Tawes appoints group on drugs

Gov. J. Millard Tawes this week announced the appointment of a 15-member Commission to study the problem of drug addiction.

The commission, approved by the General Assembly at its 1965 Session, will be headed by Gerald Siegel, delegate from Baltimore's Fifth District.

Among other aspects of the problem, the commission will review Maryland's criminal laws relating to drug addiction and the facilities available in the state for treatment of addicts.

Now 105,919 new drivers in state

Operators licenses were issued to 105,919 Maryland drivers during the first 10 months of fiscal 1965, Commissioner of Motor Vehicles John R. Jewell has reported.

Together with renewed licenses this bring the total of Maryland drivers to 674,230, he said.

Department figures show that there are about 100,000 more male drivers than female in the state, proving that the accident rate cannot be blamed entirely on the women.

Prince Georges County leads all counties in the number of new licenses granted with 24,252. Baltimore City residents lead in renewals with 113,667.

MAY 30

The annual memorial service for deceased members of the Baltimore City Police Department will be held at Old Saint Paul's Episcopal Church Charles and Saratoga Sts., at 9 a.m. Families and friends of members of the Department are invited to this Memorial Service.

MAY 31
