scanty in passage and scalded. At times I had spells of dizziness and I surely felt very miserable. My back gave me considerable trouble and when stooping or bending I had sharp, shooting pains in it. I used two boxes of Doan's Kidney Pills and had great relief. I have had no return of the troubles."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bolton had. Foster-Milburn Co., Props., Buffalo, New York.

The Elkton-Chestertown Bus Company has placed in service two large busses, each carrying 16 passengers, to meet the demands of travel between the two towns.

William J. Dean, a well-known citizen of Caroline county, who had been living in the family of Clarence Adams, near Smithville, for forty-five years, fell from a holly tree and sustained injuries from which he died the following day.

Head Off That All-Winter Cough

At the first sign of sore throat, tight chest or stuffed up head take a dose of Dr. Bell's Pine-Tar-Honey. The healing pine-tar, soothing honey and glycerine quickly relieve the congestion, loosen the phlegm and break up your cold. Dr. Bell's Pine-Tar-Honey has all the benefits of the healing aroma from a pine forest; it is pleasant to take and antiseptic. The formula on the bottle tells why it relieves colds and coughs. At your druggist. 25c.

William E. Hurlock has been appointed postmaster at Hurlock, and Katherine E. Brice postmistress at Betterton.

Colds of a most peculiar and annoying nature have been epidemic in Elkton and many have been the sufferers.

Constipation Dulls Your Pain.

That dull, listless, oppressed feeling is due to impurities in your system, sluggish liver, clogged intestines. Dr. King's New Life Pills give prompt relief. A mild, easy, non-griping bowel movement will tone up your system and help to clear your muddy, pimply complexion. Get a bottle of Dr. King's New Life Pills today at your druggist. 25c. The pasturing of corn is especially applicable to semiarid regions. The dry soil is not injured by the animals, and very little corn goes to waste or spoils by coming in contact with the soil. The stalks are left in good shape to prevent the drifting of snow.

For earache, toothache, pains, burns, scalds, sore throat, try Dr. Thomas Eclectic Oil, a splendid remedy for emergencies.

The Prison of Sark.

Sark, the smallest of the channel islands, possesses a quaint old prison of two cells more as a matter of form than of necessity, for serious crime is almost unknown in the island, which has no paid police, but simply an elected constable. It is some years since the prison was called into requisition, and on the last occasion the bolt was found to be so rusty that it had to be broken before the door could be opened. The prisoner was then put in, left all night with the door open and made no attempt to escape.

On another occasion a young English servant who had stolen some clothes was sentenced to three days' imprisonment. The prospect so terrified her that the authorities took pity on her loneliness and considerately left the cell open. The little maid sat in the doorway and was consoled by kind hearted Sark women, who came to keep her company. A still more curious incident is told of a man who was convicted for neglecting his wife and children. He was ordered to betake himself to the prison and there wait for the arrival of the constable. This he did, sitting outside until the door was opened. Strand Magazine.

The Alpine Guide in London.

Melchior Anderegg proved when he visited London that a great Swiss guide's topographical sense is not necessarily confined to the mountains. He was met at London Bridge station in a thick fog by Leslie Stephen and T. W. Hinchliff, who accompanied him on foot to Hinchliff's rooms in Lincoln's Inn Fields. "A day or two later," says the biography of Anderegg in "Pioneers of the Alps," "the same party found themselves at the same station on their return from Woolwich. 'Now, Melchior,' said Mr. Hinchliff, 'you will lead us back home.' Instantly the skillful guide, who had never seen a larger town than Berne, accepted the situation and found his way straight back without difficulty, pausing for consideration only once, as if to examine the landmarks at the foot of Chancery lane."—London Spectator.

Bored Audience.

"Mr. Jaggs never opened his mouth while his wife was entertaining her guests the other night."

"Oh, yes, he did several times."

"I didn't hear him. What did he say?"

"Nothing. He yawned."—Baltimore American.

The Clove Tree.

The flavor of the clove tree being very brittle, a peculiar four sided ladder is used in stripping the tree. As fast as the buds are collected they are spread in the sun until they assume a brownish color, when they are put into the storehouse ready for market.

Curious Request.

A doctor in the country received one day a letter from an old woman asking for a bottle of cough mixture for her husband, ending with the postscript:

"Please, sir, don't make it too strong, as the poor man has only got one leg."—London Tit-Bits.

WEAK, NERVOUS OHIO WOMAN

Made Well By Delicious Vinol

Bellefontaine, Ohio.—"My blood was very poor—I was in a weak, nervous, run-down condition. I tried different remedies without benefit and one day my druggist told me about Vinol. I tried it and it built me up in every way—blood, strength and nerves, and I tell my friends it is the best medicine on earth."—Mrs. Earl Brunson.

Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength. Complete formula on every label.
