The Soft Whiskey motto:

It wasn't always this easy for us to have a good laugh.

Ten years ago, for instance, Soft Whiskey was nothing more than a distiller's pipe dream. (We failed to come up with it so many thousands of times it became a nightmare.)

Of course now it doesn't really matter when Soft Whiskey was discovered. What does matter is what's in that bottle:

A whiskey that goes down so nicely, you tend to forget it's 86 proof.

We tried harder to be softer. You accepted us. Thank you.

As for the much-sought-after formula that started the whole thing, who knows? We're getting so cocky, we may even publish it some day.

On the head of a pin.

We try softer.

Birthday Tributes

DOTSON — A Birthday Tribute in memory of my dear aunt, LILLIE T., on her birthday, October 28, 1965.
I do not need a special day
To bring you to my mind.
The Days I do not think of you
Are very hard to find.
All this world were mine to give,
I'd give it, yes, and more.
To see the face of my dear sister
On this, her Birthday, Memory.

LOVING SISTER,
BERTHA T. GWYNN

STEWART — A Birthday Tribute in memory of our loved one, MARLENE STEWART (Nee Taylor), on her birthday, October 30th and who passed August 1, 1965

Birthdays were gay, when you were here —
A treasured gift, a kiss sincere.
Now you're gone, we miss you so,
No gift, no kiss can you bestow.
Only a wish
I wish that is true,
Eternal peace, dear, just for you.
We'll always remember, as time goes by,
And in our hearts you'll never die.

A light is from our household gone,
A voice we loved is stilled

Which never-can be filled!
Some may think you are forgotten
Though on earth you are no more.
But in memory you are with us
As you always were before.

CHAPMAN — In loving memory of our dear husband and brother, FRED D. CHAPMAN, who passed away October 29, 1965
There must be a reason why
A reason that we must take on fate,
As we do the Sun on high.
Someone who enjoyed life so,
Someone who is so dear to us,
Suddenly has to go.
Life is a journey, so we are told,
For some long, for some brief.
A journey on which we all find joy,
Mingled with sadness and grief.

JOHNSON — A prayer in memory of my husband, DR. LOUIS A. JOHNSON, who departed this life October 28, 1965
O God, my Father, if in hours of darkness I should be afraid and lone
Of mind strength should seem unequal to my task
Or if the way ahead should seem uncertain
Help me then to know that I do not walk alone.
That Thou art with me
May the sense of my own insufficiency bring me to a deeper understanding of my dependence on Thee.
May my very weakness cause me to find my strength in Thee, through Christ.

That used to be.

Beyond the toil and strife,
And clasp each other's hand once more
In Heaven, that happy life.

The Applied Physics Laboratory, a division of The Johns Hopkins University, operates under contract with the Bureau of Naval Weapons. The development of the Navy's Terrier, Talos, and Tartar guided missiles, the development and fabrication of satellites for the Navy's Transit navigation system, and of ballistic missile and satellite systems are among its principal achievements.

At the present time, the Laboratory has a number of interesting openings for electrical and mechanical engineers, physicists, and mathematicians interested in career opportunities. Specific openings include computer programming, thermal engineering, analog and digital computer circuitry, electrical design and analysis, mass spectrometry, chemical analysis, operations research, and propulsion engineering (ramjet and rocket).
