U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into 6 per cent. gold bearing bonds, payable not less than 5 nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipts of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasurer Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of this Loan.

It is a National Savings Bank, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertable into a Six per cent. Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is no less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. premium, according to the rate of taxation in various parts of the country

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for the deposits. The party depositing must endorse upon the *original* certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the

First National Bank of Baltimore, Md.,

and by all National Banks which are depositories of public money, and

ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and

AFFORD EVERY FACILITY TO SUSCRIBERS.

Ellis's Corn Plaster.

THIS highly approved plaster for the removal of Corns has been in use for some time, and is ascertained to be one of the best preparations yet introduced for giving immediate relief to those painful affections, which are caused by the pressure of boots and shoes.

Its operation is immediately to relieve the Corn from that pressure and the pain caused by it, and by softening the adjacent parts gradually to produce the absorption of the Corn.

Directions for Use.—If the Corn presents an inflamed point, carefully remove as much of it as can be done without pain, and then apply the plaster immediately on the part; continue its use, occasionally renewing it, until relief is obtained. For sale by L. H. CAMPBELL.

MANHOOD: How Lost, how Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical* cure (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*

HARRISON'S FERTILIZER.

A PERFECT FOOD FOR EVERY VARIETY OF FARM & GARDEN CROP.

THE invention of the compound bearing the foregoing title, was prompted by the conviction, that no means of fertilization, either natural or artificial, yet existed to meet the demands of Agriculture and its kindred interests, or to supply the nutritive elements which present methods were constantly removing from the oil, and with the means of but partial and very limited restoration.

It contains all the elements of nutrition, for every plant, shrub and tree, and their seeds, grains and fruits, cultivated for the use or benefit of man or the lower animals.

It will furnish every element requisits for the most rapid, equable and enlarged growth, the most perfect structure of every organ of each plant, the most mature development of their fruit, and, consequently, the most healthy constitution possible to attain.

It will give fertility to the most barren soils, and maintain the highest fertility in all soils.

ARE YOU IN AGONY?

A WELL SPRING OF HOPE

FOR ALL

CAN BE FOUND IN

HOLLOWAY'S PILLS.

Be of Good Cheer! The Sinking may be Saved

BY THE USE OF

Holloway's Ointment.

The history of these great Remedies is the most wonderful medical revelation that the world has ever known. It establishes the all-important fact that WHEREVER, and in WHATEVER SHAPE internal disease exists, the disinfecting, searching and healing properties of the Pills are fully equal to its subjection and cure, and that, with the Ointment, they are

THE GREAT AMBASSADORS OF HEALTH TO ALL MANKIND.

This is not a history written by one man, or even derived from the experience of one nation. It consists of a complication of testimonials from the sick of every country—an unimpeachable record, the like of which has never been adduced in favor of any discovery or invention since time began.

THESE MIGHTY HEALERS, WORLD KNOWN AND WORLD TRIED, ARE A BOON TO THE SICK.

The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world; Holloway's Invaluable Pills have become the HOUSEHOLD REMEDY of all nations. Their attribute is to prevent as well as to cure; they attack the radix or root of the complaint, and thus, by removing the hidden cause of disease, re-invigorate and restore the drooping energies of the system, assisting nature in her task of vital and functionary reformation.

DISORDERS OF THE STOMACH

Are the sources of the deadliest maladies.—Their effect is to vitiate all the fluids of the body, and to send a poisoned stream through all the channels of the circulation. Now, what is the operation of the Pills? They cleanse the bowels, regulate the liver, bring the relaxed or irritated stomach into a natural condition, and, acting through the secretive organs UPON THE BLOOD ITSELF, change the state of the system from sickness to health, by exercising a simultaneous and wholesome effect upon all its parts and functions.

WOMAN IN ALL HER DIFFICULTIES

Is invited to test the regulating and restorative powers of this harmless but effective preparation. At the two epochs of life in which the female system undergoes the most important and critical changes, the Pills will prove a positive safeguard against evil consequences. They are also confidently recommended as a specific in every disorder to which females are exclusively subject.

BE IT UNDERSTOOD,

That the above statements can at all times be verified by the written testimony (extending through a quarter of a century) of tens of thousands of upimpeachable witnesses.

Bilious Maladies, &c., &c.

CAUTION!

If the reader of this 'notice' cannot get a box of Pills or Ointment from the drug store in in his place, let him write to me, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make.

None are genuine unless the words "*Holloway, New York and London,*" are discernible as a *Water Mark* in every leaf of the book of directions around each box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

**Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes, of 25 cents, 63 cents, and $1.00 each.
