Agricultural Chemical Co.'s
CHEAP FERTALIZERS.

THE Fertalizers prepared by the Agricultural Chemical Co., (a Company chartered by the Legislature of Pennsylvania with a capital of $250,000,) have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardner and Fruit-grower, of all concentrated manures now offered in any market. The Company's list embraces the following:

PAIL LETTE.—This Fertilizer is composed of night soil and the fertalizing elements of urine, combined chemically and mechanically with other valuable fertilizing agents and absorbents.

It is reduced to a pulverulent condition; ready for immediate use, and without loss of its highly nitrogenous fertalizing properties.

Its universal applicability to all crops and soils, and its durability and active qualities, are well known to be all that agriculturists can desire.

CHEMICAL COMPOST.—The Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, hair and wool together with chemicals and inorganic fertilizers, which decompose the mass, and retain the nitrogenous elements.

It is a very valuable fertilizer for field crops generally, and especially for potatoes, and garden purposes.

Its excellent qualities, strength and cheapness, have made it very popular with all who have used it.

COMPOSITE FERTILIZER.

THIS highly phosphatic fertilizer is particularly adapted for the cultivation of trees, fruits, lawns and flowers. It will promote a very vigorous and healthy growth of wood and fruit, and largely increase the quantity and perfect the maturity of the fruit. For hot-house and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. It will prevent and cure diseased conditions of the peach and grape, and is excellent for grass and lawns.

It is composed of such elements as make it adapted to the growth of all kinds of crops in all kinds of soils.

The formula or method of combining its constituent fertilizing ingredients have received the highest approval of eminent chemists and scientific agriculturists.

PHOSPHATE OF LIME.—*The Agricultural Company* manufacture a Phosphate of Lime in accordance with a new and valuable fomula by which a very superior article is produced, so as to be afforded at a less price than other manufacturers charge. Practical tests have proved that its value, as a fertalizer, is equal to the best Phosphate of Lime in the market.

TERMS CASH All Orders of a Ton or more, will be delivered at the Railroad Stations and the Wharves of Shipment, free of cartage. Cartage will be charged on all orders of 6 barrels or less.

One dollar per Ton allowance for cartage will be made on all sales delivered at the Works of the Company, on Canal Wharf.

BARBER SHOP.

PHILEMON FLOYD

WOULD most respectfully inform his customers and those who have heretofore so liberally patronized him, that he still continues to carry on his business at the old stand next door to the Hotel of Mr. Merrett. Owing to the high prices of provisions, &c., he has been compelled to adopt the following rates of charges, which are scarcely in proportion to the advanced prices of all kinds of merchandise, and which he hopes will not be unsatisfactory to the public.

For Shaving,	10 cents.
" Cutting Hair,	15 "
" Shampooning,	25 "

He most respectfully solicits a continuance of attonage from the public. His shop is one of the most pleasant on the Shore and his implements are of the first class and always kept in the best of order. Gentlemen may rely upon it that no pains will be spared to accommodate them in the most satisfactory manner.
