Pacific Railroad Nearly Finished

1550 MILES BUILT.

THE UNION PACIFIC R. R., CO.,
AND THE
Central Pacific Railroad Co.,
Have added eight hundred (800) miles to their lines during the current year, while doing a large local passenger and freight business.—The through connection will undoubtedly be completed next summer, when the through traffic will be very great. Forty thousand men are now employed by the two powerful companies in pressing forward the great national highway to a speedy completion. 200 miles remain to be built, which mostly are graded and ready for the rails.

First Mortgage Gold Bonds of the Union Pacific Railroad Company for sale at par and interest.

The principal and interest of both bonds are payable in gold.

AYER'S HAIR VIGOR,

For the Renovation of the Hair.

The Greatest Desideratum of the Age.

A dressing which is at once agreeable, healthy and effectual for Preserving the Hair. Faded or Gray Hair is soon restored to its original color and the gloss and freshness of youth. Thin Hair is thickened, Falling Hair checked and Baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a party sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the Hair, the Vigor can only benefit but not harm it. If wanted merely for a hair dressing, nothing else can be found so desirable. Containing neither oil or dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

Traveler Look for Comfort.

HERE IT IS.

JAMES C. NORRIS,

Of the Brick Hotel, Easton, is desirous of again returning thanks to a generous public for the very liberal patronage bestowed upon him. Having been in the business now for several years and his house being well established he deems a lengthy notice unnecessary, but would remind the traveling public that his table is always furnished with the very best the market can afford and Oysters, Crabs, &c., in their season. His house is always in order, and servants polite and accommodating. His Bar is supplied with the best Liquors from the largest houses in Baltimore and Philapelphia. A large number of horses (from 150 to 200,) can be accommodated by Mr. F. G. Wright, whose office adjoins the hotel, and who is always on the spot.—Traveler stop and see for yourself. [feb 6

UNION PACIFIC RAILROAD CO.,

AND

CENTRAL PACIFIC R. R., CO.

FIRST MORTGAGE BONDS.

This great interprise is approaching completion with a rapidity that astonishes the world. Over *fifteen* (1500) *hundred miles* have been built by two (2) powerful companies: the Union Pacific Railroad, beginning at Omana, building west, and the Central Pacific Railroad, beginning at Sacramento, and building east, until the two roads shall meet. Less than two hundred and fifty miles remain to be built. The greater part of the interval is now graded, and it is reasonably expected that the through connection between San Francisco and New York will be completed by July 1.

As the amount of Government aid given to each is dependent upon the length of road each shall built, both companies are prompted to great efforts to secure the construction and control of what, when completed, will be one and the only grand Railroad Line connecting the Atlantic and Pacific coasts.

One Hundred and Ten Million Dollars in money have already been expended by the two powerful companies engaged in this great enterprise, and they will speedily complete the portion yet to be built. When the United States Government found it necessary to secure the construction of the Pacific Railroad, to develop and protect its own interest, it gave the companies authorized to build it such ample aid as should render its speedy completion beyond a doubt. The Government aid may be briefly summed up as follows—

1st. The right of way and all necessary timber and stone from public domain.

2d. It makes a donation of 12,800 acres of land to the mile, which, when the road is completed, will amount to twenty-three million acres, and all of it within twenty miles of the railroad.

3d. It loans the companies fifty million dollars, for which it takes a second lien.

The Government has already loaned the Union Pacific Railroad twenty four million and fifty eight thousand dollars, and to the Central Pacific Railroad seventeen million six hundred and forty-eight thousand dollars, amounting in all to forty-one million seven hundred and six thousand dollars.

The companies are permitted to issue their own First Mortgage Bonds to the same amount as they receive from the United States, and no more. The companies have sold to permanent investors about forty million dollars of their First Mortgage Bonds. The companies have already paid in (including net earnings not divided, grants from State of California, and Sacramento city and San Francisco,) upwards of twenty-five million dollars of capital stock.

WHAT IS THERE YET TO BE DONE?

In considering this question it must be remembered that all the remaining iron to finish the road is contracted for, and the largest portion paid for and now delivered on the line of the Union Pacific Railroad and the Central Pacific Railroad, and that the grading is almost finished.

WHAT RESOURCES HAVE THE COMPANIES TO FINISH THE ROAD?

1st. They will receive from the Government as the road progresses about $9,000,000 additional.

2d. They can issue their own First Mortgage Bonds for about $9,000,000 additional.

3d. The companies now hold almost all the land they have up to this time received from the Government; upon the completion of the road they will have received in all 23,000,000 acres, which at $1.50 per acre would be worth $34,500,000.

In addition to the above the net earnings of the roads and additional capital, if necessary, could be called in to finish the road.

WAY BUSINESS—ACTUAL EARNINGS.

No one has ever expressed a doubt that as soon as the road is completed its through business will be abundantly profitable.

Gross earnings of the Union Pacific Railroad Company for *six months*, ending January 1st, 1869, were upwards of	$3,000,000
The earnings of the Central Pacific Railroad, for six months, ending Jan. 1st, 1869, were,	$1,750,000 gold
Expenses, $550,000 gold,	
Interest, 450,000 "	
	$1,000,000 "
Net profit of Central Pacific Railroad, after paying all interest and expenses for six months,	$750,000 gold.

The present gross earnings of the Union and Central Pacific Railroads are $1,200,000 monthly.

HOW LARGE A BUSINESS IS IT SAFE TO PREDICT FOR THE GREAT PACIFIC RAILROAD?

We would give the following facts derived from Shipping Lists, Insurance Companies, Railroads, and general information:

Ships going from the Atlantic around Cape Horn, 100,	80,000 tons,
Steamships connecting at Panama with California and China, 55,	120,000 "
Overland Trains, Stages, Horses, etc.,	30,000 "

Here we have two hundred and thirty thousand tons carried westward, and experience has shown that in the last few yeats the return passengers from California have been nearly as numerous as those going.

HOW MANY PASSENGERS ARE THERE?

We make the following estimate—

110 Steamships (both ways)	70,000 (actual for '68.)	
200 Vessels " "	4,000 estimated	"
Overland, "	100,000 "	"
Number per annum,	174,000	

Present price (averaging half the cost of the steamships,) for both passengers and tonage, gives the following result:

174,000 passengers at $100,	$17,400,000
460,000 tons, rated at $1 per cubic foot,	15,640,000
	$33,040,000

Basing calculations upon the above figures, without allowing for the large increase of business, which can safely be looked for, then estimate the running expenses at one half and we have a net income of $16,520,000; which, after paying the interest on the First Mortgage Bonds and the advances made by the Government, would leave a net annual income of $9,000,000 over and above all expenses and interest.

The First Mortgage Bonds of the Union Pacific Railroad Company and the First Mortgage Bonds of the Central Pacific Railroad Co., are both, principal and interest, payable in gold coin, and run for thirty years, and they cannot be paid before that time without the consent of the holder.

First Mortgage Gold Bonds of the Union Pacific Railroad for sale at par and accrued interest, and the First Mortgage Gold Bonds of Central Pacific Railroad at 103 and accrued interest.

Bitter Cordial.

THIS medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain prompt and speedy remedy for DIARRHŒA DYSENTERY, BOWEL COMPLAINT DYSPEPSIA, LOWNESS OF SPIRITS FAINTINGS, SICK HEADACHE, &c. For CHILLS and FEVERS of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite proves a powerful digester of food, and will counteract the effects of liquor in a few minutes

noted for their attractiveness, will be illustrated from time to time, as also Cemeteries, Parks, and Village Greens.

MARKETS.

A careful report of the Markets in New York, Boston, Philadelphia, Chicago, St. Louis and New Orleans, will be furnished from week to week, giving the Farmer information as to the time when to buy and when to sell.

TO THE FAMILY CIRCLE

it will bring all that can interest the household plain rules for healthy living and domestic management, from the folding of a napkin and the cooking of a good dinner, to the education of children. Mrs. Stowe, Grace Greenwood, and Mrs. Mary E. Dodge, will contribute to each number.

A NEW STORY
