Trips to St. Michaels and Miles River are discontinued. may 23

Manhood; How Lost, How Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the publishers,

THRESHER & CLEANER.

WE call the attention of Farmers to our IMPROVED DIAMOND STATE THRESHER AND CLEANER, with double acting Separator. The practical operation of these machines is such as will warrant us in advising those in want of Threshers and Cleaners to examine ours before purchasing elsewhere.—We manufacture three sizes: No. 1, 26 inch cylinder; No. 2, 30 inch cylinder; No. 3, 36 inch cylinder. They are of the best material and workmanship, and warranted to suit purchasers. Large or small powers can be used to drive them, as desired. Galvanized sheet iron is used for sieves and shaker bottoms. They are unequaled in strength, durability and ease of running, doing their work rapidly, and in the best manner. The machine is a model of simplicity in its construction and operation, and the price of it much below others in the market.—The double shaker separates all the grain from the straw—none is wasted, and the Fan is unsurpassed as a cleaner. The Shoe can be detached from the Shaker, and the machine used as a Thresher and Separator alone.

Our Two and Three Horse Endless-chain Powers are made with steel rods and the improved link. All the gearings for the wheels are steel, making the powers run with great ease to the teams upon them.

Also Lever Powers.
