Cornerstone laid for new Morgan building

With a bit of Morgan history neatly imbedded in its cornerstone, the new Carter - Grant - Wilson Administration Building at Morgan State College nears its scheduled January completion.

Placement of Morgan documents into the building took place recently at a ceremony which substituted for a formal cornerstone-laying.

Into the building went a series of Morgan publications, most of them including articles written by or about the three honorees for whom the building has been named.

They are: the late James H. Carter, former assistant to the President; the late Dean of the College, George C. Grant; and retired registrar, Edward N. Wilson.

Mr. Wilson placed the box that contained issues of the Morgan State College Bulletin, student newspaper and announcements of special activities, into the corner reserved for it.

PRESENT TO WITNESS

the ceremony were two members of the Board of Trustees, Dr. Carl Murphy, chairman, and Atty. Josiah F. Henry Jr., and Morgan president, Dr. Martin D. Jenkins.

Constructed at a cost of more than $600,000, the Carter - Grant - Wilson Building will house one of the major administrative offices of the college.

LAYING CORNERSTONE — Dr. Carl Murphy, chairman of the Board of Trustees, Morgan State College and Dr. Edward N. Wilson, retired Morgan registrar, prepare to lay the cornerstone of the new Morgan State College Administration Building. Also present at the informal ceremony Monday, were Morgan trustee Josiah Henry Jr.; Dr. Martin D. Jenkins, president; William W. Proctor, registrar; Thelma P. Brando, dean of women; Dr. Albert N. Whiting, dean of the college; Gilbert Stricker, comptroller; Elmer S. Patterson, superintendent of buildings and grounds; E. Lloyd Davis, business manager; Joseph R. Rocha Jr., Mrs. Patricia S. Taylor, assistants to the president; James E. Nix, dean of men and J. Percy Bond, director of admissions and placement. The building will be named the James H. Carter-George H. Grant-Edward N. Wilson Building in honor of this trio of former administrative officers.

JFK dedicates new route to New York

NEWARK, Del — President Kennedy headed ceremonies here Tuesday afternoon, dedicating the Maryland Northeastern Expressway and Delaware Turnpike, which opened later at midnight to the public.

The President termed this last linkage in this expressway connecting Washington and New York a significant step toward giving America the most modern highways in the world.

With Robert B. Moses, president of the New York World's Fair, presiding, dignitaries of both states shared the spotlight, including Governors J. Millard Tawes of Maryland and Elbert N. Carvel of Delaware.

The Maryland section of the expressway will cost $74,000,000. The Delaware section will cost $20,000,00.

* * *

PASSENGER CAR tolls will be 30 cents in Delaware and $1 in Maryland.

The truck toll rate will vary with the type of truck and number of axles.

Among the toll collectors at the Newark, Del., entrance to the southbound Route 95 are James Wilson, 800 block E. 7th St., and John Sparks, 1300 block W. 7th both of Wilmington.

* * *

An AFRO photographer and reporter drove over the turnpike shortly after the dedication Thursday, from where the ceremonies were held about three miles south of Newak near the first toll to Baltimore.

The two clocked 58 miles to the turn-off at Pulaski Highwy. at Baltimore, on the dual lane expressway.

There is a 60-mile speed limit and the expressway runs parallel to Route 40, so there is nothing to halt traffic, though a service and food area lie between Newark and Baltimore.

Advance Federal will forge progress in city says Blayton

Advance Federal Savings and Loan Association held its first public meeting Wednesday since acquiring a federal charter which guarantees individual savings accounts up to $10,000.

During the meeting, which was held in the Rev. Timothy Boddie's New Shiloh Baptist Church, it was noted that Advance is now worth some $1,750,000. Most of its assets, $1,529,000, are in accounts.

The meeting was a mixture of honoring employees and those who conceived of the idea of Advance and a plea and admonition that colored-owned Advance is hardly tapping the potential in the colored community.

Dr. W. O. Bryson Jr., president of Advance, said that a similar company in a smaller community in California had assets of $70,000,000.

He reported that a white bank executive told him that if its branch offices did not contain at least $2,000,000, they would be closed.

* * *

J.B.BLAYTON SR., a financier and president of the $10,000,000 Mutual Federal Savings and Loan Association of Atlanta, Ga., which is reputed to be the financial capital of colored America, was the key speaker.

He said that the existence of Advance was symbolic.

Other financial institutions, because of Advance, will hire more colored workers in capacities above the janitorial levels, give more loans to colored people and accept more mortgages from colored home buyers.

"Competition (from Advance)," he said, "will force other institutions to take more risks. They don't want you to have any of it."

"When you have pride in that which is yours (Advance)," he said, "you have pride in yourself."

T. SHELTON COLES, who was the first president of the savings and loan association, said that money will solve most racial ills and many of the social ills.

He said that sit-ins, wade-ins, lay-ins and marches would be unnecessary if colored people like other minority groups, had money.

Greetings were brought to the meeting by Senator Verda Welcome (D. 4th); Dr. Paulette Moore, president of Coppin State College; Mrs. Susie Strothers, radio announcer and Mr. Coles.

Director named

C. Warren Black, chairman of the board and chief executive officer of the Arundel Corporation, was elected to the board of directors of Maryland National Bank at the monthly board meeting, according to an announcement by Hooper S. Miles, chairman of the board.

Elected chairman of the Arundel Corporation Nov. 1, 1963, Mr. Black began with the company in 1919. He was elected vice president in charge of engineering and construction in 1940; executive vice president in 1952, and president in 1955.

Mr. Black is a graduate of Baltimore Polytechnic Institute and Johns Hopkins University.
