Mr. William F. Leaverton, County Roads Engineer, appeared before the Board to discuss general road conditions.

Mr. Leaverton, in a letter to the Board, recommended changes in the roads specifications with regard to roads within real estate developments in the County.

Pursuant to the County Commissioners discussion with Mr. Kay and Mr. Sharretts, the Board requested Mr. Leaverton to prepare a list of roads which are presently being maintained by the County that should be maintained as a part of the State system. Also, to prepare a list of roads which are being maintained by the State and are actually serving only local traffic.

Upon motion by Mr. Chance, seconded by Mr. Coleman and unanimously approved, it was

RESOLVED, That Dr. H. F. McPherson be appointed Medical Examiner for the Queen Anne's County Roads Board at a fee of $4.00 per person.

Mr. Elmer Thompson, Attorney to the Roads Board, Mr. Leaverton and the Board discussed the matter of posting certain roads for weight limits when it becomes evident the road is in a weakened condition from freezing and thawing. It was the decision of the Board not to pass a resolution concerning the matter at this time.

There being no further business to engage the immediate attention of the Commissioners, other than routine business, the Board adjourned to meet again on Tuesday, November 3, 1959.

Mr. William F. Leaverton, County Roads Engineer, appeared before the Commissioners to discuss general road conditions.

It having been brought to the attention of the County Commissioners and Roads Board that certain liability might attach as a result of the County taking over the construction and maintenance of its roads, Mr. John George Insurance Broker; Mr. Terence Blackwood, representative of Hartford Insurance Company, Mr. Elmer Thompson, Attorney to the Boards, and Mr. William Leaverton, County Roads Engineer, appeared before the Board to discuss insurance coverage and insurance rates. The County was advised that complete coverage is based on road mileage and will cost approximately $5,800.00.

It was also brought out that the County could cover its moving vehicles for considerably less than the above amount, and assume as a form of self-insurance any liability resulting from negligent construction and maintenance of the roads themselves as distinguished from the vehicles. In view of the good previous accident record in the County with regard to construction and maintenance of the roads, it was decided to think about the matter for another week or two before deciding what if any insurance the County should carry.

To assist in reaching this decision, Mr. George was requested to supply rates for insuring for public liability all motor vehicles and other moving equipment used in construction and maintenance of the roads, so that this figure can be compared with the cost of complete road insurance.

Mr. William Shaw, representative of the State Roads Commissions Right of Way Department, and Mr. Elmer Thompson, Attorney to the Board and Mr. Leaverton, County Road Engineer, appeared before the Commissioners to discuss the State's obtaining a strip of County owned property on Route 544 for the improvement of Route 544. A formal agreement will be presented at a later date.

There being no further business to engage the immediate attention of the Board, other than routine business, the Board adjourned to meet again on Tuesday, December 1, 1959.

Mr. William Leaverton, County Roads Engineer, appeared before the Board to discuss general road conditions.

Mr. John George of Joseph M. George and Son, Insurance Brokers for Queen Anne's County, submitted the proposal of the Indemnity Insurance Company of North America to insure various Roads Board vehicles and pieces of equipment under a liability policy similar to an automobile liability policy at a unit cost of approximately $65.00 per unit. This insurance does not cover road defects or injuries caused by faulty construction of the roads or by failure to properly patrol the roads, but it will cover all operations of the vehicles whether or not same are being used for construction, maintenance patrol or other purposes. The risk as borne out by past performance would not justify the expenditure of an additional $5,000.00 in premiums to insure road hazards. The Clerk was instructed to advise Mr. George the County desires the coverage submitted under the proposal of the Indemnity Insurance Company of North America.

Mr. William F. Leaverton, County Roads Engineer, appeared before the Board to discuss general road conditions.

Mr. Vachel A. Downes, representing Romancoke Holding Company, advised the Commissioners and Roads Board that said Company had conveyed a strip of land fifty (50) feet in width for development of roads known as Allegeny Road and Frederick Road, between Dorchester Road and Queen Anne Road in the development of Second Section of Kent Island Estates; whereas said grant should have been for a strip of land forty (40) feet in width. He, also, pointed out that the County is only using a forty (40) foot strip which the Romancoke Holding Company intended to convey and which the County intended to accept. In order to clear the title for that portion of said land erroneously conveyed, Mr. Downes requested that the County execute a deed to release said land.

NOW, THEREFORE, BE IT RESOLVED, by The County Commissioners that the Commissioners reconvey and release unto the Romancoke Holding Company all its rights, title, interest and estate in and to the beds of said roads over and above the width of forty (40) feet, measured twenty (20) feet on either side of and perpendicular to the center line of Allegeny Road and Frederick Road, between Dorchester Road and Queen Anne Road.

Mr. William F. Leaverton, County Roads Engineer, appeared before the Board to discuss general road conditions.

Whereas the Roads Board has received a request for the erection of "Cattle Crossing" signs, and

WHEREAS, it was the policy of the State Roads Commission to erect said signs when the County lateral roads were maintained by the State;

NOW, THEREFORE, BE IT RESOLVED, That the Roads Board for Queen Anne's County continue the policy and service of erecting "Cattle Crossing" signs upon request.

It having been brought to the attention of the Roads Board by the Roads Engineer that farm gates,on the properties of Mr. Herbert Carter and Mr. Samuel Blunt, when opened protrude across the hard surface portion of the County roads, the Board instructed the Clerk to the Roads Board to send a certified letter to the above property owners requesting that steps be taken to correct the hazard to the traveling public.

WHEREAS, The Roads Board for Queen Anne's County desiring to prevent traffic accidents at the intersections of County Roads No. 1 in the 6th Election District and No. 11 in the 2nd Election District, known as the Hope Road, and County Road No. 12 in the 2nd Election District, known as Clark's Corner Road, deem it necessary and advisable to designate County Roads No. 1 in the 6th E.D. and No. 11 in the 2nd E.D. as "through" roads;

BE IT RESOLVED, that County Roads No. 1 in 6th E.D. and No. 11 in 2nd E.D. be designated as "through" roads and the same be given preference over County Road No. 12 in 2nd Election District and that "STOP" signs be placed on County Road No. 12 where it intersects County Roads No. 1 in 6th E.D. and No. 11 in 2nd E.D.

There being no further business to engage the immediate attention of the Board, other than routine business, the Board adjourned to meet again on Tuesday, February 23, 1960.

Mr. William F. Leaverton, County Road Engineer, appeared before the Board to discuss general road conditions.

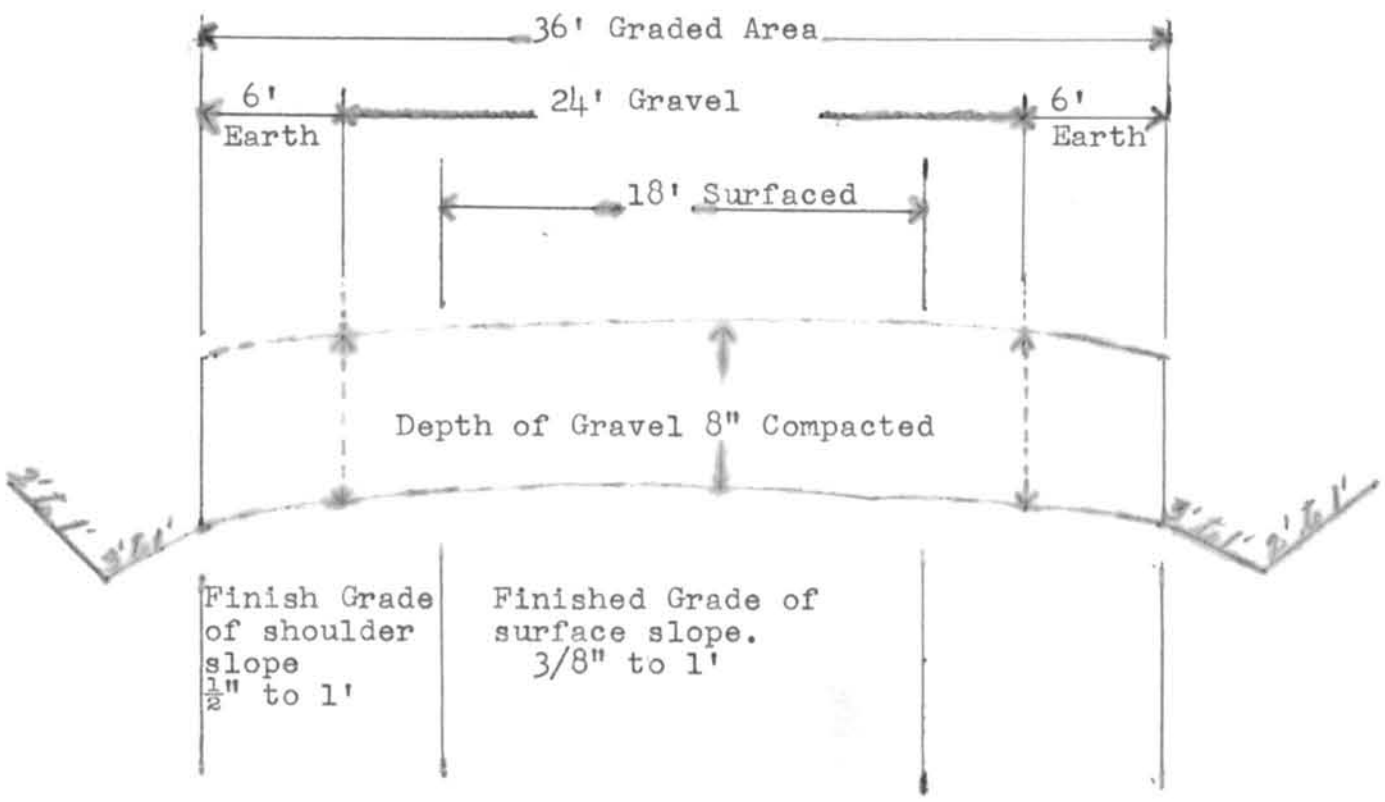
Whereas the Roads Board for Queen Anne's County deem it necessary to amend the specifications adopted by the County Commissioners on May 10, 1955 for roads in subdivisions before their acceptance within the County Road system; and all other roads on which acceptance into the County Roads system is requested;

BE IT RESOLVED that before any road will be accepted by the Roads Board for maintenance into the County road system the following requirements and specifications must be complied with. Said amended specifications adopted this 10th day of October, 1961.

1. The developer or his agent shall discuss the plan layout while still in sketch form with the Queen Anne's County Planning and Zoning Commission.

2. A copy of the plans and profiles of the proposed storm drains with grades and pipe sizes shall be filed with the County Roads Engineer and the entire storm drainage program for the development shall be discussed with and approved by the County Roads Engineer prior to preparation and filing of the final plat.

3. Standard Specifications for construction of new roads in developments in order for the County to accept said roads in the County road system for maintenance.



1. Right-of-way	50 feet
2. Graded Area	36 feet
3. Gravel Width	24 feet
4. Gravel Depth	8 inches (Compacted)
5. Slope Roadway to Gutter	3' to 1' (Roadside Slope)
6. Slope Gutter to Top of Bank	2' to 1' (Bank Slope)
7. Finished Grade of Surface Slope	3/8" to 1'
8. Finished Grade of Shoulder Slope	½" to 1'

Adequate standard pipe culverts or other drainage structures placed in proper locations and alignments to drain roadway; minimum diameter 12 inches. Outlet ditches opened to insure proper drainage of right-of-way.

All vertical curves and gradations to have a sight line of not less than 300 feet.

All materials subject to approval of County Engineer.

There being no further business to engage the immediate attention of the Board, other than routine business, the Board adjourned to meet again on Tuesday, October 17, 1961.

WHEREAS, The Roads Board for Queen Anne's County desiring to prevent traffic accidents at the intersection of County Road No. 27 and County Road No. 28 in the Third Election District, deem it necessary and advisable to designate County Road No. 28 - 3rd Election District known as Sparks Mill Road as a "through" road and same be given preference over County Road No. 27 - 3rd Election District known as Browns Corner Road;

BE IT RESOLVED, That County Road No. 28 in the Third Election District be designated as a "through" road and same be given preference over County Road No. 27 in Third Election District and that a "STOP" sign be placed on County Road No. 27 - 3rd Election District where it intersects County Road No. 28 in Third Election District.

The following agreement relative to transfer of certain sections of State and County highways was executed February 19, 1962, with said transfer to become effective July 1, 1962.

All of County Road No. 96 from Md. Routes 304 and 481 at Ruthsburg to Md. Route 405	3.88 miles
All of County Road No. 268 (Starr Road) from Md. Route 309 near Starr, northwesterly to Md. Route 309	2.08 "
Part of County Road No. 76 (Barclay - Church Hill Road) from Md. Route 302 at Stevens Corner, westerly to U. S. Route 301	1.61 "
Total	7.57 miles

IT IS FURTHER UNDERSTOOD AND AGREED BETWEEN THE PARTIES HERETO that the change in the status of the sections of County road is authorized under the following conditions:

1. The effective date of transfer shall be upon complete approval of this agreement.

2. The mileage respecting the aforesaid sections of County roads will be excluded from the inventory as of December 1, 1961.

3. The basis for the allocation of funds will exclude the 7.57 miles of County road mileage in the allocation to Queen Anne's County beginning July 1, 1962.

4. That such transfer is made on an 'As-Is-Basis,' which pertains to the existing rights of way and to the existing condition of the roads involved, including all appurtenances and bridge structures at the time of acceptance for State maintenance.

IN WITNESS WHEREOF, the parties have caused these presents to be executed in duplicate by their proper officers thereunto duly authorized, the day and year first above written.

MEMORANDUM OF ACTION OF STATE ROADS COMMISSION OF MARYLAND
BY CHAIRMAN AND DIRECTOR JOHN B. FUNK
MONDAY, FEBRUARY 19, 1962
* * *

Chairman and Director Funk executed for and on behalf of the Commission agreement, in duplicate, dated February 19, 1962, relative to transfer to the County Commissioners of Queen Anne's County of certain sections of State highways; and transfer of designated sections of County highways to the State Roads Commission, as follows:

"THIS AGREEMENT, made this 19th day of February, 1962, by and between the State Roads Commission of Maryland, hereinafter referred to as 'Commission,' party of the first part, and the County Commissioners of Queen Anne's County, Maryland, hereinafter referred to as 'County Commissioners,' party of the second part.

WHEREAS, under authority contained in Section 79 of Article 89B of the Annotated Code of Maryland (1957 Edition), the Commission is empowered to transfer State highways, or portions thereof, to the governing bodies of the several counties of Maryland, for maintenance purposes, and the governing bodies of the several counties of Maryland are empowered to transfer county roads, or portions thereof, to the State Roads Commission of Maryland, as part of the State Roads System.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That for and in consideration of the sum of One Dollar ($1.00) and other good and valuable considerations, the receipt whereof is hereby acknowledged, the said Commission, party of the first part, does hereby transfer to the County Commissioners, party of the second part, for maintenance purposes, subject to the continuance in effect of any controls of access which may have been established by the party of the first part for the protection of the traveling public, the following described sections of State highways:

The Roads Board received memorandum of action of State Roads Commission of Maryland, by Chairman-Director Funk, dated November 7, 1962, and a fully executed copy of agreement of that date, between the State Roads Commission and the County Commissioners of Queen Anne's County, relative to change of status of that section of the service road lying between station 541+23 right and station 548+62 right, containing approximately 0.85 acres, from State maintained to County maintained. Said land conveyed by Hiram B.

Hammond, etal, to the State of Maryland, to the use of the State Roads Commission.

There being no further business to engage the immediate attention of the Board, other than routine business, the Board adjourned to meet again on Tuesday, November 20, 1962.

The Final Order for the closing of two (2) parcels of land at Kent Narrows in the Fourth Election District was approved. Reference pertaining to this closing may be found in the County Commissioners minutes of April 6, 1965, May 4, 1965, May 11, 1965, September 20, 1966 and October 25, 1966.

WHEREAS, the County Commissioners of Queen Anne's County and the County Roads Board for Queen Anne's County heretofore determined that it was desirable and in the public interest in order to promote the health, welfare, and enjoyment of the inhabitants of Queen Anne's County, to acquire and open a public recreational facility adjacent to the waters of Kent Narrows in the Fourth Election District of said county and to acquire and open a public road leading thereto; and

WHEREAS, said County Commissioners and Roads Board determined that it was desirable and in the public interest to close the public road in the Fourth Election District of Queen Anne's County leading from the northly side of U. S. Route 50/301 to the waters of Kent Narrows, and the property acquired by deed from John Y. T. Gardner, et al., dated August 15, 1950, and recorded among the Land Records of Queen Anne's County in Liber N.B.W. No. 8, folio 230; and

WHEREAS, the County Commissioners and Roads Board caused notice to be inserted in the "Queen Anne's Record-Observer," a newspaper of general circulation within said county, once a week for five successive weeks, commencing September 22, 1966, of their determination to finally close such road and property, and further notice that said Commissioners and Roads Board would receive objections and/or counter-petitions to such final closing at a final hearing to be held on October 25, 1966; and

WHEREAS, at a public meeting held pursuant to said notice on October 25, 1966, the said Commissioners and Roads Board held a hearing for

the consideration of objections and/or counter-petitions to the final closing of said road and property as aforesaid and considered the reasons contained in the testimony which came before them (there having been no counter-petitions or objections thereto); and

WHEREAS, the matters hereinabove referred to and the proceedings relative thereto will more fully appear by reference to the minutes of the meetings of the said County Commissioners and Roads Board.

NOW, THEREFORE, BE IT

RESOLVED, That it is desirable and in the public interest to acquire and open the 0.671-acre parcel of land (as a public recreational facility) and the 3.059-acre parcel of land (as a public road), both of which have been and are hereby declared to be inproved to county specifications, and are firstly and secondly described in a deed between the said County Commissioners, The Piney-Narrows Corporation, and John Alfred Gardner, Jr., which was today submitted to the said County Commissioners and Roads Board, subject to the restrictions and reservations contained in Part I thereof; and the said parcels are hereby accepted and declared open for public use; and

FURTHER RESOLVED, That there is no further need for any public use of any part of the old, unimproved road (thirdly described in said submitted deed) and the 0.33-acre parcel of land (fourthly described in said submitted deed); that it is right and proper that said parcels be closed to public use;and that they and each of them be, and they are hereby, closed to the end and intent that the same shall remain barred and closed to the public forever; and

FURTHER RESOLVED, That all right, title, and interest of the County Commissioners of Queen Anne's County, if any, in and to said old, unimproved public road and said 0.33-acre parcel of land be conveyed to The Piney-Narrows Corporation in exchange for the said corporation's right, title, and interest, if any, in and to the 0.671-acre parcels of land, improved, accepted, and 3.059-acre and opened as aforesaid; and

FURTHER RESOLVED, that the president of the County Commissioners of Queen Anne's County be, and he is hereby, authorized to execute the deed submitted as aforesaid for the purpose herein and therein contained.

Mr. Lawrence Morris, County Roads Engineer, appeared before the Board to discuss roads in general.

After discussion with the attorney for the Roads Board, it was decided that a resolution would not solve problems at the county dumps, but an ordinance specifically spelling out the county's policies would.

Upon motion made, seconded, and unanimously approved, the attorney for the Roads Board is to prepare an ordinance spelling out what can and what cannot be deposited in county disposal areas. A public hearing will be held later.

Upon motion made, seconded, and unanimously carried, the Board approved a name sign - "BLOOMINGDALE ROAD" - to be erected at the intersection of Bloomingdale and Route 50.

Mr. Henry Gzell has approached the Road Engineer and asked if trash containers could be placed at each end of Round Top Bridge and has stated that he will see that they are dumped.

The Board approved the request and Mr. Morris will see that the containers are designated with signs that read "PLEASE DEPOSIT TRASH IN CONTAINERS" - By order of The County Commissioners of Queen Anne's County".

Upon motion made, seconded and unanimously carried, the Board approved 30 mile per hour speed signs to be erected on the Perry's Corner Road, being County Road No. 174 from 0.10 mile southeasterly of Cabin Creek Road, being County Road No. 178 to Maryland State Route No. 18.

WHEREAS, the Roads Board for Queen Anne's County desiring to prevent traffic accidents at the intersection of Brownsville Road, being County Road No. 138 and Dulin Clark Road, being County Road No. 139, deem it necessary to designate County Road No. 139 as a "thru" road and the same be given preference over County Road No. 138;

DECISION

WHEREAS, the County Commissioners of Queen Anne's County on its own initiative gave notice of its intention to close the portion of the public road known as "Cox's Sawmill Road" in the Sixth Election District of Queen Anne's County; said portion of road beginning where the "Cox's Sawmill Road", the Roe-Ingleside Road, and State Route 405 intersect near Roe; and running thence, in a southerly direction for a distance of approximately one-half mile to a point where the Cox's Sawmill Road again intersects with State Route 405, and

WHEREAS, pursuant to the provisions of Article 25, Section 136, Annotated Code of Maryland (1957 Edition), thirty (30) days notice of the intention to close said road was given by publication in four separate insertions at weekly intervals in the Queen Anne's Record-Observer, one of the newspapers published in Queen Anne's County, and as more particularly appears by the Certificate of Publication filed herein, and

WHEREAS, pursuant to said notice, the County Commissioners of Queen Anne's County held a public hearing on said Petition at the office of the County Commissioners, Court House, Centreville, Maryland, on Tuesday, June 10, 1969, at 1:30 p.m., and

WHEREAS, at said public meeting after calling for and receiving no objections to the form and sufficiency of the notice of said hearing, the jurisdiction of said County Commissioners to hear and decide the matter, nor to the closing of the road, and

WHEREAS, the County Commissioners did give consideration to the testimony of Lawrence Morris, County Roads Engineer, he being the only person to appear before them at said hearing,

NOW, THEREFORE, BE IT RESOLVED, by the County Commissioners of Queen Anne's County, Maryland, that it is right and proper and in the public interest that the portion of the "Cox's Sawmill Road" in the Sixth Election District of Queen Anne's County, State of Maryland, beginning where the Cox's Sawmill Road, the Roe-Ingleside Road, and State Route 405 intersect near Roe; and running thence in a southerly direction for a distance of approximately one-half mile to a point where the Cox's Sawmill Road again intersects with State Route 405, be and the same is hereby forever closed as and for a public road, and

BE IT FURTHER RESOLVED, that the bed of said road shall revert to the property from which it was taken.

Mr. Lawrence Morris, County Roads Engineer, appeared before the Board to discuss roads in general.

The success of the Mosquito Control program was further discussed, and it was determined that the demand for the service had been much greater than anticipated.

Upon motion made, seconded, and unanimously approved, the Board instructed Mr. Morris to request a second truck from the State to be used for Mosquito Control.

The Commissioners of Church Hill had requested reimbursement for a portion of the cost of repairing a road within the town limits because the county uses this portion heavily to go to and from the county garage located on said road. The Board had the Engineer inspect the road and determine the percentage of the total cost that would be feasible for reimbursement. The total cost was $2,802.00 and Mr. Morris thought one-third was adequate.

Upon motion made, seconded, and unanimously approved, the Board agreed to pay one-third of $2,802.00 or $934.00 to the Commissioners of Church Hill.

Mr. Morris advised that he met with Reginald Johnson of the Corps of Engineers and took soundings for the breakwater at Kent Narrows. This project has been under discussion for over a year, and it is hoped that some progress will soon be made.

The Board asked that the bushes in Kings Town Park be trimmed.

There being no further business, other than routine business, the Board adjourned to meet again on Tuesday, September 23, 1969.

Mr. Lawrence Morris, County Roads Engineer, appeared before the Board to discuss roads in general.

Mr. Edward Stowman, owner of a tract of land adjacent to the Third District Disposal Area, met with the Board to discuss the sale of approximately ten (10) acres of the said tract of land to the county. Mr. Stowman agreed to sell the said approximate ten (10) acres to the county for $450.00 per acre.

Upon motion made, seconded and unanimously approved, the Board agreed to purchase approximately ten (10) acres of land adjacent to the Third District Disposal Area from Edward Stowman for the sum of $450.00 per acre.

The county is to bear the expense of having the above approximate ten (10) acres surveyed, and the Attorney for the Board is to prepare the necessary papers before the final settlement.

Mr. Morris reported that he had installed a fence at Glanding Disposal Area to control the dumping of garbage there. The fence was only up 2 or 3 days when it was cut.

There being no further business, other than routine business, the Board adjourned to meet again on Tuesday, December 23, 1969.
