People's Baptist awards its first scholarship grant

People's Baptist Church, 2109 N. Greenmount Ave., began last September "to see a dream come true," according to the pastor, the Rev. George S. Smith.

That's when the church granted its first four-year college scholarship to one of its young members.

She is Miss Leola Jones, a June graduate of Eastern High School, now a freshman at Morgan State College.

The Church Scholarship Fund will assume full responsibility for her college education, the pastor said.

Responsible for the scholarship program was the pastor's belief that "religion in its truest form should not only prepare one for a kingdom on high, but should prepare persons to live better lives."

For Advance Federal: another good report

Another year of progress and growth was enjoyed by the Advance Federal Savings and Loan Association during 1964, according to the institution's annual report issued this week.

Dr. W. O. Bryson Jr., president of Advance Federal Savings and Loan Association, said that asset growth of $788,064 during 1964 represented a 43 per cent increase over total assets held one year ago, and that the growth reflected a combination of increase of mortgage loan and savings balances outstanding.

He added that the flow of personal savings appears to have been stimulated "materially" by the granting of a federal charter to Advance Federal and obtaining insurance for accounts up to $10,000 by the Federal Savings and Loan Insurance Corporation.

Net savings gains at Advance Federal Savings and Loan Association in 1964 totaled $759,065, bringing total savings held by the institution at year end to $2,472,992.

The savings and loan institution also reported record annual dividend payments during 1964 totaling $80,631 based on a regular dividend rate of 4 per cent.

New mortgage loans made by the association during 1964 amounted to $919,975 and the total mortgage loans outstanding at the end of the year climbed to $2,224,207.

* * *

IN THE ANNUAL report to the association's savers Dr. Bryson commented:

"Although business competition has been considerably more severe this past year, we are most pleased with the continued progress of our institution and its expanded services to this community."

Dr. Bryson foresaw the possibility of "some pick-up" in housing activities both in the local community and across the nation in 1965.

"A continuation of the present prosperity, another tax cut, ample mortgage credit —these factors suggest some strengthening in demand for single-family homes," said Dr. Bryson.

During 1964 two new services were added for the convenience of members of Advance Federal. The Association began issuing Money Orders last fall.

The Federal Reserve Bank of Richmond qualified Advance Federal to act as an issuing agent and a paying agent for United States Bonds in December.

Teens to sell peanuts Jan. 23

A battalion of young people organized to help the March of Dimes in the fight against birth defects, vowed that even though they were snowed out last Saturday and could not vend their peanuts March of Dimes, they are ready to see their mission accomplished if it takes until summer.

Social Security office is moving

The social security district office servicing Baltimore's north side will move to Towson, Jan 25 according to R.W. Hughes, district manager. The office with 60 employees will relocate from its 3107 Greenmount Ave. site to the Shell Building at 200 E. Joppa Rd.

The new location, Mr. Hughes said, recognizes the importance of the Beltway as a main traffic artery and along with offices in downtown Baltimore and Glen Burnie will give more balanced distribution of social security service and facilities for the entire metropolitan area.

The Towson Office will continue to serve the same area as before which includes residents of Carroll, Harford and Cecil Counties as well as the same postal zones in Baltimore City and County.

In this area, approximately 80,000 people receive social security benefits totalling $5,500,000 each month, the manager reported.

Some free parking for social security visitors will be available at the new location, which is just east of the meeting of York and Dulaney Valley Roads.

The Shell Building is easily reached from Beltway exits 26, 27, and 28. Visitors using public transportation may reach the office on Baltimore transit bus, Number 8, and by some lines of the McMahon Bus Company.

Fight continues on Mayor's bias

DEARBORN, Mich. (UPI) —Co - Chairman Damon Keith of the Michigan Civil Rights Commission said Friday that Mayor Orville Hubbard of this Detroit suburb has posted new anti - colored clippings on his City Hall bulletin board.

The Mahor's action came this week Keith said, after a three - man commission hearing recommended that a permanent order be issued restraining Hubbard and his aides from posting such material on bulletin boards in public buildings.

The full commission will meet Jan. 26 to act on the committee hearing recommendation.
