'Finest group ever' says MSAc hamps' coach

"This is the finest group of youngsters we've had here in a long time, probably for all time."

That was the proud reaction of Poly coach Bob Lumsden following the Engineer sweep of the 2-game series with City College for the Maryland Scholastic Association baseball championship.

"They didn't make any mistakes," said Hudak, "and we played to win. We played well ourselves, and might have been the winner against any other team. They played errorless ball behind solid pitching, and that's usually enough to win."

POLY'S JOE SIMONIK held City to four hits in running his mound skein to 10-0.

"Simonik, Buddy Smoot, Joe Matsek and Jerry Butler," observed Lumsden, in addition to being good athletes and fine boys.

Declared Hudak: "Even in losing, my kids made me proud of them" — LACY.

Gwynn Oak four lose court appeal

The U.S. Supreme Court refused to review convictions of four persons arrested in a civil rights demonstration at Gwynn Oak Park in 1959.

However, Chief Justice Warren dessented and questioned the validity of punishing the demonstrators under disorderly conduct charges.

He stated, "I fear the Court forgets that elemental principal of human conduct and demands on pain of criminal penalty the patience of Job."

Says Charger end Faison can be world's strongest

NEW YORK — San Diego Charger defensive end Earl Faison has the potential to become the strongest man in the world," says former U.S. Olympic trainer Alvin Roy.

According to an article in the current issue of Sport magazine, Roy has seen the six - foot five - inch Faison bench - press 350 pounds and dead - lift 550 pounds in spurt - the - moment tests of strength.

Says Roy, "Earl is the most magnificent physical specimen I've ever seen. He has this natural pulling power. If Earl had started lifting weights at 17, the Russians would have had to give up the sport."

* * *

HOWEVER, the Chargers don't pay the three — time, all - league selection for lifting weights, the article emphasizes. Earl, who earns about $20,000 a year, making him one of the highest paid linemen in the league, is one of the most consistent play - wreckers in football. Must coaches agree that his rushing and tackling are exceptional.

But Faison has been held back by a lingering knee injury. "I had a bad year last

EARL FAISON

season because I was worried about my knee," he says. "I'll trust it from the beginning next season and then watch me go."

* * *

CHARGER Coach Sid Gillman, aware of the physical and mental problems surrounding Faison's injury, says, "They shouldn't ever run over Earl Faison. At his best, he's the absolute best in the league.

"His pursuit may not be the greatest but he's very difficult to hold in a block. He's quick, strong, intelligent, he hits — he should be reaching greatness.

"If he ever completely gets over the mental thing with the knee — watch out!" warns Gillman in Sport.

Pay-TV fights banned in West Coast city

LONG BEACH, Calif., (UPI)—City Manager John R. Mansell said Tuesday that there will be no more pay-TV fights in the Long BEACH Municipal Auditorium "at least until the sport is cleaned up."

Mansell's statement came after the Long Beach City Council voted to back a federal investigation of professional boxing brought about by last week's Liston-Clay bout.

Many Long Beach citizens had blamed the City Council for allowing the fight to be shown in the auditorium, and Mansell speculated that a repetition might cause damage to the building by rioters.

Redistricting plan advances to referendum

The congressional redistricting plan, enacted during the winter session of the General Assembly, appears headed for referendum on next year's November general election ballots.

Lloyd L. Simpkins, secretary of state, announced this week 20,0404 signatures, a few thousand short of the approximately 24,000 needed, have been filed with his office.

The remainder must be filed by July 1.

The campaign is being conducted by a group of citiens who are trying to save Congressman Edward A. Garmatz his seat.

The enacted redistricting plan knocked his 3rd District out of the city, and put him in the 4th with Congressman George H. Fallon.

The courts have ordered congressional redistricting before the 1966 elections. Whether the old boundaries will be allowed or all candidates ordered to run at arge remains to be determined.

Indonesian troops on Rhio Islands

KUALA LUMPUR, MALAYSIA, (UPI)—Indonesia has moved about 1,400 of its best fighting men into the Rhio Islands a few miles south of Singapore, authoritative sources said.

The new force, comprising two battalions, transforms the islands from a military nuisance to a major threat to Malaysia, the sources said. In the past, Indonesia had only small invasion groups of between 30 to 70 men on the Indonesian Island group.

Israel warning

JERUSALEM, ISRAEL, — Premier Levi Eshkol warned that Arab leaders who speak against war with Israel may have tricks up their sleeves. He apparently was referring to U.A.R. President Gamal Abdel Nasser.

Nasser stunned some Arab leaders Sunday when he said the Arab bloc was not prepared at this time to go to war with Israel. He said Arab plans to divert headwaters of the River Jordan should be postponed until the Arab nations bordering Israel could better protect the project militarily.

Senate reapportion raises seats to 45

One of the major problems in the reapportionment of Maryland's General Assembly appeared to be well on the way toward being resolved this week, as its Legislative Council agreed on a plan for the Senate.

The plan, adopted by a decisive 15-4 vote, would hike from the present 29 to 45 allotment of Senate seats.

It would establish 11 senatorial political subdivisions over which these 45 seats would be distributed, grouping in most cases counties together to form a district.
