They go to school together. They play on school playgrounds together. They go to church together. They work together. They go to school and pay taxes together. They go to the same school together. They have to be separated in this country that haven't had anything to do with slavery some place back in that the people who were formerly in slavery, regardless of anything else, shall be kept separate and apart as much as possible. It can't be because of slavery. It can't be because of color. It can't be because of race. It can't be because of the color of the skin. It can't be because of the color of the eyes.
