Poco-Metalic Paint.

THE experience of the past season warrants the conclusion that the above is the cheapest and best Paint for several purposes, and especially for the bottom and decks of Vessels.—It is said to be, by those who have tried it, fully equal, if not superior to the *celebrated Patent Paint*, for the bottoms of vessels, in preventing them from *fouling*, and in its durability it has no superior. Its cost is only about ¼ that of the Patent Paint, and in this particular it should recommend itself to vessel owners. We mention the names of vessel owners and masters below, all of whom have tried it, and who will take pleasure in giving any information with regard to it that may be desired. They all speak of it in the highest terms:

Capt. ELI LEONARD,
" N. E. NICOLS,

A Card to our Customers.

NOW is the time to buy your Hardware.—Every thing is advancing at such a rate there is no telling where it will get to. As usual we are selling at the lowest rates the market will afford. We can and do sell lower than retailing in the city and therefore every one should deal at home.

Those indebted to us for long standing bills would do well to attend to them at once. We cannot practice the virtue of *forbearance* much longer, and you need not be surprised to see a stranger coming to see you pretty soon, unless you come to see us.

Hurry up and see how glad you can make us. Every little helps. Very respectfully,

MANHOOD:
How Lost, how Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical* cure (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.
