$1 hourly minimum wage now law, some exempted

Mayor Theodore R. McKeldin signed into law Thursday afternoon a $ an hour minimum wage ordinance for some persons employed in Baltimore, who are not covered by the Federal Minimum Wage Act.

The new law became effective with his signature.

Exempted, however, are a wide range of workers the ordinance was originally drafted primarily to cover.

Not covered, for example, are such workers as those employed in hospitals, nursing and convalescent homes, cafeterias, and in those business establishments employing ten or less persons.

Mayor McKeldin will appoint a Minimum Wage Commision to supervise and administer the new law.

This commission will establish rules and regulations for proper operation of the ordinance.

"Given the proper cooperation from employers and employees alike, "the mayor said, "the minimum wage law can truly become a milestone for Baltimore."

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
