VALUABLE

Real Estate for Sale.

THE subscriber, as agent for Mrs. Mary E. Emory, offers for sale her valuable Farm situated on Skipton Creek and Wye River, in Talbot county, Md., about eight or ten miles from Easton, the county seat, and convenient to church and schools. This farm contains **101 Acres**, of which about 180 Acres are well covered with valuable Oak, Chestnut and Walnut Timber.—The rest of the track is arable and susceptible of the highest improvement.

The buildings on this farm are a large new and convenient residence, granary, corn house, stables, and servants' dwellings, and all other requisite out-buildings in a good state of repair.

This farm is most eligibly situated on Wye River, and has several landings on it for the delivery of grain and other produce. The river furnishes an abundant supply of fish, oysters and wild game. The situation is very healthy and the land is well located and supplied with an abundance of excellent drinking water. The arable land is in good condition and has a quantity of shell marl; the use of which would render it highly productive.

The natural advantages of this farm are as great as those of any farm in the country, and offers the strongest inducements to purchasers.

Persons wishing to make a profitable investment should view this valuable farm and judge for themselves. WM. HAYWARD, Agent.

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather, they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S ALWAYS OPERATE PERFECTLY, being strong, durable and complete in contrivance and workmanship. A perfect sewing machine kept employed affords a clear profit of $1,000 a year; but an imperfect one is a cause of constant vexation and loss. The entire RELIABILITY of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye, not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skilful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for family use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.

☞ New machines of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make, or for operative manufacturers. Local Agents wanted to sell our machines.☜

N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I. M. Singer & Co's Gazette," a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

If you want a Good Paper subscribe for

"THE NATION."

The most popular Weekly in America, which has immediately upon its issue, sprang into an

IMMENSE CIRCULATION.

THIS rapid success is unprecedented in the history of Journalism, and can only be accounted for by the fact that the Proprietors have employed, without regard to expense, the

STAR WRITERS OF AMERICA.

The Nation is the only Paper which contains the witty, humorous and side splitting sketches of that *Comical Genius*, and unrivelled humorist, *Knight Russ Ockside, M. D.*

Of which series, one sketch alone is worth the whole years subscription.

THE NATION

IS EDITED BY

S. M. BIGLOW,

AND

MRS. E. D. E. N. SOUTHWORTH,

Who is well known as one of the most popular writers in America. In addition to the above we have engaged as contributors:

Clara Moreton, Henry W. Herbert,
Alice Cary, W. W. Fosdick,
Mrs. A. F. Law, C A Page,
Mrs E F Ellet, Ben. Casseday,
Park Benjamin, W P Brannan,

And numerous others.

TO THE FAIR SEX,

We particularly commend our sheet. Their department will be edited with the utmost care and no expense or labor spared to render the columns devoted to their personal benefit, unusually brilliant, attractive, instructive and ornamental

THE FARMERS & PLANTERS' CORNER will contain practical suggestions and Agricultural hints, contributed and culled from sources the most reliable, and containing information which will prove to them in the course of a single year, of almost incalculable benefit.

The other departments of our paper will receive the attention they respectively demand, each being especially and carefully prepared to meet the varied tastes of the several classes of its readers.—Among these we may mention

Original stories and Poems, Editorial Ramblings and sketches, spicy City News, Washington Gossip, New York Chit Chat, the Latest Paris Fashions, Practical Receipts for the household and Toilet, 'the Little One's' Department, Gems from Prose and Poetry, Reader's Guide, Historical sketches, Translations, &c., &c.

The Nation is issued in Quarto Form, (eight pages,) and each number will contain at least two Original Engravings, thus furnishing our subscribers at the end of the year with a volume containing 416 large size, beautifully printed pages of unsurpassed Novelletts, sketches, &c., &c., together with over 100 Original Illustrations.

The NATION is sent at the following remarkably low subscription and club Terms: invariably in advance.

Single Copies,	$2 00	per annum.
Two "	3 50	"
Three "	5 00	"
Six "	9 00	"
Ten "	15 00	"

☞ And one copy free to the geter up of the Club of Ten.

☞ All those sending us subscriptions from the British Provinces, must enclose in addition to the subscription price, 25 cents for each subscriber, as we are compelled to prepay the United States postage.

All Letters containing money should be registered, and directed plainly, and they will come at our risk, otherwise we *are not* responsible for them.

☞ Specimen copies will be sent free to Post Masters, Agents, and all who wish to get up a club;—to all others, on receipt of four cents in stamps. The expenses of registering is only 5 cts.

"As a literary and family journal, we have no hesitation in pronouncing it the best among our exchanges We advise the Ladies to procure it without delay."—*Fulton, Pa., Republican.*

"We dislike puffing city emanations, but in this case we are bound to give way to merit. Unlike many city cotemporaries, the Nation is composed of sound substantial and useful matter, and is not filled up with an over dose of flimsy, wishey-washy stuff from the hands of crack-brained authors.—*Erie City Dispatch.*
