Dear Sir

In reference to the
lot I purchased on The Lull
Road near Cool Spring -
I purchased 1/2 a plat
made by you - And now it
seems there is some mis-
-take about it - The plat
shows a front of 99 feet
6 inches And now I understand
that you say that I have a
front of only 92 feet on
Ready Avenue - I purchased
1/2 your plat = The lot adjoining
the Myers lot - Under the
will of John E. Taylor is
68 feet on the hill and runs

I suppose a medium with
straight through - I suppose
that the must be mistake
in that lot - according to your
survey it commences with a
front of 68 feet on the hill
& widens on Ready Avenue to
75 feet - The mistake is
there - I want you to fix
a day in the evening & let
me know so that I can be pres-
ent and run the Myers lot
as that will settle us -

I send you a description
of the lot of Myers from the
will of L. E. & Z. & also
the description in the deed from
George Hooper to Stansbury
Please name a day - Say
Saturday evening if possible
Oct 4. 11 O'clock - so that I
can be with you - In the

cellor to Edward Adams, by him to Christopher Walker, by him to Charles Peter Stephen Winter, by him to George Grundy and

his heirs, and assigns, again

This Indenture made this thirteenth day of September In the year Eighteen hundred and nine Between
Henry Mesponnier named in the within written deed of the one part and Rositer Scott also within named of the other part
Whereas in the description given in the within deed from said Mesponnier to said Scott bearing date on the ninth
day of July eighteen hundred and two, for the parcel of Land in said ~~mentioned~~ within written deed mentioned there
is an inaccuracy in the course of said Land which calls to run north twenty degrees east one hundred
and twelve perches to a parcel of Land called Wheelers Lot, the course in truth is north twenty degrees
west not east, the beginning, distance, and end of said line at Wheelers Lot, being correctly stated
in the said deed — And whereas a similar inexactness hath occurred in another deed from the said
Mesponnier as attorney in fact for Charles Peter Stephen Wante to said Scott, dated on the same
day and year above recited, given for the transfer and assignment to the said Scott of the equitable
Estate or right of redemption of said Wante in the same parcel of Land — To remove any doubt as
to the true running of said line in both said deeds and of the effect of the same These presents
are executed — Now This Indenture witnesseth that the said Mesponnier in consideration of the money
mentioned in the said recited deeds heretofore paid to him as therein mentioned He hath and doth
give grant bargain and sell assign transfer and make over to said Rositer Scott his Heirs &
assigns the said Lot or parcel of Land mentioned in the aforesaid two deeds and contained within
the courses and distances metes and bounds therein described correcting the word East and
substituting the word West in the course of said Land mentioned in both said deeds as above
declared — To Have and Hold the said parcel of Land with the course aforesaid of the same
directed as aforesaid with all the Estate and Interest at Law or in Equity of the said
Mesponnier or of said Wante of and in the same unto the said Rositer Scott his Heirs
and assigns to his and their only proper use and benefit — In witness whereof the said Henry
Mesponnier as well for on behalf of himself as also on behalf of said Wante and as his
attorney in fact hath hereto set his and his principals hand and seal on the date first above
written —
