'Poll tax' drive nets $1,200 for Miss. work

The Election Day "Freedom Poll Tax" Drive by the Student Non-Violent Coordinating Committee (SNCC) raised $1200 Tuesday.

143 volunteers, mostly students, stationed themselves near polling places in four wards and solicited money from voters to help support the SNCC cause.

Grenville Whitman, SNCC co-ordinator in the Baltimore area, explained the solicitations as a way of collecting funds for the Mississippi campaign. He can be reached at Fellowship House.

Leaflets were handed out outlining the Snick program and volunteers wore signs reading "Free a Freedom Poll Tax—Help Mississippi Negroes to Vote".

Money donated Tuesday is to be forwarded to the main office in Atlanta.

• • •

MR. WHITMAN described the main function of the local office as a fund-raising one to provide operating funds for the prominent civil rights organization.

Additional funds are needed for bail money and for a tax-exempt educational program. This program is a work study set up for civil rights workers to continue their education while in the field.

SNCC is seeking persons willing to sponsor trips to Mississippi.

More volunteers are being sought to participate in summer and year round projects in Mississippi.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction of retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

along with an array of lesser officials throughout the country, noted in the most devastating Republican defeat of this century as President-Lyndon B. Johnson won the election over Senator Barry Goldwater by an overwhelming margin.

More than five and a half million colored voters streamed to the polls throughout the country to help swell President Johnson's victory, giving him a mandate that should lead to what he terms the building of "The Great Society."

The powerful colored vote, concentrated heavily in the big cities, but well proportioned in rural areas where continuous voter registration saw Mr. Johnson win 486 electoral votes to Mr. Goldwater's 52.

In the popular vote, Mr. Johnson 41,177,416 to Mr. Goldwater's 26,002,576, with 44 states and the District of Columbia and Senator Goldwater winning in only six states—all in Deep Dixie (Georgia, Alabama, Miss issippi, Louisiana, South Carolina and Arizona.)

• • •

THE MASS repudiation of Mr. Goldwater's extremist stand was evident everywhere, with spots here and there showing the colored vote as high as 98 per cent in some places and generally

Even in Mississippi, where the "white backlash" went all the way for Goldwater and many colored voters were deprived of the opportunity to cast a ballot, one town — Mound Bayou 8 gave al of its 257 votes to President Johnson.

Mound Bayou is the former home of Dr. T. R. M. Howard, now of Chicago, Ill., who was one of the early militants in the Mississippi Freedom Fight. Dr. Howard left the state after repeated threats on his life.

• • •

IN THE Detroit election new Congressman Conyers defeated Robert Blackwell, Republican, and Milton Henry, a candidate of the Freedom Now Party, to win the newly created post.

In Massachusetts, Atty. Gen. Edward W. Brooke, who declined to support Senator Barry Goldwater, was reelected by a landslide, polling 1.5 million votes while piling up a 750,000 plurality over Democrat James W. Hennigan Jr.

Mr. Brooke, the first Republican to carry traditional Democratic Massachusetts in a generation, won notwithstanding the million-vote edge the state's voters gave President Johnson and the comfortable marginby which Sen. Ted Kennedy, brother of the late President John F. Kennedy, won reelection on the Democratic ticket.

IN TUSKEGEE, Alabama, four colored candidates were elected to county offices in a historic breakthrough. Three of them ran as Democrats without opposition while a fourth ran as an independent.

Dr. Charles G. Gomillion, faculty member at Tuskegee Institute, won a place on the county school board unopposed. William A. Allen and William J. Childs were elected justices of the peace without opposition.

The Rev. V. A. Edwards defeated Herbert Ruff for a seat on the county governing body, the board of revenue in Macon County. Macon, the only county in Alabama with a colored voting majority, was one of the few Alabama counties in which President Johnson had a margin over Senator Goldwater.

Johnson's overwhelming victory smashed traditional voting patterns. He even won Vermont, which had never raised the Democratic banner in a national election. He also took Maine which last voted for the Donkey in 1912 when it opted for Woodrow Wilson.

Goldwater, too, shattered voting patterns even in defeat. As expected, the Arizona conservative, broke the traditional Democratic stranglehold on the deep South by winning Mississippi; Louisana and Alabama, and taking South Carolina, Georgia went Republican for the first time.

But Johnson won in Florida and North Carolina. By the time Johnson won the election with his 272 electoral votes, the popular vote figure was, Johnson, 14,175,316, Goldwater, 9,467,009.

This gave the Democratic ticket of Johnson and Sen. Hubert H. Humphrey 59.8 percent, as against 40.2 percent for the GOP ticket of Goldwater and Rep. William E. Miller.

THE PRESIDENT'S victory came just 19 days short of the first anniversary of John Fitzgerald Kennedy's assassination in Dallas, which put Johnson into the White House.

Four years ago, Kennedy defeated Richard Nixon by a hairlash. From the start today, however, it was obvious that the 56-year-old Johnson was going to win big, as he had worked hard for during the long campaign.

Democrats had predicted the President would lose Mississippi and Alabama — particularily Alabama, where the Democratic ticket wasn't even on the ballot. They also felt Louisina might go into Goldwater's camp.

• • •

THE SO-CALLED white "backlash" failed to materialize where it could hurt Johnson's chances. The President won Maryland, Indiana and Wisconsin. In each of these three states Alabama's segregationist Governor, George C. Wallace, made a strong showing in Democratic primaries last spring.

Indiana was a particular "backlash" area because of the big steel industries around Lake Michigan. But it went Democratic for the first time since Franklin D. Roosevelt's 1936 sweep over Alf Landon.

Throughout the country there were many indications that voters split their tickets, as expected in this election where Goldwater had said he was offering "A choice, not an echo."

Are Negroes moving too fast?

"The Negro is not going nearly fast enough," Dr. Martin Luther King, Jr. writes in this week's Saturday Evening Post. "Claims to the contrary only play into the hands of those who believe that violence is the only means by which the Negro will get anywhere." But can non violence by the Negro produce reforms of the great social evils that endanger the peace? Is our nation capable of absorbing its Negro minority? Does the white leadership really wants to make peace? For answers to questions like these, read "Negroes Are Not Moving Too Fast," by Martin Luther King, Jr. in this week's Saturday Evening Post.

Mrs. Welcome heads.

Campaign officials also noted the heavy circulation of anti-Tyding ballots thorugttout the Forth Distric, including Mrs. Welcome's polling place.

The Beall ballots were distributed by a Fourth Distric faction opposed to Mrs. Welcome's group.

However, the appearance of Mr. Adams, his affiliation with the District organization, and the presence of Beall ballots and lack of them for Tydings distressed the new Senator's supporters.

They contended that the Welcome organization had been given sufficient funds to cover all precincts but none was covered before 2 p.m.

• • •

SENATOR WELCOME, however, countered that ballots and other literature were distributed the previous Saturday.

She purposely did not cover the polling places until the afternoon rush, Mrs. Welcome later told the AFRO, because there was not enough money to do so.

"If paid workers were absent from some precincts in the morning hours", Mrs. Welcome "it was because the money for these workers which was promised to the organization by Mr. Goodman, was cut considerably at the last minute.

"Therefore we had to divide the workers' time and put most of their effort into the afternoon and evening hours when we expected the heaviest vote.

"However, even many of the paid workers worked many hours longer than their contracts called for. They worked over the weekend, as well as on election day ringing doorbells and spot checking their blocks, and giving out literarure.

"IT SEEMS that this rumor (of a deal 'with Senator Beall') was based partly on the personal vote of Mr. William Adams. As to Mr. Adams role, he is a member of our organization but does not control or attempt to control our polices.

"He stated some time ago that he was voting for Senator Beall for personal
