## U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these Bonds are EXEMPT FROM MUNICIPAL OR STATE TAXATION,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

OVER EIGHT PER CENT. INTEREST

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist.—They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,965,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United State Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the
First National Bank of Baltimore, Md.
" " " Washington, D. C.
" " " Carlisle, Pa.
AND BY ALL NATIONAL BANKS
which are depositaries monay, Public and all
RESPECTABLE BANKS AND BANKERS
throughout the country, (acting as agents of the National Depositary Banks,) will furnish further information on application and

Owen, dec'd.—This estate is beautifully located on the waters of Miles River and Hunting Creek, in Miles River Neck, Talbot county, and contains the quantity of

**276 Acres of Land More or Less.**

The land is of fine heart and quality and very fertile. The neighborhood is one of the most pleasant on the shore. All the luxuries of the salt waters are easily commanded. There is a sufficient quantity of wood and timber on the premises and a quantity of fencing encloses the farm. A correct plat of the property will be exhibited on the day of sale.—The title is unquestionable. Possession given to the purchaser immediately after the day of sale.

TERMS:

One third of the purchase money to be paid cash on the day of sale; the remaining two thirds in twelve and twenty-four months from the day of sale; with interest thereon from the day of sale, secured by bond, security approved by the Trustee. On the payment of the purchase money, the title of the parties to the suit, and all claiming under them will be conveyed to the purchaser.

SAMUEL HAMBLETON,
