Jacob Taylor Esq

Dear Sir

On June 20 we ran the dividing line between your land and that belonging to Mr. Kernan. This line is described in the patent of Paradise Recurveyed and calls for stones at both ends of the line these stones we found and ran the line straight from stone to stone. Starting at the stone at shore of Back River the fence recently erected by Mr. Kernan is 14ft 6 ins on your land, at 652ft on the line the fence is 4ft 6 ins on your land, at 1077ft it is 9 1/2 ft on your land at Eastern Ave it is 11ft 3 ins on your land.

North of Eastern Ave the fence, runs from a point 3 feet 5 ins East of the line at ^{North side} Eastern Ave straight to the stone at the North end of the line

We have not examined the proceeding to open the County Road leading from Eastern Ave to Steamers Run, but if this road is 30 feet wide, the South end of it at Eastern Ave is either too far East or there is a strip of land lying between your outline and the Road.
