THE POLICE COMMISSIONERS AND GOV. SWANN.—We give in another column letters from the Balt. correspondent to the Philadelphia Inquirer, in reference to the difficulty between Governor Swann and the Police Commissioners of that city. We make these extracts from the Inquirer instead of the Baltimore papers, from the fact they are more condensed, but embrace all the main points. Yesterday was the day appointed by the Governor upon which he intended to take up the matter for a hearing, but it is said that the Commissioners do not intend to recognize his right to investigate their case, nor will they be represented by counsel, the Governor having refused to hear argument from any of the counsel on a previous occasion

Since writing the above we see by the American of yesterday that the counsel for the commissioners, it is understood, will be present to watch the progress of the case.

The Frederic *Examiner* says that Hon. Frank Thomas will have no less than 2,500 majority in the Frederick District. The Princess Anne *Herald*, a Conservative journal, and recognized as the organ of Hon. John W. Crisfield, protests against the Legislature ticket nominated by the Democrats in that county, and refuses to support it. It says the Democrats showed no desire for affiliation with the conservatives, and that the Convention resulted in a "great game" for the Democracy. It complains that the nominee for State Senator, Hon. Isaac D. Jones has always been a prominent Secessionist, and declares he will not receive the Conservative vote.

☞ WE learn that it has been in contemplation for some time past, by strangers from a distance, to give a Concert in the Court House between the first and middle of next month, for the benefit of the M. E. Church of this town.

It will also be seen by notice in another column, that there will be a concert given in the Court House on the 20th of November, for the benefit of the orphan's of the South.

[COMMUNICATED.]

MR. EDITOR: It seems that there was at least SOMETHING "in the windy article" from some fellow who styled himself "A Teacher" in your last edition—enough at any rate to set the editor alluded to, to thinking and another editor to take up the cudgel in his brother's defence. Though the "Physician" who wrote that article only to show his LARNEX, it seems to have been appreciated more than the editor thinks or knows—or else I should not have been treated to such a long reply from one who styles himself a friend to Common Schools in defence of one that I think is not.

The little pleasantry we threw out with regard to his own vocation seems to have struck home. When the gentleman throws insults, he may expect them in return. "The Teacher" considers that the article in question, was an insult to his profession and as such sought to resent it, and shall ever do so, so long as he is in any way connected with it. Whether us, the editor's, is an HONEST vocation depends upon himself and is not my province to controvert—but I do say that no politician, whether he be editor or teacher, is at all times strictly honest in the expression of his views and therefore the editorials of political papers, especially during a warm political contest are not fit for the perusal of boys and girls. I think that the editors themselves must blush at their own impudence sometimes, if the power to blush has not already worn off. Improper language, personalities, and innuendoes such as his last article contains are to say the least not in good taste. The editor of the Journal cannot argue out a point unless he knows the writer—and always refuses a courteous or proper reply unless he has the knowledge or a very good ground of suspicion. Now let me ask, is that honest? Has he not the article itself to answer? How much better could he do, were the name of the author known to him? Does he wish to know the man's proper genealogy, his moral and christian character, in fact all about him and his friends? Whether he was ever crossed in love or picked a pocket, before he can answer a respectful communication? When before was it required by an editor that before a reply could be given to an argument or a communication, one must know the name of the author? Was my communication so galling to his feelings that he wishes to call me to a PERSONAL account? Then I can assure him on the honor of a "PHYSICIAN" he can find my name in the office of Talbot County Board of School Commissioners, and if he wishes more certain information I will send him the card of A TEACHER.

THE Unconditional Union county Convention assembled in this place on Tuesday last and nominated as their candidate for the House of Delegates. Simeon N. West, of the 1st district, and Charles H. Todd, of the 2d district. It has been stated to us that on the account of the failure of the committee appointed by the Cambridge Convention to nominate a candidate for Congress and at the suggestion, of prominent men of the party in other counties, the Convention unanimously recommended George M. Russum, Esq., as a candidate for Congress.—Mr. Russum having been waited on by a committee, appeared before the Convention and accepted the nomination, fully endorsing to Constitutional amendment proposed by Congress. We learn that he has proposed to Hon. Hiram McCullough to hold joint meetings throughout the district. The proceedings were handed to us with a request to publish them but were received too late. If there are any more candidates who wish to present their clames they yet have an opportunity.—*Denton Union.*

CENSUS OF CAROLINE COUNTY.—We have been kindly furnished by Mr. Chas. H. Tood, one of the assessors for this co. with the census of our county. Although no part of the duty of the assessors, Mr. Todd, while visiting every family, carefully noted the number of each and has furnished the result. This is the most correct census ever taken of this county.

FROM THE LOWER DISTRICTS.—We take the following from the St. Michaels Comet of Saturday:

THE OYSTER TRADE.—This branch of our local business has again commenced, after a temporary suspension, caused by the lack of demand from the Oyster establishments of Balto. The harbor daily presents scenes of activity amongst the small boats discharging their cargo on board of the vessels that take them to market.

BURGLARY.—Some heartless thief, on Monday night last, entered the late residence of John Valliant, dec'd., on Tilghman's Island, and stole bedclothing and other articles to the amount of $300. The house was unoccupied, Mr. and Mrs. Valliant both having died of Cholera a short time ago.

☞ WE take the following from the Baltimore *American* of yesterday:

CHARGE OF FALSE PRETENCE.—On Wednesday night A. L. Edwards was arrested by Sergeant Simpson, on a charge of obtaining, under a false pretence, goods to the amount of $1.140.-70, from the firm of L. Bloomberg & Bro., No. 201 Church alley, Philadelphia, preferred by one of the firm. The accused was detained at the Middle District Station and at two o'clock yesterday afternoon, had a partial examination Edward Duffy, Esq., appearing as his council, while Wm. Pinkney Whyte, Esq., appeared for the prosecution. Mr. Bloomberg testified to the goods being sold to the accused upon four months credit, on his representation that he was engaged in business in Eastern Maryland, and that the goods were for the Maryland market. He learned that the goods had been sent to the West, and procured the arrest of the accused on the above charge. A question arose as to whether bail could be taken by the Justice, he being regarded as a fugitive from justice in Philadelphia. The Justice declined to fix or receive bail, and deferred the further examination of the case until this afternoon, by which time it was expected other witnesses would come on from Philadelphia.

IMPORTANT TO FARMERS.—The *Rural American*, which is advertised in this issue of our paper is offered *free* three months, and it is a very valuable publication to farmers, and all persons engaged in rural pursuits. Indeed, we know of no paper of its class that surpasses it; and it is considered by many to be the best—the most practical agricultural and horticultural periodical in this country. The price, only $1.50 a year, is low for such an elegant, well edited paper; yet every subscriber receives as a gratuity about the same amount in very choice grape vines, raspberry and strawberry plants, fine engravings, &c. See full details in advertisement.

DEATH OF T. R. LOOCKERMAN.—We make the following extract from the Richmond Examiner in reference to Theodore R. Loockerman, Esq., formerly of this county and son of T. R. Lookerman, at one time one of the most able lawyers and ready orators at this bar. Mr. Loockerman, the junior, died in the city of Richmond on the 13th inst. After settling in Richmond he also entered upon the practice of the law and on the 18th inst., the bar of that city assembled and the following are the resolutions passed in commemoration of the deceased.

At a meeting of the Bar in Richmond, held at the City Hall on Thursday the 18th day of October, 1866, on motion, Judge William H. Lyons was called to the chair and William J. Clopton appointed secretary.

V. T. Crawford, Esq., announced the death of Theodore R. Loockerman, paying an eloquent and appropriate tribute to his memory, and offered the following resolutions:

Whereas it has pleased Providence to take from us, by death, Theodore R. Lookerman, a member of this bar, who, by the generality of his nature and his social virtues, by his business qualifications and strict integrity, had gained the esteem and confidence of the Bar and community; therefore

*Resolved*, That we deplore the loss of one of our number taken from us in the beginning of life, which promised a useful and honorable future.

*Resolved*, As a mark of respect for our deceased brother, that these resolutions be presented to the several courts of the city of Richmond and be spread upon their record, and a copy of them be sent to the family of the deceased, not only as a mark of respect, but of sincere condolence with them in their affliction.

*Resolved*, That the press of the city be requested to publish the proceedings of this meeting.

Brief addresses were made by Messrs. Berry, Hancock, and Bromwell, and the resolutions were unanimously adopted.

V. T. Crawford, Esq., was requested to present the resolutions to the several courts, to be entered on record; and upon motion the meeting adjourned. WM. H. LYONS, Chairman.

WM. CROPEON, Sec'y.

## Case of the Baltimore Police Commissioners.

*A Hearing at Annappolis—The Counsel Withdrawn from the Case—Intense Excitement in Baltimore—The Arrival of General Canby.—Proclamation by the Governor—Special Despatch to the Inquirer.*

BALTIMORE, Oct. 22, 1866.—The political excitement regarding the removal of the Police Commissioners is still unabated, the counsel of the Latter who visited Annapolis to-day, Messrs. Sterling, Alexander, Stockbridge and Frazier, have returned, and report Governor Swann unwilling for compromise. They have indignantly abandoned the case, leaving the result in the hands of the Governor, assuring him that the Commissioners would not appear personally before him, and would stand upon their own rights; that he had no power to compel their attendance or punish them for non-compliance.

The further consideration of the whole case has been postponed until next Friday. There seems to be a general unanimity upon the part of the police officers and the unconditional Union party to sustain the present Police Board at every sacrifice, regardless of the Governor's action.

It is said that the Directors of the First National Bank, of which Governor Swann is President, are determined he shall not hazard a mob in Baltimore by an act designed to affect certain political ends by displacing the present Police Board without a better cause than can be produced by reckless politicians.

General Canby, commander of the Middle Department, is here to day, coming direct from Washington. He has had a long secret consultation with Mayor Chapman and the Police Commissioners. The result of this interview has not been made public, but it is supposed he threatens military force if a compromise is not made satisfactory to Governor Swann.

An excitement was caused at five o'clock this afternoon by a crowd tearing down and smashing the bulletin board of an afternoon Conservative paper.

Governor Swann to day issued a proclamation, in which he forewarns all persons from organizing military or armed companies to interfere with the laws and peace of the community.—He also admonishes secret or political clubs against the same thing, and asserts that the laws of the State and peace of the community must and shall be preserved at every sacrifice. This tends rather to increase than allay the excitement.

[BY ASSOCIATED PRESS.]

BALTIMORE, Oct. 22.—The hearing of charges against the Police Commissioners commenced this morning, at Annapolis, before Governor Swann, in the Executive Chamber. The case was opened by the Governor making a statement. He said that before taking up the case he desired to correct a statement that he had seen published, that he had proposed a compromise. He had made no compromise. When he found it necessary in examining into the conduct of a State officer, he would do it in the shape of instructions commanding them to obey the laws. He could make no compromise of the laws of the State.

The Governor said he repudiated the charge that had been made that the Governor of the State was associated with Rebels and Rebel sympathizers. He was in favor of a prompt reconstruction of the States upon the basis of loyalty. He could not recognize that any State was out of the Union, and he was opposed to forcing negro suffrage and negro equality upon an unwilling people in any State without their consent. For this difference of opinion, he said, he was denounced as a Rebel sympathizer and a traitor. He would also notice, he said, another fact. Before this investigation had been entered upon, or before any intimation had been given as to what his judgement might be, military organizations were being inaugurated in Baltimore in opposition to anticipated action, and threats had been held out of invasion of the State by parties living beyond its limits. He warned all engaged in such efforts to excite the people of Baltimore to a resistance of the laws of the State that they would be held to a strict accountability. He said he would now take up the case with an entire freedom from all partisan bias.

Mr. Sterling, of the counsel for the Commissioners, then proceeded to read the reply of the Commissioners, in which they take the ground that the power of removal conferred upon the Governor gives him no power to try them for official misconduct, and that he can only do so after such charges have been proven by a court of competent jurisdiction. The reply goes on to deny the truth of the charges preferred against them, and in conclusion says:—"Your Excellency attacks us because we have upheld the law. We are now assailed not because we have broken it. It is for official fidelity during three years, in which we have held office, that this political attack is made by those who, in the very Executive chamber proudly proclaim that they are Southern sympathizers. We believe that you have had abundant opportunity to know that this Board has done its duty.—From respect to your official position, and from a decent regard for the opinions of mankind, we make this distinct and detailed denial of all the charges. We connot recognize your right to try us. We cannot give up the authority and duty vested in and imposed on us, unless upon the judgment of the judicial tribunals of the State we are requied to do so."

The reply concludes by expressing the hope that "the Governor will relieve the apprehensions of the citizens of Baltimore by refusing to entertain this novel jurisdiction, and declining to advance the objects of those who have appeared before him, and who, they say, would rejoice to to see you produce a conflict in Baltimore."

Messrs. Schley and Latrobe, for the petitioners, maintained the jurisdiction of the Governor, and evinced their readiness to argue the question.

Governor Swann said that, after mature reflection, he was satisfied that the law gave him the power, and made it his duty to investigate and pass upon charges of official misconduct against the State officers, and, therefore, he maintained that he had jurisdiction in this case. The counsel for the Commissioners then announced that their mission was at an end, and withdrew.

After consultation with the counsel for the petitioners, the Governor appointed Wednesday next to try the case, when witnesses will be summoned to appear.

SECOND DESPATCH.

BALTIMORE, Oct. 22—Evening.—The case of the Police Commissioners has been postponed till Friday. General Canby, Commander of the Department, came here to-day from Washington, and had interview with the Mayor and Police Commissioners. It is understood that the object of his visit was to inform himself as to the condition of affairs in this city.

There has been considerable excitement in the city to-day in referance to the case of the Police Commissioners. Upon the announcement of the fact that the Governor maintained his jurisdiction in the case, and his determination to investigate and try the charges of official misconduct, some slight manifestations of excited feeling took place, and one person was knocked down near the head-quarters of the Unconditional Union party. Nothing more serious than this slight affair has occurred, however, and there is at present no reason to expect that the public peace will be disturbed further.

POLITICAL RIOT AT HAGERSTOWN—ONE MAN KILLED

BALTIMORE, Oct. 22.—We have reports from Hagerstown of a serious affair there on Saturday evening, during a political meeting held by the Unconditional Union men. A disturbance occurred and fire-arms were used, resulting in the killing of one man, a Conservative, named Charles Gall, and serious wounding of two others; participants in the meeting.

## Important Proclamation by Gov. Swann.

BALTIMORE, Oct. 22.—The following proclamation has to-night been issued by Gov. Swann:

State of Maryland.—Executive Department.—Whereas, It has come to the knowledge of the Executive that military and other combinations are now forming in the city of Baltimore, for the purpose of obstructing and resisting the execution of the laws of this State, and

Whereas, There is reason to believe that similar combinations are attempted to be organized in other States, with the intention of invading the soil of the State of Maryland, to deprive her citizens of their just rights under the law, and to control the people of the State by violence and intimidation:

Now, therefore, I Thomas Swann, Governor of the State of Maryland, do, by this, my proclamation, solemnly warn the leaders of all such illegal combinations against the peace and dignity of the State, that, in the event of riot and bloodshed growing out of these revolutionary proceedings, they will be held to the strictest accountability, and the power of the State will be exhausted to bring them to be prompt and merited punishment.

Given under my hand and the great seal of the State of Maryland, at the city of Annapolis, this, the 22d day of October, A. D., 1866.

(Signed) THOMAS SWANN.

By the Governor.

JOHN W. CARTER, Secretary of State.

BALTIMORE, Oct. 24.—There are various rumors prevailing to-day, which may be true, to the effect that the editors of the *American* and others have been cited before the Grand Jury of Baltimore, by the conservative party, as incitors of riot, and asking their indictment as disturbers of the public peace for incendiary publications. This of course, is a purely political matter, and has two sides. It will tend rather to excite than allay difficulties.

The Commissioners continue determined to resist Governor Swann, and to obey their legal advisers at all hazards.

[BY ASSOCIATED PRESS.]

BALTIMORE, Oct. 24.—There are no new developments in regard to the Police Commissioners. Their counsil still adhere to their original determination, not to participate in the examination of witnesses on Friday. Rumors have been current here to-day, of the arrival of troops from Washington, but they are incorrect.

It is true some troops are expected here shortly, to embark for Texas, and that a colored regiment will be sent here to be mustered out of the service—facts which have probably given rise to the rumors of troops being ordered here with reference to the pending difficulties. The interview of General Canby with the authorities, all reports to the contrary notwithstanding, was of a most friendly character.

NEW YORK, Oct. 24.—The *Herald's* Baltimore special despatch says that attempts are being made to secure indictment against John W. Forney, the editors of the Baltimore *American* and the Police Commissioners, for attempts to incite riot and insurrection.

DISTRIBUTION.—We would call attention to the opinion of one of the leading papers of Canada on this subject:

Most of our readers have no doubt read some of the numerous advertisements of Gift Enterprises, Gift Concerts, &c., which appear from time to time in the public prints offering most tempting bargains to those who will patronize them. In most cases these are genuine humbugs. But there are a few respectable firms who do business in this manner, and they do it as a means of increasing their wholesale business, and not to make money. From such firms, it is true, handsome and valuable articles are procured for a very small sum, and what is more important, no one is ever cheated. Every person gets good value for his dollar, because, as we have stated, it is intended to act as an advertisement to increase their business.

We have seen numbers of prizes sent out in this way by SHARPE, WATSON & COMPANY, of Nassau Street, N. Y., and there is no doubt that some of the articles are worth eight or ten times the money paid for them, while we have not seen or heard of a single article which was not fully worth the dollar which it cost. But this is only one of the exceptions of this rule, for as a general thing the parties engaged in this business are nothing but clever swindlers.—(Saturday Reader, Montreal, C. E., Jan. 13, 1866.—4t eow

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion.—By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

DR. SCHENCK makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7,50 the half dozen. All letters for advice should be addrassed to Dr. SCHENCK'S Principal Offic, No. 15 North 6th Street, Philadelphia, Pa.

A HUMBUG.—How often we hear this expression from persons reading advertisements of Patent Medicines, and in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the Venetian Liniment, to the public, I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two months I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other meditine for the cure of Croup, Diairhœa, Dysentery, Colic, Vomiting Spasms, and, sea sickness, as an internal remedy. It is perfectly innocent to take internally, see oath accompanying each bottle, and externally for Chronic Rheumatism, Headache, Mumps, Frosted Feet; Bruises, Sprains, Old Sore-Swellings, Sore Throats, &c., &c. *THE AMERICAN JEWELERS' ASSOCIATION* calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German War and recent disastrous financial crisis in England, has caused the failure of a large number of Jewelry Houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices, that we can afford to send away Finer Goods and give better chances to draw the most valuable prizes than any other establishment doing a similar business. Our *aim is to please* and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than one dollar, retail, and there are no blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the American Jewelers' Association, and have kindly allowed the use of their names:

Charles J Hunter, Esq., Treasury Department, Washington, D. C., Piano, value $300; Miss Anna G. Yates, 52 St. Mark's Place, N. Y., Sewing Machine, value $75; Brig. Gen. L. L. Hanson, U. S. Vols., Nashville, Tenn., Silver Tea Set value $150; Miss Emma Hunter, 63 Front St., Harrisburg, Pa., Sewing Machine, value $60; Lieut. Col. Walter Chittenden, Quartermaster, Louisville, Kentucky, Gold Watch, value $150; Wm. S Haines, 247 King St., Charleston, S. C., Silver Watch, value $50; Alexander Johnson, Esq., Editor *Muskatoe Pioneer*, Muskatoe, Minn., Ladies' Enameled Watch, value $150; Samuel Lee, Esq., President Colorado and Red Bank Mining Company, San Francisco, Cal., Melodeon, value $200; Aaron S. Long, Esq., Principal Elkhart Collegiate Institute, Elkhart, N. J., Diamond Pin, value $200; R. M. Longstreet, Montgomery, Ala., Music Box, value $75; Rev. Isaac Van Duzer, Albany N. Y., Gold Lined Dining Set, value $300; Miss Clara Lucuguer, Dayton, Ohio, Panoforte, value $400; and Diamond Pin value $175.
