COOKING IS FUN

I-bimi (bitter berry) perfect go-with for poultry and meat

I - bimi -- bitter berry -- was the Indian name for cranberries. But that tart, zestful quality is just what makes cranberries good eating and the perfect complement for a hearty meal.

As appetite stimulating "go-withs" for poultry and meat dishes, fresh cranberry relishes as well as canned cranberry whole or jellied sauces are hard to beat.

Sparkling bright cranberry juice and cranberry punch are equally effective, as well as attractive, and flavorful cranberry-rich desserts serve well as refreshing and wholesome meal-enders.

Cranberries are conveniently packed in one-pound plastic bags or in see-through boxes that permit the shopper to check their color and quality. You can be sure you are buying good quality berries if they look plump, firm, brightly colored and lustrous.

HERE'S A TASTY cranberry preparation:

CRANBERRY NUT bread is made with two cups all-purpose sifted flour, one cup sugar, one and one-half teaspoons double-acting baking powder, one-half teaspoon soda, one teaspoon salt, one-fourth cup shortening, three-fourths cup fresh orange juice, one tablespoon orange rind (grated), one egg, well beaten, one-half cup chopped nuts, and one cup fresh cranberries (coarsely chopped).

Sift together flour, sugar, baking powder, soda, and salt. Cut in shortening until mixture resembles coarse cornmeal. Combine orange juice and grated rind with well beaten egg.

POUR ALL AT once into dry ingredients, mixing just enough to dampen. Carefully fold in chopped nuts and cranberries. Spoon into greased loaf pan, 9 x 5 x 3 inches. Spread corners and sides slightly higher than center.

Bake in moderate oven at 350 degrees F. about 1 hour, or until crust is golden brown and toothpick inserted comes out clean. Remove from pan on cooling rack. Store overnight for easy slicing.

MANY PEOPLE AREN'T careful as they might be about eating sufficient protein each day.

A study, made by food scientists at several agricultural experiment stations, shows that after 40 years of age the average woman consumes less than the "daily needed amount" of protein.

Women between 40 and 59 years had diets 9 percent below par in protein; women 60 to 69, 18 percent; and those 70 to 79 years old, about 12 percent short.

Although protein needs must be assessed along with other nutritional requirements, it might be well if older women took another look at their daily protein intake.

* * *

FOODS IMPORTANT for protein include milk, cheese, eggs, meats, poultry, and fish. Others that can be counted on to give good amounts are dry beans, peas, lentils, and nuts. Although cereals provide smaller quantities of protein in a usual serving, their contributions can help out in meeting daily protein needs.

New pumpkin pie real treat for holiday season

A new kind of pumpkin pie is making its first appearance just in time for the holiday season, and you won't believe how good it is until you try it. Two features distinguish it from most other pies of its kind — a thin layer of praline on the bottom crust, and the flavor of Sherry throughout its spicy filling.

In spite of these elegant additions, this is an easy pie to make. The praline layer is just brown sugar, chopped pecans and butter sprinkled over the unbaked pie shell. The Sherry-flavored filling calls on one of the most versatile wines produced in our country. Any of the Sherries—dry, medium or sweet—produced in California, will blend all the other seasonings and add a nutty flavor of its own.

When the pie is ready to serve, small glasses of the same Sherry may be served as an accompaniment, or try a white sweet wine such as sweet Sauterne or sweet Semillon. California also produces some very pleasant sweet wines made from the grapes of the Muscat family. They are extremely fruity, a nice compliment to the pie.

SHERRIED PRALINE PUMPKIN PIE
(Serves 6)

One cup brown sugar (packed), one-third cup finely chopped pecans, 2 tablespoons soft butter, one unbacked (9-inch) pastry shell, two eggs, one cup canned pumpkin, one level tablespoon flour;

One teaspoon cinnamon one-half teaspoon ginger, one-fourth teaspoon cloves one-eighth teaspoon mace, one-half teaspoon salt, one-half cup whipping cream, one-third cup California Sherry.

Combine one - third cup brown sugar with pecans and butter. Sprinkle mixture evenly over bottom of unbaked pie shell; press down gently. Beat eggs until frothy. Stir in remaining ingredients in order given; beat until well mixed. Turn into praline lined pastry shell. Bake, below oven center, in hot oven (450 degrees F.) 10 minutes. Reduce oven temperature to moderate (325 degrees F.), bake until filling is barely set in center, about 50 minutes longer. Cool thoroughly. Serve garnished with chopped pecans or whipped cream, if desired.

Fall care for summer jewelry

Now's the time for storing summer clothes and putting fall apparel in order. But don't forget that your jewelry wardrobe needs change-of-season attention, too.

Follow these cleaning and sorting tips to put "all that glitters" in top working order for fall and winter:

* * *

FIRST, clear out all costume jewelry which is designed just for summer wearing and is taking up valuable space in your jewel box or drawer.

For example, chalky white beads won't see the light of fashion until it's straw hat time again. (You might store summer jewelry and hats in the same box.)

* * *

NEXT, DISCARD chipped and broken jewelry or have it repaired. If you can't wear it, don't keep it.

Now for the fall cleaning. Jewelry —real or frankly faux—is as susceptible to dirt as its owner. Give each item a careful bath in Lukewarm suds, rinse thoroughly and use this quick-dry method.

WRAP EACH item of jewelry immediately in a Kleenex tissue. Place all of the individually - wrapped items in a hairnet, and hang or hold in front of your hair dryer.

When you put jewelry back in your jewel drawer or box, wrap each in a fresh drawer or box, wrap each in a fresh tissue. This will keep each item separate and prevent the tangles and scratches of jewel - box jumble.

Recipe for carpet care

A work plan for rug and carpet care may be thought of as a "recipe" for time management.

It cannot be as precise as a cake recipe which demands accuracy down to the last level teaspoonful of baking powder. It is more akin to recipes containing meat, vegetables, and seasonings. The dish may be Irish Stew, Hungarian Goulash, or Beef Ragout, depending upon family tastes, ingredients at hand, and whether it is for family or company fare.

THE INEXPERIENCED homemaker who works without a plan seems never to get things done. On the other hand, the competent, experienced homemakers know that no one plan suits everyone. The real trick in rug and carpet care is to keep a step ahead of the dirt to do one's best to keep a carpet clean rather than to make hard work of cleaning an excessively dirty one.

With this in mind, try this simple but flexible plan:

Using carpet sweeper or lightweight vacuum cleaner daily or more often, give traffic areas a quick pick-up cleaning. Clean up ash tray spills and crumbs in kitchen; dining and living areas. Remove spots before they can "set" into permanent or difficult - to-remove stains.

* * *

USING UPRIGHT vacuum cleaner weekly, clean throughly all areas of rug or carpet. Every six months, or as needed, using upright vacuum cleaner, clean rugs and carpets thoroughly, including backing and underlay. Using rug shampooer, shampoo rug and carpets.

* * *

AVOID UNDUE WEAR in traffic lanes by periodically turning rug or carpet or by changing arrangement of furniture. Protect heavy stuffing areas (at the piano, study desk, in front of television, etc.) with scatter rugs or matching pieces of carpet.

Keep lightweight vacuum cleaner in, or near, kitchen so that it will be readily available when crumbs, spilled sugar, coffee, etc., should be swept up. This preventive care keeps kitchen litter, dirt, and dust from being tracked on'o rugs and carpets.

Keep carpet sweeper near the point of most frequent use. This may be near the dining and sewing areas. Provide carpet cushions. They not only enhance the beauty and comfort of rugs and carpets but contribute significantly to longer carpet life.

In Memoriam 3

BENNETT — In loving memory of our loved one, ELIZA BENNETT, who passed away November 19, 1953.
Her pleasant way and smiling face
Are a pleasure to recall.
She had a kindly word for each
And died beloved by all.
Some day we hope to meet her.
Some day, we know not when.
To clasp her hand in the better land.
Never to part again.
THE FAMILY.

BENNETT — In loving memory of my dear husband and our father, HARRY E. who passed away November 23, 1953.
Ten years ago today
Our whole world fell apart,
And grief and sorrow came to stay
Within our empty hearts.
We found no comfort anywhere
A million dreams were gone
And yet a voice near whispered us
Somehow we must go on.
And so we hold our broken hearts
That they must beat again
We gladly bow God's sunshine
Now we must accept the rain.
How quick the days and weeks went by.
Today it is ten years and still the very thought of you
Can start the same old tears.
But somehow tears are different now.
They are not the better kind
Tears of sorrow and of lady
Tears
With faith and hope and time
And yet dear God, you under-stand
Why this day makes us blue
Ten years ago our husband and father
Went home with you
Loving Wife - ANNIE and Son - HARRY, JR.
