THE BOARD of Education of Baltimore County at its meeting on May 13th reaffirmed its free choice enrollment policy for students living in school districts served by more than one public school.

Taking time out from her busy schedule was Miss Ann Law from Homesburg, Penn., who motored to Baltimore to attend a three-day convention at the Lord Baltimore Hotel.

Miss Law is a special office in charge at Homesburg State Prison for Women. Nevertheless she wasn't too busy while in Baltimore to forget her old pal, Mrs. Marie L. Johnson of Old Frederick Rd. Saying hello also was another old friend, Mrs. Ella Bailey, wife of the late J. C. Bailey of this city.

Many members have joined the East Towson Improvement Association to work out a meaningful solution of what to do when a proposed county road forces established citizens to move.

Hospital costs $39.71 per day

General hospital costs in Maryland increased to an average of $39.71 per day, or 7.15 per cent during the 12 months ended June 30, 1964, according to the ninth report of the Hospital Cost Analysis Service, Inc., whose figures are used as the basis for payment for State indigent patients and Blue Cross subscribers.

This compares with a percentage increase of 6.25 during the 12 months ended June 30, 1963.

The increase is the result of many factors including the higher costs of several modern buildings, the expansion of facilities and services, the increase in the number of inpatient days of care and outpatient visits and rising costs generally.
