'Teachers have not exercised their rights'

"Education has not been served well in the United States because teachers have not exercised their rights."

Albert Shanker, president of New York City's powerful teachers' union, expanded on this statement as he addressed the Fall Conference of the Baltimore Teachers Union Thursday.

Mr. Shanker, head of the country's largest union local, said that teachers should be able to "advocate their economic rights without being ashamed of it."

As teachers learn to exercise their rights, through collective bargaining, their professional and civil rights will be enhanced as well, he told a luncheon meeting of 200 teachers.

Mr. Shanker said that six years ago his union — like the BTU, affiliated with the American Federation of Teachers, AFL - CIO — began with 2,500 members.

Now it has 43,000 members and an annual budget of $2.5 million.

He said the BTU, headed by Dennis Crosby, with 1,600 members, has a larger percentage of Baltimore teachers than his union began with.

Questions on Inner Harbor

The Activists for Fair Housing organization has asked Mayor McKeldin to show them why colored citizens should vote for the Inner Harbor Bond Issue in November.

In a letter now on the Mayor's desk, the group points out that colored citizens, 43 per cent of the population, with limited funds are being asked to support a project that will benefit all metropolitan Baltimore and the whole state of Maryland.

Activists ask:

1. How many homes will be destroyed for the Inner Harbor and highways leading to it? How many are occupied by colored citizens?

2. Are there plans within the Inner Harbor Project to relocate families displaced

3. How many persons displaced by other Urban Renewal Project will be relocated in the Inner Harbor?

4. How many low, middle-income and "luxury" housing units will be included in the Inner Harbor?

In conclusion, Activists, with Sampson Green as chairman, asks, "How many colored citizens are members of the Charles Center-Inner Harbor Management, Inc., and boards of businesses and institutions that will locate in the Inner Harbor?"

With Mrs. Shirley Bramhall, Urban Renewal chairman and Irvin Auerbach, Research Coordinator for Activists, also says that BURHA planning has heretofore ignored colored citizens.
