## Hospital orderly cited for 35 years of service

William Richardson's big moment came last week when Charles Irish of the Franklin Square Hospital was presented with an award for 35 years of service.

The occasion was Service Award Day when 28 members of hospital personnel received service award pins. Mr. Richardson's pin was the last to be given and the only one with a diamond.

Mr. Richardson, a 57-year-old orderly and his wife Mrs. Elizabeth Richardson and daughter, Barbara Joyce, live at 321 Gwynn Ave.

Mr. Richardson came to Baltimore when he was 17 and worked at the Home for the Aged at Lexington and Calhoun Sts.

He was employed five years later by the Franklin Square Hospital which was barely a block away to Calhoun and Fayette Sts.

Romance blossomed for Mr. Richardson in 1944 when he met pretty Mrs. Richardson, who worked in the hospital laundry. She is now a maid in the nurses' home. Mrs. Richardson received her 20-year pin in 1964. A combined service record for Mr. and Mrs. Richardson total 65 years.

Presiding at the awards ceremony was Mr. Irish, vice president of the Franklin Square Hospital board of trustees; Sanford Kotzen, administrator; and Denwood Kelly, executive director of the Maryland Blue Shield Plan, who was guest speaker.

Science Shrinks Piles New, Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, — some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form called Preparation H®*. Ask for individually sealed, convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

* * *

## Bogalusa still hot: league urges action

BOGALUSA, LA. (UPI) — South Louisiana's racial tension, seemingly moving toward a lull 24 hours ago, was building anew.

Bogalusa colored citizens called a five-day "cooling - off period" yesterday a few hours after it was announced.

Meanwhile, the Ku Klux Klan circulated a leaflet condemning state and city officials, and segregationists announced they would begin collecting signatures on a petition to recall Mayor Jesse Cutrer.

In Plaquemine, scene of Louisiana's most intensive and extensive racial strife during the summer of 1963, colored leaders charged city officials refused to meet with them to discuss a seven - point demand for social and economic reforms.

* * *

A. Z. YOUNG, president of the (colored) Bogalusa Civic and Voters League, announced Tuesday pickets would be withdrawn from downtown stores through Sunday night.

He said the white attitude would be evaluated during that period and a decision would be made Sunday night whether picketing and demonstrations would be continued or expanded.

A few hours later, Young said the whole thing was off.

YOUNG SAID merchants refused to meet with league representatives to discuss equal job opportunities for colored citizens.

Robert Brock, chairman of the Chamber of Commerce merchants committee, said the move came as a surprise to him. "I don't know a thing about it," he said.

Last Sunday, Cutrer announced that all segregation ordinances would be repealed, public facilities would be desegregated, colored citizens would be hired by the Police Department and the law would be enforced fairly without regard to race or color.

* * *

THE LEAGUE statement said thus far Cutrer's promise of fair police action "has been meaningless."

A leaflet published by "The Original Ku Klux Klan" of Louisiana, circulated through Bogalusa Tuesday urged that Gov. John J. McKeithen, Mayor Cutrer, Congressman James Morrison, Sen. Russell B. Long and several legislators and law enforcement officers by tarred and feathered.

## Crack OAS ring

PARIS — A terrorist ring led by two high police officials with Secret Army Organization (OAS) connections was broken up in western France two days before President Charles De Gaulle visited there.

## Slain Detroit rights worker's husband to sue 2 Mich. cops

DETROIT (UPI) — The husband of slain civil rights worker Mrs. Viola Liuzzo today called off his demand for a public hearing into how a confidential police file got into the hands of the Ku Klux Klan and said he will file suit against the two men who gave out the report.

The decision to call off the public hearing was made in a telegram from Anthony J. Liuzzo to Detroit Police Commissioner Ray Girardin and the Detroit Common Council.

Mrs. Liuzzo was slain March 25 on a highway near Selma, Ala., after a freedom march on Montgomery. A confidential report on Mrs. Liuzzo's background, obtained by Detroit police, was sent to Selma Sheriff James Clark by Warren, Mich., Police Commissioner Marvin G. Lane.

It later developed that Lane obtained the report from Inspector Earl C. Miller, head of the Detroit Police Department's Criminal Intelligence Bureau. Miller was subsequently removed from his job as head of the CIB and transferred to the Crime Control Center.

He never was established how the Klan obtained the report. Lane said he sent only one copy to Clark and to no one else.

* * *

LIUZZO SAID he would take court action against Lane and Miller.

In his telegram, Liuzzo said he felt that "any hearings, public or otherwise, will only serve to use the Detroit Police Department as a whipping post for victims of the action of one man (Miller)."

Liuzzo said he was "proudly taking appropriate legal action against Miller and Lane in their individual capacity."

Liuzzo issued the Detroit Police Department and Commissioner Girardin and said the department was "one of the nation's outstanding law enforcement agencies."

He said there was no indication that either Miller or Lane "were representing their respective police departments" in connection with the file on his wife. He said a public hearing would serve no worthy purpose.

* * *

"MILLER AND Lane have been on a private venture and frolic of their own and they should be required to answer — as individuals for their indiscretions," he said. "After the institution of my law suit against Miller and Lane, court rules will require them to answer under oath questions that will reveal their shabby motives and bring to light the devious methods of operations of these men who call themselves officers of the law."

Lane said he provided the report for Clark as a "courtesy" to another law officer.

## Revolution whys are questioned

SAN JUAN, Puerto Rico (UPI) — Leroy Collins, director of the administration's Community Relations Service, cautioned Tuesday night against blaming communism for every revolution, including that of the Dominican Republic.

"It is not fair to the millions upon millions of people who struggle for no other reason than to improve their own and their children's lot in life — indeed, it is an outrageous distortion of history — to credit their aspirations to Karl Marx or any of his latter-day followers," Collins told a meeting of U.S. and Latin American lawyers.

"I hope we are learning that force is not always the answer to Communism, but even can become its greatest incubator," the former Florida Governor said.

* * *

"THE STRENGTH — of our country, beyond military might, must lie in affirmative, creative efforts to help people rid themselves of the ravages of poverty and the oppression of tyranny," Collins said in a speech prepared for delivery to a joint meeting of the American Bar Association and the Inter - American Bar Association.

Set up last year by Congress under the Civil Rights Act, Collins' agency is designed to help local communities resolve their racial disputes.

Collins said colored citizens of Selma, Ala., and peasants of the Dominican Republic are after the same thing, "human dignity - and freedom." He called the story of Selma and the Dominican Republic "the story of two - thirds of mankind . . . the current history of humanity."

* * *

"THE EASY answer is to blame this unrest on Communism. But the truth is just not that simple," Collins said. "If Moscow and Peking suddenly were to become centers of democratic enlightenment, or the Soviet Union and China were to disappear from the face of the earth without a trace, the unrest would not stop," he said.

## Clergymen hold Boston Reeb vigil

BOSTON (UPI) — About 800 delegates to the Unitarian-Universalist General Assembly here voted to stage a silent vigil Wednesday to honor slain civil rights clergyman, the Rev. James A. Reeb.

The Rev. Jack Mendelsohn, minister of the Arlington Street Church where the Rev. Reeb ministered before he was fatally shot in Selma, Ala., offered the resolution. It also called for a silent parade through the downtown streets today to the site of the vigil, the sidewalk in front of the Boston School Committee headquarters.

The resolution was adopted by a 3-1 margin. Reeb was Unitarian - Universalist.

THE DELEGATES joined the Rev. Vernon Carter at where he has been staging a the school committee headquarters where he had been staging a "freedom vigil" since March 29 to protest de facto segregation in the Boston public school system.

The demonstrators remained silent for five minutes and then sang the song of the civil rights movement, "We Shall Overcome".

## Moral Re-Armament set for summer workshops

MACKINAC ISLAND, Michigan — J. Blanton Belk, in charge of the Moral Re - Armament program for the United States, announced here plans for a "Demonstration for Modern living America" at Mackinac School this summer.

"Moral Re - Armament is out to match the technological breakthrough in science with a breakthrough in the character development of man," he said.

FAYETTEVILLE, N.C. — In a "heart to heart," talk at the final chapel assembly of the 1964 school year, President Rudolph Jones urged Fayetteville State College students to "have a dream" as a basis for success in work and study.

## State Dept.

WASHINGTON (NNPA) — Mrs. Charlotte M. Hubbard, deputy assistant secretary of state for public affairs will attend the Regional Foreign Policy Conference in Pittsburgh June 17.

The conference, held under the auspices of the State Department, will bring together citizen leaders, media representatives and government officials who are responsible for formulating and carrying out foreign policy.

Mrs. Hubbard is the wife of Maceo W. Hubbard, a Justice Department attorney, and grew up on the Tuskegee Institute campus, where her father, Robert R. Moton, succeeded Booker T. Washington as school president.
