A REVOLUTION IS CERTAIN!
VICTORY IS OURS.

SUCH is the progress of Science in this age that nothing seems impossible. That there are new and scientific discoveries being made every day, no one will doubt. After a thorough investigation of the Vegetable Kingdom, with a view to obtain a positive or specific remedy for the more common ills of humanity, I have succeeded in bringing together such. Three years have elapsed since its introduction, and it is now esteemed the most popular remedy in the *WORLD*, known as

Helmbold's Genuine Preparation.
HIGHLY CONCENTRATED COMPOUND FLUID
EXTRACT BUCHU,
For all Diseases of the Bladder, Kidneys, Urinary and Sexual Organs.

JOY TO THE AFFLICTED!!

Hcures Diseases of the BLADDER,
" " " KIDNEYS,
FEMALE COMPLAINTS, GRAVEL,
CHRONIC GONORRHŒA, DROPSY,
STRICTURES, GLEETS, OBSTRUCTIONS
And all diseases arising from excesses and imprudencies in life,
NERVOUS & DEBILITATED SUFFERERS,
And removes all improper discharges from the Bladder, Kidneys or Sexual Organs, whether existing in
MALE OR FEMALE,
From whatever cause they may have originated, and
No Matter of How Long Standing.
Giving Health and Vigor to the frame and BLOOM TO THE PALID CHEEK.

DEBILTY, brought on by abuse, a most terrible disease, which has brought thousands of the human family to untimely graves, thus blasting the brilliant hopes of parents and blighting in the bud the glorious ambition of many a noble youth, can be cured by the use of this

Infallible Remedy,
and as medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found. If you have contracted the terrible disease, which when once seated in the system undermines the constitution, sapping the very vital fluids of life,

Procure the Remedy at Once.

The Leprous distilment, whose effect
Holds such an enmity with blood of man,
That swift as quicksilver it courses through,
The natural gates and alleys of the body,
Curdling, like eager droppings into milk,
The thin and wholesome blood.

Beware of Quack Nostrums & Quack Doctors.

HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT OF BUCHU

is prepared directly according to the RULES OF PHARMACY & CHEMISTRY, with the greatest accuracy and chemical knowledge and care devoted in its combination. Its popularity has extended in all directions, and whether used in town, country, hospital or private practice, has invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. It has been and is used in all the principal cities in the United States and British Provinces, in both public and private practice, with great success. Henceforth let it be understood, for the proofs are too overwhelming to be contradicted, that Helmbold's Highly Concentrated Compound Fluid Extract Buchu, is the most valuable remedy ever offered to the afflicted.

The mass of voluntary testimony in possession of the proprietor is immense, embracing names well known to SCIENCE AND FAME! Celebrated Physicians and Distinguished Clergymen.

See Professor DEWEE's valuable work on the Practice of Physic and most of the late standard works of Medicine.

Dr. EPHRAIM MCDOWELL, a highly distinguished physician and member of the Royal College of Surgeons, Ireland, and published in the transactions of the King and Queen's Journal, says: "The Fluid Extract Buchu having been lately strongly recommended, I was induced to make it a trial, and my experiments have resulted in the most satisfactory manner, having succeeded in saving the most inveterate cases in which I had no hopes of success."

An interesting letter is published in the Medico Chururgical Review on the subject of Extract Buchu, by BENJAMIN TRAVERS, F. R. S., speaking of Syphilis and diseases arising from excess of mercury, he states that "no remedy is equal to it—its power is extraordinary, more so than any drug I am acquainted with. It is in the strict sense a Tonic with this invaluable attribute, that it is applicable to a state of the system so sunken and yet so irritable as to render other substances of a Tonic class unavailable, or injurious." We take the liberty of marking, (in Italics,) says the distinguished, Dr. Johnson, because we most cordially concur with Mr. Travers in his statements of Extract Buchu.

It is a medicine which is perfectly pleasant in its taste and odor, but immediate in its action, and it is taken by persons of either sex, without hindrance from business or medical advice, as explicit directions for use and an ample number of reliable and responsible certificates to convince the most skeptical will accompany each bottle.

THE MEDICINE OF THE MILLION.
PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

The National Complaint.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dyspepsia, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always threaten life, are relieved for the time being, and invited for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Fever and Ague	Piles
Bowel Complaints	Female Complaints	Stone & Gravel
Coughs Colds	Head-aches	Secondary Symptoms
Chest Diseases	Indigestion	
Costiveness	Influenza	Venereal affections
Dyspepsia	Inflammation	
Diarrhœa	Inward Weakness	Worms of all kinds
Dropsy	Liver Complaints	
Debility	Lowness of spirits

"Pale and wan, she grew still weakly,

MISS MARY A. SCHOFIELD.
AN INTERESTING NARRATIVE.
"Truth stranger than fiction."

LET THE AFFLICTED HEAR THE TESTIMONY OF A LADY.

TO those who have the pleasure of knowing her, we need say nothing, but to others we remark that a desire to benefit the suffering induces her thus to speak. None can appreciate her joy and gratitude in being relieved from pain, after years of suffering almost unparalleled, but those (if there be any) who have suffered like her.

Miss S. has been a resident of this city—for the last two years has been successfully conducting a school at No. 630 Baltimore street. The happy change in her health is a subject of astonishment and joy to her numerous friends. We ask those interested to call on her. She will tell them more of her cure by *Hampton's Tincture* than she has written. Thus it is this remedy goes on giving relief to the sick. We refer the public to them. From more distant places we also hear of the same happy result. These facts, with the concurrent testimony of thousands, should cause scepticism and prejudice to hide their heads and concede that Hampton's Tincture is in truth a wonderful discovery.

BALTIMORE, Oct. 18, 1855.

MESSRS. MORTIMER & MOWBRAY; Gents:—I have delayed entirely too long in writing to you in relation to the virtues of Hampton's Tincture. I fear, even now, that I cannot give the afflicted world a just idea of the good I have derived from its use; the benefits have been so great that I feel inadequate to the task. I was attacked with the chronic rheumatism in its most malignant form, at the early age of two-and-a-half years, and continued to be so afflicted until I crossed the Atlantic Ocean on my way to America, at which time it changed its form into a gathering. I had at this time attained my growth, and never expected to be well again, as the disease came, in the first place, of my being VACCINATED from a child who had the white swelling. When my gathering first broke it did not discharge less than one quart, and so continued to trouble me every time I took a cold or was in the least fatigued; my bodily strength was reduced to the weakness of infancy. I was several times very near to the grave; my hip joint had been out of place ever since I had the first attack. At the age of thirteen my hands became dislocated. These sufferings, and the general debility I felt from the constant discharge of my gatherings, caused me often to think that I should never be permitted to know how it felt to be free from pain and suffering, even for one hour, until my poor body should be changed, and become like unto "Christ's glorious body," at least, until this mortal have put on immortality."

I had taken so many medicines, and received so little benefit, that I had confidence in NONE. I had used of very nearly all the CELEBRATED LINIMENTS, and other external remedies I had heard of. I had been placed by my friends under some of the best physicians in England, and all the relief I ever obtained was but of transitory duration.

When I first heard of Hampton's tincture I had not the slightest confidence in its efficacy, but I had a friend who had known Mr. Jarrett Plummer when his sufferings were at the worst, and had witnessed the cure wrought upon him. To please her I consented to try the Tincture, and I had not taken ONE BOTTLE before I began to feel its beneficial effects—my strength returned—my appetite became good—my complexion was clear—I felt like another person.—Through the influence of this friend you became acquainted with my case, and requested to see me; you told me my case was such a peculiar one that you would like to see the effects of the Tincture fully developed in it, and if I desired to take it, you would present it to me, if it was for the space of five years—but only eighteen months have elapsed, and I HAVE LOST EVERY SYMPTOM OF MY DISEASE; I have become strong and hearty—I can stand as much if not more fatigue than most of my lady acquaintances. I have a beautiful complexion, and all my friends say I am getting quite FLESHY—one thing is certain, MY LAME LIMB is quite as large again as it was before, and I can trip about home without a crutch.

I often wish my parents had known of this remedy when I was a child, as I believe I should have been saved the excruciating pain I have been subjected to, as well as the deformity of body I must carry to the grave, and my parents would not have been under such heavy expenses from doctors' bills and in sending me, as they did, to the celebrated springs in England in search of health. I wish all the afflicted world could see me, and hear the benefits I have derived from this Tincture of Hampton's. I try to make all acquainted with its virtues with whom I come in contact.

Gentlemen I am a thousand times obliged to you, and you are at liberty to use my name and case to all. I remain yours, in gratitude,

EASE AND COMFORT.

HOLLINGSWORTH'S *TWO HUNDRED FLOATING BALLS, or KNUCKLE WASHING MACHINE*, will wash one dozen pieces of clothes in two minutes without injury to the most delicate material.

This Washing Machine has taken the premium at all the Fairs where exhibited. It is pronounced by all who have seen it *the wonder* of the age. It is so simple in its construction as not to get out of order.

The Machine is so easy to work that small children can take part in it; any half-grown girl of ordinary strength, however little used to labor, can do a regular week's washing, and derive great benefit from the exercise, it being of the very best kind for strengthening the arms, chest and loins.

BANK NOTES.—It will wash bank notes without tearing or injuring them. Therefore not only is great labor saved, but the clothes are not injured as by other machines and rubbing boards. This will be apparent to all who see it in operation as it is not a rubbing machine. No boiling of clothes required. We invite the public to call and see it; also ask the Ladies (who wish to purchase) to send their servants with soiled clothing to No. 240 Baltimore street, (up stairs) where we wash them so quickly as to convince the most sceptical. To meet the circumstances of all we put it at $12. We give the testimony of a few of the hundreds who are using them.

THIS GENTLEMAN is well known throughout our own and other States as a chemist:

SYKESVILLE, Md., March 5th, 1856.

MESSRS. MORTIMER & MOWBRAY,

Gentlemen—In reply to your inquiries in regard to Hollingsworth's Floating Balls Washing Machine, I have to say the principle is certainly the best I have ever seen or used for the saving of labor, clothes, time and soap. Those in my family say they can wash six pieces by this machine to one on the old plan, and not feel the labor; the clothes being better washed. We are perfectly satisfied with the machine, and recommend it to all our friends.

Yours, with respect, WM. BAKER.

BALTIMORE, June 19, 1855.

This is to certify that the undersigned has in use one of the PATENT KNUCKLE WASHING MACHINES, and finds it to be everything claimed for it. The labor is greatly lessened, and the expedition with which a heavy washing is accomplished is surprising. A washday is accompanied by many inconveniences to well-regulated households, and any improvement by way of speed should be hailed with pleasure; and in this machine that is certainly obtained. The undersigned believes that the KNUCKLE WASHER must be generally adopted, as much time and labor are both saved, and the work better done, while the articles are not injured by the usual friction of rubbing in the old way of washing.

JOHN F. MCJILTON, "Baltimore Patriot."

I fully endorse the above recommendation of Mr. McJilton. F. D. BENTEEN,

Baltimore street, near Light.

I have the KNUCKLE WASHING MACHINE in use in my family, and cheerfully concur in the above recommendation. JOHN L. REESE, Jr.,

No. 82 Camden street.

[From J. Wills, Esq., one of the proprietors of the Baltimore Patriot.]

I have had in use in my family for some time one of HOLLINGSWORTH'S PATENT KNUCKLE WASHING MACHINES, and feel no hesitancy in pronouncing it one of the very best instruments of the kind now in use. I make this assertion from having seen its operations, and upon the unreserved recommendation of washerwomen who worked it.—The principle on which this washer operates is thoroughly scientific, and at once indicative of its utility. My impression is that the Knuckle Washer must gradually find its way into general use. Some of the many advantages possessed by it are expedition, thoroughness in cleansing garments, and the ability to wash goods of the finest texture without causing the slightest wear or injury. Every family who can conveniently, should have this most excellent Washer. J. WILLS, Baltimore, Md.

Having had the KNUCKLE WASHING MACHINE in my family, I cheerfully concur in the above recommendation. E. Y. REESE,

GRANGER'S MAGIC
CORN AND COB MILL.

THIS celebrated Mill, which to describe all of its merits would make too lengthened an advertisement, but will state for the benefit of the Agricultural community, that we are selling the

No. 1 MILL, all complete, for $25— grinding 4 to 8 bushels per hour.

No. 2 MILL, complete, for $35—grinding 8 to 10 bushels per hour.

No. 3 MILL, complete, for $45—grinding 10 to 15 bushels per hour.

Which will put this Mill *within the reach of every Farmer—at same time fully warranted.*

There is one of the Magic set up in my Warehouse, and can be seen at any time, worked by three men, performing the same work that in other Mills requires a horse.

AYER'S
PILLS
Are curing the Sick to an extent never before known of any Medicine.

INVALIDS, READ AND JUDGE FOR YOURSELVES.

JULES HAUEL, Esq., the well known perfumer, of Chestnut street, Philadelphia, whose elegant products are found at almost every toilet, says:

"I am happy to say of your CATHARTIC PILLS, that I have found them a better family medicine than any other within my knowledge. Many of my friends have realized marked benefits from them, and are rapidly believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual but safe and pleasant to take, qualities which must make them valued by the public, when they are known."

The venerable Chancellor WARDLAW, writes from Baltimore, 15th April, 1854:

"DR. J. C. AYER—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which *cure*, and I feel it a pleasure to commend you for the good you have done at home and abroad."

JOHN F. BEATTY, Esq., Sec. of the Penn. Railroad Co., says:

"*Pa. R. R. Office, Philadelphia, Dec. 13, 1853.*

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I feel content to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Westworth, N. H., writes:

"Having used your CATHARTIC PILLS in my practice, I certify from experience, that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a sure remedy, than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe, qualities which make them an invaluable article for public use. I have for many years known your *Cherry Pectoral* as the best Cough medicine in the world, and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

"*Acton, Ms., Nov. 25, 1853.*

"DR J. C. AYER—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years' trial, and an untold amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write, can only be imagined when you realize what I have suffered, and how long.

"Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now am entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth
