Super - Phosphate of Lime,
For Sale at
MANUFACTURER'S DEPOTS,

and No. 13 Bowly's Wharf,
BALTIMORE.

The subscriber begs leave to inform Dealers and consumers that he is now prepared to furnish MORO PHILIPS' GENUINE IMPROVED SUPER PHOSPHATE OF LIME, in any quantities.
The universal satisfaction this article has given during the past four years, has so increased the demand that I have been compelled to greatly enlarge my capacity for its manufacture, and have been induced to establish a branch house in the city of Baltimore. I trust that I will be able to fill all orders during the season. Yet my rule is *first come first served.*

MILL NOTICE.

I HEREBY tender my thanks to the public for the liberal patronage heretofore extended—and hope by strict and prompt attention to business to merit a continuance of the same, both with Grist and Saw departments. My rule of grinding is, to weigh all wheat where as much as 5 bushels is sent, (and Corn also if requested) and send back in writing the weight of both wheat and flour, when persons do not come themselves. Farmers and merchants will find it to their advantage to have their grain ground up instead of shipping all they have to Baltimore, and then send back for their flour, pay freights, commission, storage, &c. "A word to the wise is sufficient." For every 56 lbs. of good wheat weighing 60 lbs. to the bushel or over, I will not allow to leave the mill with less than a barrel full of flour and packed and for quality, the Easton Steam Mill stands probably unsurpassed by any mill on the shore.
