ordinance which the Council committee is considering.

"It is a well - known fact that the Property Owners Association wrote that bill," Rusty Gilbert of U - JOIN stated Thursday.

"There is nothing in it that they object to. Nothing significant will change because of it."

He said U - JOIN would picket City Council Monday night at 6 p.m. to "protest this fraud they call a housing code."

He said the two new deaths point up the need for a stronger housing code, not a weaker one, and especially for the elimination of space heaters.

He invited those who wish to attend the hour - long picket to meet at City Hall or at U-JOIN offices, 1061 N. Gay St.

POLICE REPORT of the affair states that officers were called to the building by Jerry Niport, 3501 Courtleigh Dr., owner of the property, who stated a strong odor was coming from the second floor apartment.

The door was forced open and the two men were found, one lying on the floor, one on the bed.

A medical examiner on the scene listed cause of death as carbon monoxide poisoning, the report said.

A gas space heater was throwing off a strong odor of gas, police said.

Dr. Charles Petty, of the Medical Examiner's Office, said that a complete autopsy had not yet been performed, but that the deaths were attributable to carbon monoxide poisoning, resulting from incomplete combustion in the space heater.

SO AVID was support of the Bard Plan in AFRO precincts, 4,303 persons voted on it but failed to vote against the Pollack - Reed Plan.

City - wide, it was the reverse with 671 fewer voting on the Bard Plan than on that of the Pollack - Reed forces.

The Bard Plan establishes six councilmanic districts, with boundaries quite similar to those of the new legislative districts.

It provides that three councilmen be elected from each and a City Council president be elected city-wide.

The Pollack - Reed Plan would have allowed the 3rd and 5th Districts to retain their present four Council seats each.

The 1st, 2nd, 4th and 6th Districts each would have been alloted three seats.

This is the make - up of the present Council.

Up in New York, liberal Gov. Nelson Rockefeller appeared to be the winner in his third bid for governorship; and out in Michigan, Gov. George Romney won a third - term election, boosting his chances of winning the 1968 Republican presidential nomination.

MEANWHILE THE National Education Association, called in by the PSTA to study local schools, is readying its report on the deficiencies of the Baltimore system.

The report, which will be circulated throughout the nation, will be completed in several weeks.

On the basis of this report, NEA will decide whether to continue the local and state sanctions nationwide.

AT ITS meeting Thursday, the School Board decided to exchange its 8 - acre site at Argonne and Hillen Rd. for two smaller State - owned Morgan State Collete sites.

The two new sites, near Arlington and Hillen and near Echodale and Perring Pkwy., constitute a total of 9.15 acres.

The request, which is to be consumated within 60 days, originally came from Morgan State so that it can continue to develop its campus on property which physically joins its present campus.

No exchange of money is involved.
