THIS MUST GO!

Industry recognizes its responsibilities in the changing social order–

America today — and its free enterprise system — cannot tolerate slum conditions, abject poverty, and wholesale misery to which millions of its citizens are being exposed.

Not only are these conditions morally wrong — they are economically unsound. They can lead only to chaos. They typify the truth of the ancient saying that the weakest link can destroy the strongest chain.

In the elimination of these conditions and the correction of social ills, government has a leading role. But local problems still demand local solutions. Under the free enterprise system, with its legitimate profit motive, local business and industry have responsibilities to the community as well as the nation.

Modern industry recognizes these responsibilities and is making contributions which only it can provide to the economic growth and prosperity of all of the people. With the close cooperation of all our forces — government, industry, the church, and public and private agencies — we can in fact achieve a better America, *in the shortest possible time!*

Westinghouse is active in new social programs

Westinghouse demonstrates its awareness of social change by active participation in new, forward-looking programs that have far-flung and long-lasting benefits. One is *Job Corps* training, where Westinghouse manages the complete program of up to two years of training for underprivileged boys, including educational and vocational courses designed to make them qualified, self-reliant citizens with improved job skills in major occupations. Another is the *Peace Corps*, where Westinghouse is training 400 corpsmen for assignments in Micronesia, Chile, and Iran.

All of these programs are examples of management know-how which industry can make available for improvement of the social and economic order. These Westinghouse services are conducted by the Systems Operations department of the Defense and Space Center in Baltimore.

In the Greater Baltimore area, Westinghouse is conducting a large-scale anti-dropout campaign under its *Youth In Industry* program which this year will reach 1,500 underprivileged youngsters with encouragement to stay in school to be prepared for better jobs in business and industry. And, of course, hundreds of Westinghouse employees continue their generous contributions to every major civic and philanthropic drive as well as the day-to-day individual church and social participation that is so important to the community.

In addition, the company sponsors tuition refund programs to assist employees obtain a college education, on-the-job training courses for individual advancement to better paying positions, and advanced educational programs within the company to keep pace with expanding technology.

No one knows how much we miss you;
No one knows the bitter pain
We have suffered, since we lost you.

In our hearts your memory lingers,
Sweetly, tender, fond and true;
There is not a day, dear mother,
That we do not think of you.
SON and DAUGHTERS.

BRADY — In loving memory of my beloved son, EDWARD LEE BRADY, who passed away January 14, 1956:

But that is not true,
It has been eleven years since you passed away,
And my heart still aches for you, my son.
MOTHER.

BRYAN — In loving memory of REV. WILLIAM GUY, who departed this life three years ago, January 13, 1964:
What would we give his hand to clasp,
His patient face to see,
To hear his voice, to see his smile,

But some sweet day we'll meet again
Beyond the toil and strife,
And clasp each other's hand once more.
In Heaven, that happy life.

I'll remember you, dear, while there's life in my heart,

CORNISH — In loving memory of my dear husband, ALEXANDER, who passed away January 12, 1956:
When the evening stars are falling
And I am sitting all alone,
In my heart there comes a longing
If you could come home.
Oft and oft my thoughts do wonder
To your grave I go to pray.
Where I laid you dearest husband,
Five years ago today.
When the one you care for has departed
And you sit alone broken hearted
There is something in a kindred mind
That always leave a sense behind
Of true companionship, I know
The pain it was to see you go.
Yet memories soften everything
The grave its victory, death its sting.
LOVING WIFE,
MARY CORNISH

And my heart still aches for you.
A love lost, my soul's companion,
I have linked with my own!
And day by day I miss him more
As I walk through life alone.
Loving Wife — EVA.
