HOUSEHOLD HINTS

Boat owners having to make emergency repairs in chilly water might keep a jar of petroleum jelly on hand. Bare hands smeared with the jelly are protected from the cold.

* * *

Two thickness of wax or freezer paper between hamburgers or chops will keep the pieces of meat separate when frozen.

* * *

When buying washable clothing, be sure to check each garment to make sure that all parts can be laundered. Check waistbands, pockets, linings, elastic and other finishings.

* * *

In buying a floor wax, check whether it is a water emulsion wax or spirit solvent wax. The first can be used on all flooring materials that are not damaged by water. The second variety is safe on all materials except asphalt and rubber tile.

A small amount of ammonia poured into a saucer and placed inside the oven with the door closed for several hours or even overnight will make removal of burned - on soil and grease easier.

Heavy quality toweling may be the solution for the right material to use as a covering for children's chairs and couches. Because toweling is easy to wash, it always looks bright and fresh.

Prices Effective Thru Saturday, July 3, 1965
