He's Oscar Haynes, Washington District Manager for The Christian Brothers Wines and Brandy. He knows his brandy! He knows that this is the brandy that's number one in sales in the country. It's the American brandy made differently from all the rest—in special stills, with special blending of fine matured brandies, to a special formula. That's why this brandy tastes so special in a highball, manhattan, on-the-rocks or straight. Head straight for The Christian Brothers Brandy and see. Tonight. Phi Beta Sigmas host elegant dinner dance

Members of Zeta Sigma Chapter of Phi Beta Sigma Fraternity entertained at an elegant dinner dance in the Alcazar, Friday evening.

In the beautiful setting, highlighted by the insignia of the fraternity, guests danced in the main ballroom, with the intermission sparked by dining from an elaborate buffet which flanked two sides of the Fiesta Room.

ADDING TO THE loveliness of the affair was the charm of the feminine guests, especially attractive in a flurry of high style gowns.

Mrs. Alfred Moore wore a frock of red satin, featuring a deep round neckline and flared skirt, with matching red slippers. Mrs. Robert Hill chose pale blue chiffon for the evening, and a picture was Mrs. Rosalie McGuire in stark white. Her floor-length gown also featured a deep round neckline, and an immense stole. Mrs. William Stanford was in flame chiffon, and Mrs. Vernon Greene in chic black lace and crepe, and a huge corsage of orchids.

Dr. and Mrs. Roland C. McConnell drew eyes as they did an expert rhumba, acquired on a recent Caribbean cruise. 'Twas Nathaniel Watts' birthday, and the Birthday" to him in of all things, swing time.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as *Preparation H®*. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

$10 billion colored market predicted at WEBB seminar

Baltimore businessmen and advertising executives got an incisive insight into the vast potential market of the colored community Wednesday as a local radio station, WEBB, conducted the first seminar of its type to be held in the country.

One West was the site and D. Parke Gibson was the principal speaker as more than 100 of the city's major manufacturers and their representatives gathered for the presentation.

Mr. Gibson, president of D. Parke Gibson Inc., marketing and public relations consultants firm of New York, illustrated graphically the increased buying power of the colored consumer in the past 10 years.

He predicted that the colored consumer will be spending upwards of $10 billion a year by 1970.

OTHERS PARTICIPATING in the seminar included Bernard Howard, president of a radio television representative firm, and Alan Cowley, advertising director of Pharmaco Inc., a division of White Laboratories.

Wiley Daniels, program director of WEBB, summed up succinctly, giving clues as to why it is necessary for big business today to turn to advertising media geared primarily to the colored consumer.
