CHILDREN MAY STILL GET FUNDS

Unmarried minor children of deceased veterans remain eligible for pension payments even though their mother loses her eligibility by remarriage or because her income exceeds the limit for pension eligibility. In these instances, J. Quinn, office manager of the Baltimore Veterans Administration Regional Office pointed out, payments are stopped to the widow but continued to her children.

McCulloh - Whitelock Club is 20 years old; 'no arguments'

The 2400 block of McCulloh St. and eleven and 1200 blocks of Whitelock St., known as the McCulloh - Whitelock Neighborhood Club, celebrated their 20th year last week.

They spent a day at Colton Springs, Md., where they had dinner and played games.

In the past two decades they say they have been instrumental in putting up fences, doing away with a gambling hall, bad autos removed from back lots and kept out undesirable neighbors.

Members are partiocularly proud of the fact that they have been able to keep the neighborhood in god condition and, (we have) never had an argument among us.

THE CLUB is presently participating in the President Hospital Fund Drive. It also plans to continue aiding less fortunate neighbors.

Keeping the blocks clean has been the motto of the club for years.

When there were more children in the area, the blocks participated in the AFRO Clean Block Drive. Today, most residents are adults.

The officers of the club are: Mesdames Bernice Buckner, president; Bertha Cross, vice president; Helen Nahoela Lockett; recording Atkins, financial secretary; secretary.

Mesdames Eleanor Tyler, corresponding secretary; Cassie Johnson, treasurer; and Mary Williams, chaplain.

Hints for Homemakers

INEZ KAISER

There is no doubt about it. Hot weather is definitely here. And since high temperatures will bring cravings for something cool and good, why not try a light dessert topped with LUCKY WHIP.

I know how it is in the summer when you try to use the least amount of time and energy. Well, when you prepare a dessert with LUCKY WHIP, you conserve both time and energy.

All you do is pour one-half cup of cold milk and one-half teaspoon of vanilla into a mixing bowl, add LUCKY WHIP and then whip at high speed until it forms soft peaks.

If you like, you can prepare this delicious topping mix in advance, store it in a covered dish, and place in the refrigerator until you are ready to serve. It will be just as fluffy and fresh as when you made it.

And if you're watching your weight, you'll be glad to know that LUCKY WHIP not only is luscious and creamy, but also has only 13 calories to each tablespoon. Equally important, you'll find that while it looks like, whips like and tastes as luscious as whipped cream, it costs so much less. Pick up a package today and see for yourself.

We all know the various meanings of the three-letter word "all." But do we fully understand how they can be applied to a definite product?

Any one of the several meanings of this word can describe COLD WATER "all." For example—"all" means "beyond all doubt." To modern housewives and mothers, it is a known fact that this liquid detergent will clean family laundry items in cold water without a doubt. And it also is effective in hot water.

Another definition that could easily apply to COLD WATER "all" is "the greatest." For those of you who use it know the many great advantages of this concentrated detergent. It is great because it helps you save your hot water for other purposes.

It is also known for its great ability to help clothes retain their color and stay brighter, too.

The third definition that can be applied to the word "all" is "whole." COLD WATER "all" assures you of getting the whole job done. It can be used to launder your entire wash, white or colored articles included, and help eliminate those Monday-morning washday blues. You owe it to yourself to discover all of the advantages of COLD WATER "all."

Are you an investor? Is your investment in a dentifrice a good, sound one?

If it is not, then you have not tried STRIPE Tooth Paste. This colorful tooth paste contains hexachlorophene, the anti-bacterial agent which kills germs in the mouth that cause bad breath.

Why make yourself suffer and embarrass others because your teeth are not as clean or your breath as fresh as it might be? The red stripes in STRIPE remind you that you are getting the protection of tooth paste as well as mouthwash. Yet you buy only one product for this two-way protection.

Children enjoy brushing their teeth more with this eye- and taste-appealing tooth paste. And so do adults.

If you are a businessman or career woman, and are often attending luncheons, dinners, etc., it is good to know that STRIPE keeps your breath fresh four hours longer than the leading mouthwash.

It comes in four convenient sizes, and I am sure that your favorite grocer or druggist carries it. So why not invest in this thrifty two-for-one value, the tooth paste that cleans and serves as a mouthwash, too.

If you are looking for lasting deodorant protection, get the new improved LIFEBUOY today! With regular use, this toilet bar gives you up to 36 hours of protection.

Many people work in air-conditioned offices, but do not have air conditioning in their homes. You would be surprised at how the body reacts to such temperature changes.

A Businessman recently told me that he had become aware of this as he went from his comfortably cooled office and home and into the homes of others. He naturally did not want to "offend" as he met with clients. I suggested that he use LIFEBUOY—exclusively for his bath, and assured him all fear of offending would vanish.

He said he had read in this column that the new LIFEBUOY contains a remarkable deodorant and has a new refreshing scent. I told him that it did, and that it also had a new shape and color—a remarkable improvement over the old LIFEBUOY scan which many of us still remember.

Purchase several bars of LIFEBUOY and I am sure you will agree it is one of the wisest purchases you've ever made.
