Dr. Paquin, citizens to debate fate of School 452

School Superintendent Dr. Laurence G. Paquin will meet Saturday morning with the PTA of Granville T. Woods School No. 452 to answer the PTA's demand that the aging much-criticized facility be closed down.

Mrs. Helen Hunter, chairman of the PTA's committee on closing the school, said her group would be joined at the 10 a.m. meeting by representatives from influential civic and professional groups who toured the general vocational high school Wednesday and supported the PTA's stand.

Mrs. Hunter said these groups included the Chamber of Comerce, the League of Women Voters, the Baltimore Rotary Club, the Region 4 AFL-CIO, CORE, the Greater Baltimore Committee, the Baltimore City Council of PTA's, the Public School Teachers Association and the Baltimore Teachers Union.

MRS. HUNTER said she would ask for a firm committment from Dr. Paquin that the school would be replaced soon.

If such a committment was not given, she said, "children will not be attending that school next fall."

A boycott had been threatened by the PTA in conjunction with CORE for last Tuesday to protest conditions at the schol, but was called off.

DR. PAQUIN said Thursday the meeting in his office was arranged "four or five days ago" in response to the PTA's well publicized efforts to get the school torn down and replaced.

"The superintendent said the problem of No. 452 was "a concern which we share."

He declined to comment, however, on what his reaction to a request that the school be torn down might be.

"That's why we're having the meeting," he said.

SCHOOL NO. 452, one of whose buildings is well over 100 years old, has long been the target of intense criticism about inadequate and broken shop equipment, poor facilities and deteriorated and outmoded physical plant.

Student in need of cash to accept Paris grant

MICHAEL PEAY

A Coppin State sophomore is hitch - hiking his way to Paris via contributions from clubs and individuals to supplement a partial scholarship he has received to study in the Institute next year.

Michael Peay, 19, of 1632 Rosedale St., won a $1,000 scholarship from the Institute for European Studies —one of two scholarships to Paris to be awarded throughout the country — but he has to raise an additional $1,760 by July 20 in order to take advantage of

That date is the deadline for the program's total cost of $2,760 to be paid to the Institute. The sum includes passage to Europe, tuition at the University of Paris, room and board.

• • •

AN OUTSTANDING student and recipient of high academic awards as well as vice president of the student government, at Coppin, Michael has banked almost $700 towards his goal since he learned of his award April 1.

He has received contributions from Westinghouse, the Business and Professional Women's League of Baltimore, the Frontiers Club, the John Wesley Methodist Church (he's a member there), and individuals including Coppin faculty members.

The well - spoken young man (president of the Coppin debating society) said he was "quite optimistic" that he would be able to raise the remaining money by the deadline.

"I'll be pulling out in September," he grinned confidently.

• • •

MICHAEL, A major in secondary education in the area of social studies at Coppin, will study European history, political science and economics or sociology in Paris as well as French. All classes will be taught in French.

He is one of 10 children ranging in age from four weeks to 23 years. His father, Thomas C. Peay, is a cement mason.

• • •

THE YOUNG scholar said his ambition was to teach American history at the college level.

He added that he wanted to study in Paris because it would "make me broader in my field and enable me to stimulate my students."

He continued that he hoped his trip would also be an inspiration to his brothers and sisters, "most of whom are aspiring higher in school than I am."

• • •

MICHAEL GRADUATED from Forest Park High School in 1964. He was one of 80 applicants for the two Paris scholarships, and he gives much of the credit for his success to his Coppin faculty advisor, Dr. Charles W. Harris.

In addition to the funds raised by contributions through letters and personal solicitation, Michael hopes to save up to $400 on a summer job at Fort Holabird.

He estimates he will need between $300 and $500 for expenses not covered by the Institute's program.

Contributions to aid the young student should be made out to the Michael Peay Scholarship Fund and sent to Coppin State College, 2500 W. North Ave., c/o Dr. Charles Harris, or to Michael's home address.
