Md. League will mark 25th year

MARYland league—36 pt...

When the Maryland League of Women's Clubs holds its annual One-Day Conference, here, Saturday, it will also mark the silver anniversary of its founding.

The conference, which will begin with registration at 9 a.m. in the Belvedere Hotel, Charles and Chase Streets, will have the business session at 8:15.

Mrs. Maurice A. Lee, who heads the organization, will preside.

WORKSHOPS on the conference theme "The Club Woman and the War on Poverty" will follow the business session.

These, in turn, will be followed by the luncheon at which Dr. Edgar Cahn, special assistant to the Director of the Office of Economic Opportunity, will be speaker.

Discussions in the workshops will center on Head Start, Health and Public Affairs, Medicare, Youth, Employment and Education and Housing, Public Affairs and Health.

* * *

THE LEAGUE's citation will be made at the luncheon, and will go to Mrs. Henrrieta C. Martin, executive secretary of the Metropolitan YWCA, for outstanding community services. The award will be made by Mrs. Edna P. Campbell, first president of the League.

Other participants on the day's program will include: Mrs. Roger K. Williams, Mrs. Lillie Strother, Miss Marion L. Jones, Mrs. Emma Dudley, Mrs. Mercedese Douglass, Mrs. Elaine B. Nolan, Robert Holt, James Holecheck, Mrs. Barbra Mikulski, Mrs. Celia Crawford, S. Edward Smith, William D. Schacter, Edward L. Holmgren, T. Harwood Brown, Mrs. Talmadge Hill, Dr. Arthur J. Payne, and Miss Rcoecca Sydnor.

Veronica Tyler concert set

Miss Veronica Tyler, member of the Metropolitan Opera Company and holder of an AFRO-AMERICAN Scholarship, will be presented in concert at Murphy Fine Arts Center, Morgan State College 3:30 p.m. April 13.

The concert is free and open to the public.

Miss Tyler made her debut with the New York City Opera in 1964 and holds the distinction of being the only soloist to have been re-engaged by the Philharmonic Young People's Concerts and the New York Philharmonic Proms.

Hints for Homemakers

INEZ KAISER

"So why are you smiling?" my husband asked me the other day. Little did he know my happiness was twofold. With spring cleaning almost out of the way, my spirits were really lifted. But, more important, I had found an answer for a friend who never smiled because she had hard-to-whiten teeth. The answer—PEPSODENT.

Pepsodent

PEPSODENT outbrightens every other leading tooth paste. It has been proved in actual laboratory tests. It contains a special brightening formula so unique it is protected by a U.S. Government patent.

Smiling is a marvelous thing . . . wherever you see it. Sometimes we become so involved in personal affairs, we forget to smile. Smiling is most effective when you are the one doing it . . . and better still when that smile is bright, white and dazzling . . . a PEPSODENT smile.

My friend resolved that spring 1966 will be a "smiling one" for her. I feel this is a good resolution for her because no personality is complete without a smile...and PEPSODENT can make it possible.

May I suggest that you brush your teeth with PEPSODENT. It is unconditionally guaranteed by Lever Brothers to make your teeth their whitest and your smile its brightest.

Chatting over the back fence is a favorite spring pastime. It is especially enjoyable to me since traveling keeps me from seeing my neighbors as much as I would like.

Recently, one neighbor introduced me to the newest family "addition," asking me to overlook the stained blouse she was wearing. "Nothing I try," she said, "removes those food and juice stains from my clothing."

Lucky for her, I knew about COLD WATER "all," the revolutionary new way to do your wash in cold water. New COLD WATER "all," manufactured by Lever Brothers, is the amazing liquid detergent that washes clean and safe in cold water.

Many problems caused by hot-water washing can be eliminated. Stains will not set when washed in COLD WATER "all" as they do in hot water. It is helpful in other trouble areas like clothes shrinking and colors fading.

With COLD WATER "all" you can get everything from sheets to towels to shirts hot-water-clean in cold water. Synthetics wash whiter and look brighter, too. The new durable-press garments come out wrinkle-free, giving you leisure time away from the ironing board.

The next time you see your neighbor in the backyard, chat about new COLD WATER "all."

"Thanks for remembering ..." were the closing remarks of a thank-you note I received from a business associate whom I met with in Chicago recently. She was thanking me for remembering to send LUX BEAUTY SOAP to help her with complexion problems.

It seemed that winter winds had played havoc with her delicate skin, while mine remained soft and radiant, so she wanted to know my secret. I told her to use Lux Beauty Care, and how LUX BEAUTY SOAP contains a beauty secret every woman should know about . . . that there is softening lotion now in LUX.

New LUX softens your skin while you wash. Just lather up, and here is the secret . . . count to ten! By leaving the lather on while you count, you allow time for the lotion in LUX to do its softening work. Then rinse your face . . . pat it dry. That is all there is to it.

Your nearest grocer, drug or other stores have LUX BEAUTY SOAP in regular or bath sizes . . . to meet your family's needs.

In her note, my appreciative friend also commented about the "cute" shape, referring to the new fluted bar, and the "delightful" colors . . . white, green, pink, yellow and light blue.

Now I want you to remember that WHEN YOU USE LUX BEAUTY SOAP care you will greet spring with a radiant complexion. Once you do, you will say "thanks," too. Remember, too, that LUX has an unconditional money-back guarantee by Lever Brothers.

A Mother With 3 Sons In Viet Nam

By J. LINN ALLEN

"There's the same God over there as over here. You can walk the streets over here and get knocked off. You're just as safe over there."

With such thoughts Mrs. Lois Brockington calms her worries about her three eldest sons—her three sons who are all in Viet Nam.

Mrs. Brockington spoke with quiet satisfaction over her sons service to their country this week in her sixth floor apartment in the Lexington-Poe housing project at 755 W. Lexington St.

* * *

THE THREE — she has eight children in all — are:

Cpl. Robert F. Brockington, 24, with the 4th Replacement Co., Staging Battalion Unit 421, U.S. Marines.

Spec. 4 Leroy H. Brockington, 22, 365th Signal Detachment, U.S. Army.

Pfc. Hazel W. Brockington, 21, 320 Artillery, 1st Battalion 101st Airborne Division, U.S. Army.

THE ELDEST BROTHER is an airplane mechanic, the middle brother a clerk and the youngest, the only one directly involved in combat, Spec. 4 Brockington, wrote his mother that his paper work involves sending ammunition to his youngest brother's outfit.

All of the brothers enlisted and all graduated from high school in Hartsville, S.C. Mrs. Brockington, who is separated from her husband, has lived in Baltimore for

Daughter of banker slain in Capital

WASHINGTON

The daughter of B. Doyle Mitchell, president of the Industrial Bank, died early Thursday morning of injuries received during a domestic quarrel at her apartment in the unit block Farragut St., NW.

Mrs. Darlene M. Tinner, 23, a bookkeeper at the bank, was pronounced dead at Washington Hospital Center at 12:23 a.m. Her husband, Guy A. Tinner, 24, whose late grandfather was a well-known realtist, has been arrested on a charge of second degree murder.

Fifty people were present when Tinner appeared in the small U.S. Commissioner's room which comfortably

What will happen to Leroy Smith?

This is the story of a seven-year-old boy with a quick, shy smile and a winning eagerness to be liked.

It is also the story of a boy born prematurely with cerebral palsy and significant brain damage, a boy whose eyes are defective, a boy whose father was stabbed to death in a street incident last June.

Again it is the story of a boy who through a combination of ignorance, confusion and red tape had been unable to attend school since last May, and who probably still would be barred from the classroom if an AFRO reporter had not learned of his plight. He was re-instated Wednesday.

Finally, it is a cutaway picture in miniature of some of the problems of inner-city schools and their staff members a working model of how, with overcrowding, inadequate personnel and lack of coordination a youngster can get shunted around with no more idea of what is happening than a leaf in a tornado.

It is a story which, as a

Says accused extortionist laid abortion death to him

A well-known Druid Hill Ave. physician testified in Central Municipal Court Tuesday that he had been extorted of $1,975 since December 1965 by a man who threatened to accuse him of abortion.

Dr. George H. Pendleton, who maintains an office in the 1700 block of Druid Hill Ave., testified that threats, both of exposure and bodily harm, continued from December until he went to police when his money ran out.

BACK TO SCHOOL — Seven-year-old Leroy Smith smiles in happiness at the news he is going back to school after almost ten months out of the classroom. Beaming back at him is his mother, Mrs. Elizabeth Smith, as he practices writing in their home at 526 N. Chapel St. Administrative delay in processing his case kept Leroy at home until the AFRO took an interest in the youngster's plight.

Project mothers fighting to keep VISTA teachers

About 25 mothers from the Murphy Homes apartment building at 725 George St. were scheduled to meet with a Department of Education official Friday in an attempt to iron out difficulties over a nursery school set up by two VISTA workers in the building.

The mothers voted in a meeting this week to disband the nursery rather than allow the Department of Education to take over the project.

Mrs. Harriet Steinberg, of the Parent Education Division of the Department of Education, said Wednesday she hoped to explain to the mothers why it was necessary for a Department of Education teacher to be in charge of the project.

Ruling on liquor protests for Cherry Hill delayed

A quiet, two-hour hearing before Judge Charles Harris Thursday morning on the injunction to bar pickets from the home of the licensee for a liquor store in Cherry Hill boiled down to a balancing of the Constitutional rights of both parties — the pickets and Mrs. Leah Molofsky.

After the arguments, Judge Harris, who issued the original 10-day injunction and a 10-day extension barring the pickets from Mrs. Molofsky's Northwest Baltimore home, decided to study the case, which

"Please tell my mother not to worry about me. I am a man now and I plan to do my job along with 17,000 others," Pfc. Gregory Arnstead wrote his grandfather just before his death in action in Viet Nam.

The infantryman would have been 19 April 3 and had wanted to enlist when he was only 16 after graduation from Public School 91.

Pfc. Arnstead had asked his grandfather to send the most recent picture of himself to the AFRO-AMERICAN so that his former school friends would know that he was serving in Viet Nam.

Also accompanying the letter to the youth's grandparents, Mr. and Mrs. Thomas Franklin of the 1500 block Gilmor St., was a box of Pfc. Armstead's personal belongings.

Teachers' votes over five million as contest swings into its climax

This is it!

The last ballot in the AFRO'S Favorite Teacher Contest will be found on page two of today's edition.

This ballot and the thousands like them will become the passports for two lucky teachers to the fabulous vacation island of Bermuda when the winners are announced next Friday.

Before then, it promises to be a busy weekend, with the last minute flurry of voting that should push total votes past the six million mark.

All votes must be brought to the AFRO, 628 N. Eutaw St., or postmarked before midnight Monday, April 4.

Since the last tabulations on Tuesday an astonishing 800,000 votes were cast to push the total far over the five million mark — to 5,078,900 to be exact.

* * *

THAT VOTING saw Mrs Lucille Brooks of Charles Houston School 181 retain her hold on first place and increase her lead to 112,800.

Governor hopefuls hit zoning appeal

An attempt to block the building of a 1,320-unit apartment complex near Fort Meade through a zoning appeal was denounced this week by one announced and two unannounced candidates for governor.

Another avowed candidate joined an as yet uncommitted hopeful in declining to comment on the zoning controversy but re-affirming his stand for open occupancy in general.

Viet Nam stand splits King's Paris backers; $50,000 raised at rally

LYONS, France (UPI) — The Rev. Martin Luther King Jr. flew to Lyons Tuesday after a civil rights rally in Paris which stirred up fierce controversy among Americans in the French capital.

He is spending a week in France and Sweden to raise funds for the SCLCO.

Organizers of Monday night's rally, at which singer Harry Belafonte performed, said they hoped to raise $50,000 for King's organization. But they split among themselves over whether they should support him on the question of Viet Nam as well as on civil rights.

THE ORGANIZING Committee also got in hassle with U. S. Ambassador Charles E. Bohlen, who was advised by the State Department not to attend the rally.

The Department said his attendance might have been construed as a gesture of fe-
