Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions. Some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Got a cold? 666 cold medicine will

NOW TREAT ALL COLD SYMPTOMS

666 gives extra-fast decongestant action because it's liquid, no waiting to dissolve. Keeps you "regular" too.

There are 5 major symptoms of a cold: stuffiness, achiness, fever, sneezing, and general "sick-feeling." 666, the time-tested and proven cold medicine, fights all 5. No "one-purpose" product can do this. 666 was made especially for colds... and only for colds. It really works!

The fast decongestant action of 666 reaches deep into the blood stream...reaching places where some drops of drugs can't possibly reach. Its gentle laxative action keeps you "regular" during this critical time. The unusual effectiveness of 666 has been proven to thousands of users.

When you have a cold, take 666, and see what real relief can be like. Satisfaction guaranteed!... or your money back. At all drug counters, only 49¢. If you prefer tablets, ask for 666 tablets... same fast relief. Convenient and economical, too.

National Guard will honor two veteran officers

Lt. Col. William Brady (retired) and Dr. Louis A. Johnson will be honored at a testimonial dinner dance given by the Peermanent Duty Personnel Association, on Saturday Nov. 9 at Winchester Street Armory.

Colonel Brady's long service with the National Guard dates back to World War I, when the 1st Separate Company distinguished itself fighting with the French Army for which the unit was awarded the French Fourragere.

Dr. Johnson also served with National Guard during those days but is best known to modern day soldiers for his service as contract surgeon for National Guard, a position he has held with distinction for the last fifteen years.

The Permanent Duty Personnel Association is urging all former members of 1st Separate Company; 229th Transportation Battalion 229 Transportation Battalion and 229th Supply and Transport Battalion (present unit designation) to contact or write MSGT Clinton Nichols or Capt. Jesse Peaker, at the Winchester Street Armory, Baltimore 16, Md., phone 233 - 8310 or 233 - 8290 for reservations.

The Permanent Duty Personnel Association was organized to foster brotherhood among its present members and former memers of the guard.

Bobby Felder's Blue notes of Washington will provide music for the Nov. 9 affair which starts at 8 p.m.

Annapolis DOINGS

By ELOISE RICHARDSON

Methodists, nationwide this week, have been commemoration the 225th year of the conversion of John Wesley, founder of Methodism, when he had his "first introduction" to his conviction that trust in Christ was adequate for his soul's salvation" The commemoration was an envangellatic emphasis of the Methodist Church.

John Wesley was sent on a mission by the Society for the Propagation of the Gospel to convert Indians in Georgia in 1735. He was unsuccessful on this mission and he alienated many colonists because of the formalism of his high church.

However, his visit to Georgia gave him contact with a group of devout Moravians, and on his return to London in 1738 he sought out their brethren and acquired his conviction at one of his meetings with them in Aldersgate, England.

After his revelation he emerged with all his talents concentrated upon the distinct purpose of life, traveling, preaching and organizing religious societies regulated by him.

He transformed these societies into the Methodist Church, a development that occurred only after his death in London on March 2, 1791.

NI THE Anne Arundel County area the Methodist churches honored him at an Aldersgate Witness Service, taking its name from the Washington Conference of the Methodist Church, was the main speaker. A former pastor of the Asbury Methodist Church of Annapolis, he has been a member of the bishopric since 1952.

Bishop Love, in his talk, gave emphasis to the principle of individuals developing a sense of missions and he stated that to be spiritually strong our's life must have spiritual nurture.

Bishop Love was introduced by the host minister, the Rev. Charles I. Wallace. The Rev. Rufus Abernethy, pastor of Mt. Zion Methodist Church, read the scripture and offered the pastoral prayer.

Other churches and ministers participating in the service were:

Asbury, Annapolis, the Rev. I. R. Berry, pastor; Arnold, the Rev. C. Mark Crosland, pastor; Baldwin Membrial, the Rev. Glenn Clulow; Broadneck Asbury, the Rev. John H. Carter; Cecil Memorial, the Rev. James E. Johnson; Cape St. Claire, the Rev. Leighton S. Bishop; Eastport, the Benjamin S. Denton; Edwards Chapel, the Rev. Henry J. Miller; Mt. Calvary, the Rev. S. T. Collins; Mt. Zion, the Rev. Rufus Sc. Abernethy, and Trinity, the Rev. Harold R. Lanman.

IT IS always interesting to know "who is who" among students of our secondary and college level schools, and to observe the leadership of these groups.

The Student Council at Bates High School has a very ambitious group of officers. They are:

Charles Pergerson, president; Ernesta Parker, vice president; Gregory Johnson, treasurer; Janice Harris, assistant treasurer; Shirley Hendon, secretary; Della Watkins, assistant secretary; Gilford Parker, chaplain; Exsom Ricks, sergeant - at -arms; Grace Matthews, assistant sergeant - at - arms.

Only America's No. 1 Brandy

tastes so great straight!

He's Oscar Haynes, Washington District Manager for The Christian Brothers Wines and Brandy. He knows his brandy. He knows that this is the brandy that's number one in sales in the country. It's the American brandy made differently from all the rest—in special stills, with special blending of fine matured brandies, to a special formula. That's why this brandy tastes so special in a highball, manhattan, on-the-rocks or straight. Head straight for The Christian Brothers Brandy and see. Tonight. Available in ½ pints, pints, fifths, quarts.

Only one to Provident

A woman motorist and a motorcycle policeman collided at Druid Hill Ave. and Mosher St., Thudsday.

The policeman, Charles Alfinito of the Motorcycle Division, received a fracture leg.

The motorist, Mrs. Christine Fitzgerald, 25, 614 Wilbert Ave., fell into a state of shock.

Two ambulances were called.

One took the policeman to Mercy Hospital.

The other took the woman to Provident.

Although Provident Hospital was two blocks away from the scene of accident, the ambulance raced through the downtown district to Mercy.

Drought broken in city area

The long drought that has hung over Baltimore was broken Thursday night when rain began to fall.

In the Maryland area, some two incres of rain —far below normal — fell in September.

For all practical purposes no rain fell during October.

* * *

THERE ARE some danger signals throughout the state. In Frederick, which is only 36 miles from Baltimore, and in Hagerstown, 90 plus miles away, farmers, reported Edmond Otton, a geologist, are hauling in water.

Springs and wells are drying up.

Other specialists reported more disturbing, though not critical, factors.

Karl Schamberger, principal engineer of the City's Bureau of Water Supply, reported that the reservoirs were below normal crest levels, but that there was plenty of water available for Baltimoreans — at least until next year.

Baltimoreans are using an average of 225,000,000 gallons of water per day and there are sufficient reserves to maintain that rate for 1963.

* * *

WILLIAM FORREST, district engineer for geological surface water branch for Maryland and Delaware, reported streams in the state range from 10 - 35 year lows.

Robert Wassall, weather forecaster with the Weather Bureau at Friendship Airport, definitely describes the present dry weather as a "drought."

Mr. Wassell reported that the present condition really began in June, last year.

"Since that time," he said, "we have been having below normal rainfalls."
