State probes fire at rights worker's home

ST. AUGUSTINE, Fla. (NPI) — A state investigation has been launched into a fire set at the house of a woman civil rights worker.

Deputy state fire marshal, T. W. Burkhart, said there were "definite signs of arson" but declined to elaborate. Mrs. Lucile Plummer, local secretary of the Southern Christian Leadership Conference, said a beach ball, wrapped with burning rags and filled with fuel, was thrown under a petroleum tank beside her home. The fire was extinguished before it damaged the house.

LIQUOR LICENSE PROTEST — Members of the Mt. Holly Improvement Association took to the picket line Tuesday to register their protest of the proposed transfer of a liquor license from a Drugstore at 3720 Windsor Mill Rd. to the Riteway Market at 3904 Clifton Ave. Liquor License Commissioners will hold a public hearing on the proposal Aug. 5.

Residents seek to ban liquor

Residents of the area are strongly protesting an application for a beer, wine and liquor license to set up a package goods counter in the Rightway Market at 3804 - 06 Clifton Ave.

The food market was picketed Tuesday evening by members of the Mt. Holly Improvement Association.

The Liquor Board has scheduled a hearing at 2:45 p.m. Thursday, Aug. 5 in Room 321, City Hall.

The proprietor of the market, Stanislaus Friedel, is asking the transfer of a license from a drug store about two blocks away at 3720 Windsor Mill Rd. The owners of the drug store are going to close it.

• • •

THE FOOD market has had a beer and wine license since December 1963.

Liquor Board records show that Mr. Friedel applied for and was denied an extension to a beer, wine and liquor license in November, 1964.

The board ruled at that time there were sufficient liquor outlets in the area.

Urban dept. due soon says HHH

DETROIT (UPI) — Vice President Hubert H. Humphrey told the nations's mayors Tuesday that "within the next week" the bill setting up a cabinet - level Department of Housing and Urban affairs will be signed into law.

He also annouced that his two - month campaign to drum up more jobs for young people this summer has surpassed its goal by more than 50 per cent, and he praised the mayors and their part in the effort.

Humphrey flew in to address the 42nd Annual Congress of the National League of Cities (NLC). He departed from his prepared text to tell some 2,000 delegates that the National Youth Employment Opportunity campaign has resulted in more than 780,000 new jobs since President Johnson tapped Humphrey to spearhead the effort June 1.

"And that's not even counting the 20 per cent or so who would have been working anyway," Humphrey said.

• • •

HUMPHREY POINTED out that the goal of the program had been 500,000 jobs for youth in the 16-20 age bracket. The Vice President said 50 per cent of the youngsters of this age were unemployed before the program began.

Members of CORE and other civil rights organizations picketed convention headquarters at Cobo Hall again, led today by comedian and civil rights leader Dick Gregory.

The pickets have demonstrated since Sunday, declaring support of protests in Chicago against Mayor Richard Daley. The groups maintain Daley allows and encourages de facto segregation in Chicago Schools.

The Vice President told the mayors the "Voice of urban America will be heard and respected" in President Johnson's cabinet through a Secretary of Housing and Urban affairs. A bill to set up the new department is approaching final passage by the Senate.

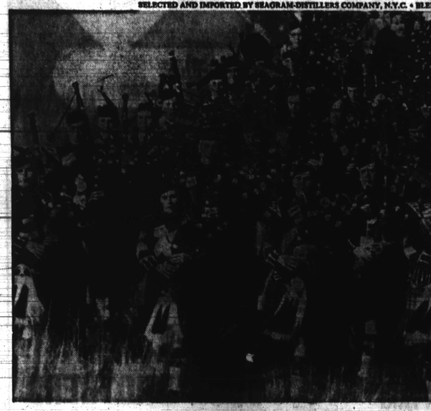
SELECTED AND IMPORTED BY SEAGRAM-DISTILLERS COMPANY, N.Y.C. • BLENDED SCOTCH WHISKY • 86 PROOF



100 Pipers from Scotland

The 11 best Scotches in the world combined by Seagram. Every great blend of Scotch is noted for the taste of a few key whiskies. Rich whiskies from Islay. Smooth Campbeltown whiskies. Fragile Speyside whiskies. Mellow whiskies from Keith.

And this gave Seagram an idea. What if these particular whiskies—the best whiskies from the world's leading Scotches—could be combined in one?

It wasn't as easy as it might sound.

Just getting them took well over a decade. Then came the job of putting them together. We tried 517 combinations of some 50 whiskies before we had the blend we wanted.

The formula for 100 Pipers uses 30 of these. Including the most important whiskies from the 11 best Scotches in the world.

So, the next time anybody mentions his favorite Scotch, just say you have some of it at home.

In 100 Pipers.

Six Maryland religious leaders to speak Monday

High church leaders will hold a public meeting 7:40 p.m. Monday at the Edmondson High School which will explore religious aspects of discrimination.

Six eminent churchmen will discuss "Discrimination — Religion's Problem." They will include:

Laurence Cardinal Shehan, the Rt. Rev. Harry Lee Doll, Episcopal Bishop of Maryland; Rabbi Uri Miller, leader of Beth Jacob Congregation; the Rev. Arthur Payne, pastor of Enon Baptist Church and pst president of the Maryland Council of Churches.

Also the Rev. Merrill Drennan, superintendent of Southeast District of Baltimore Methodist Conference and Dr. John T. Middaugh, pastor of Brown Memorial Presbyterian Church and Protestant panellist on "Faith to Faith."

• • •

THE sponsoring organization, the West Baltimore Inter - Faith, Inter racial Council, created a year ago because of discrimination problems.

It came from a suggestion from Father Jack Malpas, rector of St. Bartholomew's Episcopal Church, to his parishioners. He told his parishioners that they might possibly have more concern for and sens eof friendship toward their sister congregation in Ecuador than for a sister group just a few miles away at Lafayette and Wheeler Aves.

After several members of his congregation agreed that it is often easier to send mentalize ideas of brotherhood between groups where meeting is clearly impossible than where it is, the Council was founded.

Under the leadership of John Murdock, a scientist in the pathology laboratory at University Hospital and a member of Holy Trinity Episcopal Church, a group was ready for a workshop on ways of building a better community through improv- individual rel

Other churches in the neighborhood were invited to join. Among the more than 70 persons who attended the first workshop was Edward McHugh of St. Agnes' RC Catholic.

Mr. McHugh convinced that discrimination was not entirely a racial issue, he suggested the formation of an interfaith, interracial group to work toward the building of a real community in West Baltimore.

So the West Baltimore Inter - Faith, Inter - racial council was born with Mr. McHugh its president. The Council identifies its prime area of concern as that bounded east and west by Bentalou Sts. and Rolling Rd. and north and south by Windsor Mill and Frederick Ave.

• • •

THE group invites residents of West Baltimore t dents of West Baltimore to attend the workshop and hear the church leaders make definitive statements on discrimination.

After their formal statements, Monday each leader will lead a discussion group which members of the audience will have an opportunity to speak and ask questions.

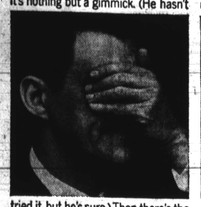
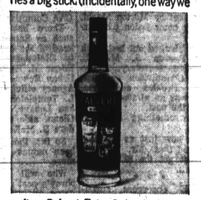
Have you hardened yourself against Soft Whiskey without even tasting it?

There are two types of characters who are certain Soft Whiskey doesn't work. There's the guy who's sure it's nothing but a gimmick. (He hasn't tried it, but he's sure.) Then there's the guy who believes Soft Whiskey is soft (he hasn't tried it either), but thinks it's soft, it's weak.





It does what any 86 proof does. It just does it softer. Soft Whiskey goes downgently. It sort of swallows softly, but carries a big stick. (Incidentally, one way we soften Calvert Extra is by distilling in small batches instead of giant ones.)

It's a lucky thing for us the skeptics are few and far between. (We've had phenomenal success.) Then why all this trouble to convert them?

Quite frankly, after all the work we've been through, we refuse to give up on anybody. We haven't hardened ourselves against them.
