Circular No. 73

OPINION.

The following Opinions of Colonel Joseph Holt, Judge Advocate General, are published for the information and guidance of all officers of this Bureau.

In the case where there are only two sons of aged or infirm parents, and both are drafted.—(Clause 4, section 2, Enrollment act.)

OPINION

"Where, through inadvertence or ignorance of the law, aged or infirm parents, having two sons, have omitted before the draft to elect which shall be exempted, *and both have been drafted*, it seems that the right of election should still be allowed to be exercised at any time before the notice to report to the Board of Enrollment expires. The reason of the rule heretofore established requiring this election to be made *before the draft*, was that a different course would result in "a practical exemption of two sons instead of one." This reason, however, does not apply in the case—necessarily of rare occurrence—where both sons have been drafted, since whichever may be elected, one still remains for the military service, which is all that the law claims or contemplates. The reason of the rule failing, the rule itself should be relaxed in such extreme cases since the object of the law will thereby be accomplished, without the slightest hazard of compromising the public interest."

With regard to the meaning of the word "labor" in section 2 of the Enrollment act.

OPINION

"Labor is defined to be "bodily or mental exertion." It may, within the meaning of the law, be either physical or intellectual; it may be professional, mechanical, commercial, or agricultural; or intellectual; and each of these forms of labor may exist under modifications, or in combination with each other. The means for the support of the parent or widow, must be produced by this labor, whatever may be its character. It need not be *wholly* produced from it, but it must be *mainly* so. A parent or widow receiving support from a son whose income is derived from dividends or rents, cannot be said to be dependent on his labor, but if that income were entirely the fruit of professional or physical toil, then the case would be clearly within the per view of the law. In mixed cases, where the income is the product of labor and capital co-operating together the application of the law is rendered more difficult. Its object will probably be best secured by holding, as suggested, that in such cases the income which furnishes the support must be *mainly* derived from the personal labor of the son. If, for example, the son be a merchant or manufacturer, whose business, under his personal superintendence, yields him an annual revenue of $10,000—and such personal superintendence could not be estimated as worth more than $3,000 per annum—it could not be said, in the sense of the law, that his labor yielded the income to which his parent looks for support. It is, it is true an element in the production, but not a preponderating one. A test may be found in an answer to the question, whether, if the son's personal labor were withdrawn by calling him to the military service, a support for the parent or widow would remain. If it would—and in the case supposed it would since his superintendence could be supplied and, the productive capability of his capital would remain—then the claim to exemption cannot be allowed."

Provost Marshal General's Office,
Washington, D. C., August 1, 1863.
Circular No. 61

The following opinions of Col. Joseph Holt, Judge Advocate General of the Army, are published for information and guidance of all officers of this Bureau:

The only son of aged and infirm parents—exemption.

OPINION

"The only son of aged or infirm parent or parents is not exempt unless his parent or parents are dependent on *his labor* for their support. It he is in a condition to support, and does support them without his personal labor for that purpose, he is subject to draft, because he is in a condition to perform military service without depriving his parents of the support the law designs to secure to them. The parents need not be *wholly* dependent on the labor of their son for support. If they are so dependent for the *principal* part of their support the right to exemption arises."

In the case of a widow having four sons.

OPINION.

"In the case of a widow having four sons three of whom are already in the military service, the fourth is exempt, provided his mother is dependent on his labor for support."

In the case of a widow having two sons, one of whom is already in the military service.

OPINION

"In the case of a widow having two sons one of whom is already in the military service, and the other has been drafted, the latter is exempt as 'the only son liable to military duty,' in the senses of the act."

In the case of aged or infirm parents having two or more sons subject to military duty.

OPINION.

"In the case of aged or infirm parents having two or more sons subject to military duty, election of the son to be exempt must be made *before* the draft, and his name should not then appear in the draft box. None of only two sons of such parents is already in the military service, the other is exempt, provided his parents are dependent on his labor for support."

Of persons having conscientious scruples in regard to bearing arms.

OPINION.

"Persons having conscientious scruples in regard to bearing arms are not on that account exempt. They are not found in the list of exempted classes, and the act expressly declares that no persons but those enumerated in that list shall be exempt. The Society of Friends, and others entertaining similar sentiments, if drafted, may find relief from their scruples in the employment of substitutes, or in the payment of the three hundred dollars."

Of a man whose wife is insane.

OPINION

"The children of an insane mother, who may at any time recover her reason, cannot in the sense of the law or with any propriety of language, be termed, motherless children. The father of such, though they may be dependent on his labor for their support, cannot, therefore, claim exemption from the draft. The case is a hard one, and would, probably, have been provided for had it been foreseen. It is, however, the law as it is, and not as it may be supposed it ought to be, that is to be enforced."

A father having four sons, two of whom have died in the military service; also of

Aged or infirm parents electing which of two sons may be exempt.

OPINION

"In the case of a father having four sons two of whom have died in the military service, it seems clear that the remaining two are not exempt from draft. Before such exemption can be allowed it must be shown that the father has, not *has had*, two sons in the military service.—So the law is written. Congress might well have accepted the loss of two sons in the field as equivalent to their continuance in the service, and therefore securing the same privileges to their family, but this has not been done. To hold otherwise would not be interpretation, but legislation."

"In the case of aged or infirm parents having two sons subject to military duty, the father, or if he be dead, the mother may elect which of them shall be exempt. The right to this exemption does not rest upon the parent's dependence on the labor of their sons for their support. The law does not contemplate any such dependence."

Ayer's CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Now is the time to take Ayer's Cathartic Pills, to root out and expel the disease. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the healthy stream of life run on unobstructed in health again. This effectually expels the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs the natural functions of the blood, root upon the intestines and the surrounding organs, producing general aggravation, suffering, and disease. Without these laxative pills, exposed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in disturbed and common complaints, is also true in many of the desperate and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. Now who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Bogt, Baltimore.

DEAR DOC. AYER: I cannot answer you *what* cases, plaints I have cured with your Pills better than to say *all that we ever cured with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* and body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. FREBLE.
Clerk of Steamer Chariot.

Bilious Disorders—Liver Complaints.

From Dr. Theobald Pohl, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more efficacious for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relaxy, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa*. Their sugar coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* Brothers of our profession have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.

PULASKI HOUSE, Savannah, Ga., Jan. 5, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *rheumatic pains*, which defied all *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effect was slow, but sure. By persevering in the use of them, I am now entirely well.

SUGAR CHANCE, Baton Rouge, La., 5 Dec., 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Adrenalin the Gland*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

TRIPS OF
New Schooner "Easton,"
TO EASTON POINT.

THE subscriber having had built a new Schooner of fine proportion, a good sailer, and in every respect calculated to assure great safety, would most respectfully inform his friends and the public generally that he intends to run her regularly from Easton Point.

The "Easton" will leave Easton Point every *Wednesday morning* for Baltimore, and return from Baltimore to the Point every *Saturday.*—The usual prices for freight will be charged.—The Schooner, while in Baltimore, may be found at Tobacco Warehouse, No. 2. Wm. S. Parson, will attend to the business of the boat in her absence. Orders from Easton, left at the Drug Store of Dawson & Bro., accompanied by the *Cash*, will be promptly attended to.

Poco-Metalic Paint.

THE experience of the past season warrants the conclusion that the above is the cheapest and best Paint for several purposes, and especially for the bottom and decks of Vessels.—It is said to be, by those who have tried it, fully equal, if not superior to the *celebrated Patent Paint*, for the bottoms of vessels, in preventing them from *fouling*, and in its durability it has no superior. Its cost is only about ¼ that of the Patent Paint, and in this particular it should recommend itself to vessel owners. We mention the names of vessel owners and masters below, all of whom have tried it, and who will take pleasure in giving any information with regard to it that may be desired. They all speak of it in the highest terms:

Capt. ED. LEONARD,
" N. E. NICOLS,
THOS. C. NICOLS, Jr.,
JNO. BECKWITH, Capt. of Schooner Easton
JAS. CHRISTOPHER, Capt. of " Eliz. Jane
EDW. BLAND, Capt. of " Bucephalus

A full supply constantly on hand at the Hardware store.

Please Remember that the Old, Long-Established
BARBER SHOP
OF
PHILEMON FLOYD

WHICH has been in your midst for so many years is still in existence, next door to Merrett's Hotel, where you can be shaved, trimmed, clipped, curled, dyed or shampooed at short notice and on terms the most reasonable.

The shop is undoubtedly the best and most commodious on the shore; the chairs pleasant the razors keen, the attendance polite, and altogether there is no other place of the kind where you would be so likely to get the worth of your money. Come therefore and try it. Returning thanks for past patronage a continuance of the same he earnestly solicits.

The public's obedient serv't,
PHILEMON FLOYD.
