DR. KEYSER IS A PHYSICIAN OF OVER thirty years' experience, and a graduate of the Jefferson Medical College and the University of Medicine and Surgery of Philadelphia
MR. H. T. HELMBOLD:
Dear Sir.—In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired in my judgment is warranted by the facts.

L

I have seen and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction tincture, fluid extracts,—and I am not cognizant of any preparation of that plant at all equal to yours.—Twelve years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality, I give yours precedence over all others. I do not value a thing according to its bulk, if I did other Buchus would out-do yours, but I hold to the doctrine that bulk and quantity do not make up value—if they did a copper cent would be worth more than a dollar.
I value your Buchu for its effect on patients I have cured with it, and seen cured with it, more diseases of the bladder and kidney than I have ever seen cured with any other Buchu, or any other proprietary compound of whatever name.
Respectfully yours, &c.,
