READY FOR

CHRISTMAS.

THE subscriber takes this method to return his sincere thanks to his friends and customers generally for the liberal patronage heretofore extended to him, would again inform them that he has just returned from the city with a well selected stock of Goods for the
CHRISTMAS HOLLYDAYS.

As the subscriber has been in business so long, and my business so generally known, I deem it not necessary to enumenarate the articles.

You will please call early, and see my great variety of Goods usually kept by me.
The public's ob't. ser't.,

U. S. 7-30 LOAN.

The sale of the first series of $300,000,000 of the 7-30 Loan was completed on the 31st of March, 1865. The sale of the second series of Three Hundred Millions, payable three years from the 15th day of June, 1865, was begun on the 1st of April. *In the short space of thirty days, over One Hundred Million of this series have been sold*—leaving this day less than Two Hundred Millions to be disposed of. The interest is payable semi-annually in currency on the 15th of June by Coupons attached to each note, which are readily cashed anywhere. It amounts to

One cent per day on a $50 note.
Two cents " " " 100 "
Ten " " " " 600 "
20 " " " " 1000 "
$1 " " " " 5000 "

More and More Desirable.

The Rebellion is suppressed and the Government has already adopted measures to reduce expenditures as rapidly as possible to a peace footing, thus withdrawing from market as borrower and purchaser.

This is the ONLY LOAN IN THE MARKET now offered by the Government, and constitutes the GREAT POPULAR LOAN OF THE PEOPLE.

The Seven-Thirty Notes are convertable on their maturity, at the option of the holder, into

U. S. 5-20 SIX PER CENT.
Gold-Bearing Bonds

Which are always worth a premium.

FREE FROM TAXATION.

The 7.30 Notes cannot be taxed by Towns, Cities, Counties or States, and the interest is not taxed unless on a surplus of the owner's income exceeding six hundred dollars a year. This fact increases their value from one to three per cent. per annum, according to the rate levied on other property.

SUBSCRIBE QUICKLY.

Less than $200,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within two months, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other loans. *It now seems probable that no considerable amount beyond the present series will be offered to the public.*

In order that citizens of every town and section of the country may be afforded facilities for the loan, the National Banks, and private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

BARBER SHOP.

PHILEMON FLOYD

WOULD most respectfully inform his customers and those who have heretofore so liberally patronized him, that he still continues to carry on his business at the old stand next door to the Hotel of Mr. Merrett. Owing to the high prices of provisions, &c., he has been compelled to adopt the following rates of charges, which are scarcely in proportion to the advanced prices of all kinds of merchandise, and which he hopes will not be unsatisfactory to the public.

For Shaving,	10 cents.
" Cutting Hair,	15 "
" Shampooning,	25 "

He most respectfully solicits a continuance of a tronage from the public. His shop is one of the most pleasant on the Shore and his implements are of the first class and always kept in the best of order. Gentlemen may rely upon it that no pains will be spared to accommodate them in the most satisfactory manner.
The public's obedient serv't,

Agricultural Chemical Co.'s
CHEAP FERTILIZERS.

THE Fertilizers prepared by the Agricultural Chemical Co., (a Company chartered by the Legislature of Pennsylvania with a capital of $250,000,) have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardner and Fruit grower, of all concentrated manures now offered in any market. The Company's list embraces the following:

PABULETTE.—This Fertilizer is composed of night soil and the fertilizing elements of urine, combined chemically and mechanically with other valuable fertilizing agents and absorbents.

It is reduced to a pulverulent condition; ready for immediate use, and without loss of its highly nitrogenous fertilizing properties.

Its universal applicability to all crops and soils, and its durability and active qualities, are well known to be all that agriculturists can desire.

CHEMICAL COMPOST.—The Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, hair and wool together with chemicals and morganic fertilizers, which decompose the mass, and retain the nitrogenous elements.

It is a very valuable fertilizer for field crops generally, and especially for potatoes, and garden purposes.

Its excellent qualities, strength and cheapness, have made it very popular with all who have used it.

COMPOSITE FERTILIZER.

THIS highly phosphatic fertilizer is particularly adapted for the cultivation of trees, fruits, lawns and flowers. It will promote a very vigorous and healthy growth of wood and fruit, and largely increase the quantity and perfect the maturity of the fruit. For hot house, and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. It will prevent and cure diseased conditions of the peach and grape, and is excellent for grass and lawns.

It is composed of such elements as make it adapted to the growth of all kinds of crops in all kinds of soils.

The formula or method of combining its constituent fertilizing ingredients have received the highest approval of eminent chemists and scientific agriculturists.

PHOSPHATE OF LIME.—*The Agricultural Company* manufacture a Phosphate of Lime in accordance with a new and valuable formula by which a very superior article is produced, so as to be afforded at a less price than other manufacturers charge. Practical tests have proved that its value, as a fertilizer, is equal to the best Phosphate of Lime in the market.

TERMS CASH All Orders of a Ton or more, will be delivered at the Railroad Stations and the Wharves of Shipment, free of cartage. Cartage will be charged on all orders of 5 barrels or less.

One dollar per Ton allawance for cartage will be made on all sales delivered at the Works of the Company, on Canal Wharf.

MILL NOTICE.

I HEREBY tender my thanks to the public for the liberal patronage heretofore extended—and hope by strict and prompt attention to business to merit a continuance of the same, both with Grist and Saw departments. My mode of grinding is, to weigh all wheat whereas much as 5 bushels is sent, (and Corn also if requested) and send back in writing the weight of both wheat and flour, when persons do not come themselves. Farmers and merchants will find it to their advantage to have their grain ground up instead of shipping all they have to Baltimore, and then send back for their flour, pay freights, commission, storage, &c. "A word or to the wise is sufficient." For every 5½ bush. of good wheat weighing 60 lbs. to the bushel or over, I will not allow to leave the mill with less than a barrel full of flour and packed; and for quality, the Easton Steam Mill stands probably unsurpassed by any mill on the shore.

MANHOOD:
How Lost, how Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical* cure (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure, at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*
