A is the acknowledged beginning of Grindon and has never I believe been disputed as I have understood Grindon has no calls except a beginning from whence it runs course and distance.

B is the end of the S58 E 176 ft line of Grindon and is the 99th line thereof.

The course of Lot No 5 part of Grindon is as follows: out commencing at the beginning of the tract called Grindon and runs ^{thence} N25 W 54 ft to M N 34 ft to E 12 ft to the first line of Grindon thence N25 W 14 ft to abandoned white oak and abandoned Chesnut thence N 80° 10' W to M 59 E 42 ft to abandoned ~~the~~ ^{the} ~~line~~ at the end of the thirty ninth line of Grindon and thence to abandoned Grindon N72 E 136 ft S23 E 142 ft ~~Repeating~~ ^{Repeating} the courses of Grindon How or by what means ~~that~~ ^{the} course should be stated N59 E 42 ft is ~~to me~~ ^{to me} unaccountable for in fact the true course and distance from the end of the first line of Grindon to the end of the 99th line is N46 1/4 E 44 ft. The erroneous location of the end of that line has the effect shown on the

on the above plot The dotted lines being the Courses of the
died and the plain black lines the true Courses of
the lot so far as it relates to or is bound on the out
lines of Ground

~~No 3~~ The out lines of lot 5 were
originally located as designated

The Out Lines of Lot No. 5 were originally
located, as designated by the Black Line
(on the other side) Beginning at A and running
to B and so on to No. 1 from thence to No. 3 and
so back again to A —

But now the courses make the Location
according to the Broker's Line which runs
south of Gay's Enlargement & bisects it diagonally
and the Slip taken off from (by
that circumstance) shaded yellow (on the other
side) is about half of the Parallelogram
formed by the Tract of Land called Gay's
Enlargement which contains about 16 acrs
consequently I lose about 8 acres here from

so that my 3rd Line (for instance) is curtailed from

No. 2. to No. 3. instead of running from No. 1. to No. 3. as
run from No. 2. to No. 4. making a difference as above
mentioned — It must be remarked that David Heston
has his own cultivation — and also W. Fitch has cut down
the wood & deepened it with pits to the line north of
the yellow shaded slip, to wit: the Black Line
to which my Land is now restricted.
