**SHORT STRIKES**

If bass are striking short on top water lures, here's a trick the experts use.

They fish the same water but with an under-water lure —fished on top!

Slight diving action coupled with all the surface fuss often seems to do the job.

# AFRO's Clean Block Lady tours Philly garden spots

The "Clean Block Lady," as she is fondly known, went with members of The Baltimore Beautification Committee, headed by Julian L. Lasadies to Philadelphia, Pa. a few weeks ago to tour the garden blocks in slum areas.

The widely known demonstration garden and rehabilitated sections visited are known as Society Hill, South Philadelphia's Queen Village area, and the University of Pennsylvania.

"Garden Blocks" as they are called in Philadelphia, are very similar to Clean Blocks in Baltimore. Each is a block with window boxes, porch boxes, or front yards filled with flowers where neighbors cooperate together to beautify and improve their homes, and neighborhood.

The purpose is to encourage and foster an interest in flowers and gardening in the congested areas of the city, and to awaken a sense of civic pride and fellowship through the organization of consistive garden projects for adult and youth groups.

In the Demonstration Garden located at 38th and Mount Vernon Streets, you will see Front Yard Gardens, The Shrub Garden, Rose Garden, The Perennial Garden, The Herb Garden, Back Yard Gardens, The Shady Garden, A Garden In A Box, and The Patio.

The visiting group was shown around the gardens by Mrs. James Bush Brown of Ambler, Pennsylvania, who was instrumental in converting scores of poverty stricken Philadelphia neighborhoods into small garden spots, gay with color and fragrant with the scent of growing flowers.

Mrs. Bush Brown, director for twenty - eight years of the Pennsylvania School of Horticulture for Women — now a part of Temple University — is also co - author, with her landscape architect husband, of "America's Garden Book," considered the most authoritative book on United States Gardening and now in its fourth edition.

Among the groups attending were representatives from Baltimore Urban Renewal and Housing Agency Garden Clubs, Improvement Associations and other interested individuals.

"Much Inspiration and interest along with much enthusiasm was generated by this small group of forty, one. It was a day well spent," Mrs. Leah said.

# Sergeant in Viet Nam praises Clean Block

This week the AFRO Clean Block office recently received a letter and a check from a sergeant in the Marine Corps now stationed in Danang, Viet Nam. It reads:

"If more adult persons would take a keen interest in this Clean Block Campaign, especially in the contribution department, without a doubt, it would be so very wonderful, because win or lose it has been proven in the past that under the wise leadership of your veteran campaigners, and the future new eager ones, the children can and will do their very level best to get the job done right.

"The children and all persons connected with the campaign's accomplishments should receive the highest praise which is significantly what each member deserves and may God bless all of you.

"SGT. E. H. BARNES"
"USMC"

Accompanying the letter was a check for $10. "This letter was very touching and a fine tribute to the Campaign and to the Clean Block Workers," said Mrs. Leath, Director of AFRO Clean Block drive.

Other contributions in this week were as follows:

Veterans of Foreign Wars of the United States, $10.00.
A Friend, $25.00
John H. Holmes III M.D. $5.00

# Sing-along, fireworks at Stadium, Mon.

Mitch Miller, famed master of the sing - along, will be featured in the thirty - second annual Independence Day celebration at Memorial Stadium on Monday.

Miller, star of his own NBC TV show, heads up the entertainment portion of a program that starts with a baseball game between the Baltimore Orioles and Kansas City Athletics and winds up with one of the largest fireworks displays on the East Coast.

THE GREATER Northeast Baltimore Association, in conjunction with Orioles, sponsors the program and uses the share of the proceeds for charitable purposes.

The baseball game starts at 5:30 p.m. and will be played with an 8:15 o'clock curfew in effect. Immediately following the game, the entertainment begins with a performance by the widely traveled and highly regarded Mt. Carmel (Pa.) High School Band.

Under the direction of Miller, the audience will be invited to participate in a sing-along.

NORMAL, Ala. — Seven more members have joined the instructional staff of Alabama A and M College. The new groups will teach at the college during nine weeks of the summer program.

Tormenting Rectal Itch Stopped In Minutes
Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles
New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.
No matter what you've used without results—here's good news for the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids—without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.
In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.
The secret is this new healing substance (Bio-Dyne®)—discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H®. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

# Faith Baptist slates contest

The Sunday School and Baptist Training Union of Faith Baptist Church, Bond St. and Ashland Ave., will present Robert Bradley in concert on Sunday, July 3 at 5 p.m.

Mr. Bradley, of Memphis, Tenn., is director of music promotion in the department of Christian Education of the Sunday School Publishing Board of the National Baptist Convention USA, Inc.

Mrs. Celia McLeon will be accompanist.

Titus Myers is superintendent of Sunday school, Miss Enolliah Brown is directress of BTU and the Rev. Walter E. Paige is minister of Faith Baptist Church.

# —Cherry Hill

(Continued from Page 22)

Spokesmen for the residents said BURHA and the Department of Public Works knowingly sprays the area with chlordane, deadly to human beings.

Responding to DPW head Joseph Axelrod's denial the spray is dangerous, William Murphy Jr., INCITE chairman said, "We will bring the first dead child to your office."

A graduate of Massachusetts Institute of Technology and a scholar of some note, Mr. Murphy said chlordane, a lethal chemical in the spray, builds up in the body until it has a fatal effect.

Rachael Carson, famed writer of "Silent Spring," claims chlordane is one of the most dangerous of all poisons.

HOWEVER, Mr. Axelrod and BURHA official Van Story Branch, said the spray used had been approved by city chemists who claim the chlordane content is not harmful to human beings.

The wrath of several hundred Cherry Hill citizens reached a peak, nevertheless, when Mr. Branch said he had not heard of their complaints during the 18 years he was manager of the large Cherry Hill Housing project.

He said he was unaware of the hazard of the railroad tracks in the community, although among five persons killed was an adult who was decapitated and a child who lost both legs under a train.

Mr. Branch, Edgar Ewing, BURHA official and Bernard Mason, present Cherry Hill project manager, promised to "look into" the prospect of fencing off the train tracks.

Mr. Branch said the insecticide spray was approved by BURHA chemists.

Mr. Axelrod was presented with the petition signed by 1,117 Cherry Hill citizens, who said they will do everything in their power to get rid of the city's largest dump and incinerator which lies ½ block from the homes of their 15,000 residents.

They openly decried the resulting filth, rats roaches and "terrifying" unsanitary conditions, charged the "City Father's" with flying, evading and deliberately refusing to comply with the city's sanitary laws.

In a printed ultimatum, INCITE served City Council head, Thomas D'Alesandro Acting Police Commissioner George Gelston and other city department officials with notice to correct conditions by last Tuesday, June 28 sundown.

According to Mr. Murphy, none of the demands were met.

The reply at the meeting was, "there's not enough money or employees in the city to correct the conditions"

On Thursday, Mr. D'Alesandro and General Gelston had made some headway through contacts in Washington to get emergency funds, however.

At AFRO presstime, neither Mr. Murphy nor other officials of INCITE would disclose next steps Cherry Hill will take.

Mr. Murphy did state however that CORE is "fully cooperating."

# Miss Bronwyn Case at debutante reception here

Guests came from New York, Washington, Philadelphia and as far away as Jamaica, West Indies for the debutante reception of Miss Bronwyn Case, Sunday.

Miss Case, who was presented in April at the annual Debutante Ball of the Me - De - So Club, was honored by her parents, Mr. and Mrs. Ervin M. Case.

* * *

owner asks him to, but prohibits the broker himself from suggesting such a course.

A home owner, however, is limited to discriminating twice a year. Within a 12-month period.

In other words, if he decides to move three times, he can only sell two of the houses he moved from on a discriminatory basis.

* * *

IN ADDITION, a developer could discriminate in the sale of the first two houses in a development, but the rest would have to be sold under open housing.

Another feature of the amendment permits discrimination in the sale of all vacant land.

The proposal also gives state agencies that administer open occupancy laws 30 days to try to adjust complaints under the law before suit is filed by someone claiming he has been discriminated against. The complainant must file suit within six months of the discriminatory act.

gelatine, at a discount.

Henry denied the charge, testifying that the plan was conceived by Duff.

The defendant asserted he merely went along with the plan to see whether Duff was connected with the Ku Klux Klan so he could "expose this organization (the council) for what it was."

* * *

DUFF DENIED Henry's assertions. Duff alerted authorities to Henry's plot, which led to undercover agents meeting Henry and tape recording details of the plan. The recordings were played in court.

On the recording, made in a Burbank restaurant, a voice identified as Henry's said, "It's not just a conspiracy to commit murder; it's a conspiracy to commit mass murder."

Later Henry allegedly said the scheme would take "roughly a year and a half" to accomplish and that arsenic, paris green or rat poison would be "appropriate."

Duff said Henry admitted the plot would "make Hitler look like Mickey Mouse," but, "When you start to think of it, it's a damn sight easier, safer, quieter, and less messy than trying to shoot them all."

# Teacher charged in infant snatch

CHICAGO (UPI) —Mrs. Jessie May Bryson, of Greenville, S. C., was reunited Tuesday with her 6-week - old son. The infant was kidnaped May 31.

Federal Bureau of Investigation agents contributed funds for Mrs. Bryson's trip, authorities said. She return home Tuesday night.

A physical education teacher at Farragut High School, Mrs. Helen Isaac, 30, has been charged with kidnaping the child. The case has been continued until June 30.

Chief FBI Agent M. W. Johnson said Mrs. Bryson told authorities a woman she did not know came to her home, said she was a hospital aide and asked to check the child's nursing formula.

The woman hit Mrs. Bryson on the head with a pop bottle while she changed a diaper. Mrs. Bryson then ran from the house. She returned to find the baby gone.

Mrs. Isaac told authorities the infant was hers.

the union "cannot accept any idea but putting the new pay scale into effect in September 1966. Any other action will result in a September strike."

He said that by putting the scale in effect "even with the limited funds given you by the City Council, you will have enough to pay this scale through February.

"This will give the city six full months — to find the money needed to implement the new scale for the balance of the school year.

"If they find it — and they can—there will be no strike. If they procrastinate or shirk, there will be a strike in March."

* * *

MR. FRANK called the plan "illegal, rebellious and disorderly," but after agreed with the union spokesman that the City Charter does provide for reconsideration of the budget by the Board of Estimates.

James Wall, treasurer of the Public School Teachers Association, said his group had, "found it necessary to invoke sanctions because of the continuing lack of concern for the educational needs of our city.

"Until there is a definite commitment towards support of quality education in Baltimore city, we cannot remove the public spotlight from this situation."

He said the National Education Association, which is considering national sanctions, would not complete its full investigation of the educational climate of the city until after school opened in September.

Mr. Wall also concurred with the board, saying that PSTA felt it was better to implement the new scale as a whole at a later date, rather than accept the 550 limits placed by the City Council.

# FBI to check on pool incident

CORDELE, Ga. (UPI) — The FBI said Monday it will begin an investigation of a swimming pool incident Sunday that set off an afternoon and night of rock and bottle battles between colored citizens and whites.

The incidents apparently were sparked when several white men attacked a group of colored swimmers at the integrated swimming pool Sunday afternoon.

State troopers were called when bands of young men began roaming the streets, tossing rocks and bottles through windows and windshields. Cordele Police Chief T. J. McMurrian said several white persons were hit.
