Keeping Yourself Well

HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much.

You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your digestion has not cared for the overload. Part of it remains. It generates gas that inflames the delicate linings. They fail to pour out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong.

Your body gets weak, and soon opportunity is offered for some severe illness.

Taken in time, the indigestion would not become serious. First remove the overload; then soothe the sore membrances; then build up the weakened body. It's simple to say, but not too easy to do. You need help.

A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need.

Peruna has an enviable record in this respect. It has aided many thousands in the last century to overcome just these conditions and thereby prevent serious sickness.

The tablet form is convenient for regular administration.

Manalin Tablets are the ideal laxative and liver tonic. They have no unpleasant effects and form no habits. 10c and 25c.

Thoroughly Tested and APPROVED by the Council of the American Home. 4 Years' Endorsement.
